Founded 1856

For God and the Sailor is the
Nation's cry
When dangers assail and the foe
is nigh,
But when foes are dispersed and
matters are righted,
Then God is forgotten, the Sailor
is slighted.

Patrons :

Their Majesties the King and Queen

For the first time since August 1914 THE
MISSIONS TO SEAMEN is obliged to
hoist a signal of distress.

Since the War ended Contributions have fallen
off while Expenses have increased.

FUNDS are most urgently needed to maintain
the "Homes from Home" for

BRITISH SEAMEN

IN 124 PORTS IN EVERY PART OF THE WORLD

Admiral Sir ROBERT LOWRY, K.C.B., after visiting the great Com-
mercial Ports in England and Ireland, said: "The work which The
Missions to Seamen is doing exceeds the work of all the other
Societies put together."

There is abundant evidence that the SAILORS
appreciate the work of the Society.

Please send a Gift to prove they are not forgotten !

Dr JAMES HASTINGS'

## ENCYCLOPÆDIA OF RELIGION AND ETHICS.

SIR W. ROBERTSON NICOLL says:—

"We have received recently two magnificent volumes—the second volume of the 'Dictionary of the Apostolic Church,' concluding the work, and the tenth volume of the 'Encyclopædia of Religion and Ethics,' dealing with subjects PICTS—SACRAMENTS. Both are beautifully produced, and, all things considered, the price is exceedingly moderate—25s. net for the first, and 32s. net for the second... We cannot praise too highly the unperturbed courage with which Dr Hastings has pursued his mighty task. The ability and the knowledge which have gone to the making of these Dictionaries are astonishing... It is pleasant to think that amid the real hardships and privations which so many ministers and students have been passing through, these Dictionaries are bought and read. They will be bought and read for many a year."

Messrs Clark hope to publish Vol. XI (the last but one) containing Articles SACRIFICE to SUDRA in November. The price per Vol., in cloth is at present 35s. net.

# CAMBRIDGE UNIVERSITY MISSION TO DELHI

In connexion with S.P.G.

---

Chairman of Cambridge Committee :  
The Rev. Professor STANTON, D.D.

General Secretary: Miss COLT, C.M.D. Office, Church House,  
Westminster, S.W. 1.

---

The Cambridge Mission to Delhi is an effort on the part of members of that University to present the Christian Faith as the true Wisdom to the ancient capital of the Indian Empire. As befitted a Mission proceeding from a University, it aimed first at education. And that work has remained its first care. S. Stephen's College and S. Stephen's High School have not only an honourable past, but an even greater future, now that Delhi is the capital once more.

Since 1877 the Mission has carried to the people of Delhi the traditions of service and knowledge which Cambridge men have learnt to associate with their Alma Mater. But though this work has been carried on for 43 years by Cambridge men, it is not nearly so well known among men of the University as it should be.

May we ask you to consider if, when critical times open out new and uncharted opportunities, you can take your part in the great responsibility which our University has without noise or advertisement borne for so long?

Last year our income amounted to £3,500. If the work is to be carried on effectively, we must double this amount. If we are to rise to our opportunity and allow for development we must send £3 where we sent £1 before.

Contributions may be sent to the Treasurers (the Rev. R. ST JOHN PARRY, D.D., and the Rev. C. E. F. STAFFORD, at the C.M.D. Office, Church House, Westminster, S.W. 1); or they may be paid to the CAMBRIDGE MISSION TO DELHI Account, with Messrs BARCLAY & Co., Mortlock's Bank, Cambridge.

Copies of papers connected with the Cambridge Brotherhood and with the general work of the Mission, as well as the quarterly Magazine, "Delhi" (price 2s. a year), can be obtained from the General Secretary, as above.

It was over 25 years ago that I caused samples to be taken of all wines advertised for Eucharistic purposes. Some were found to have much added alcohol, and other extraneous matter. Messrs Ford & Son's "Oedens" proved the best on analysis. I have since then used no other, and have never found any difference.

# CHARITY ORGANISATION SOCIETY

*Patron*:—HER MAJESTY THE QUEEN.

*Chairman*:—THE RIGHT HON. THE LORD CHARNWOOD.

**OBJECT:** To Organise Charitable Effort and to Improve the Condition of the Poor.

## I.—ON THE PART OF THE COUNCIL OF THE SOCIETY.

1. By propagating sound principles and views in regard to the administration of charity.
2. By promoting the co-operation of charitable institutions for the furtherance of their common work.
3. By convening Special Committees to inquire into and report on comparatively technical questions connected with the administration of charity, such as the education of the blind, the legal provision for the afflicted, convalescent homes, artisans' dwellings, &c.
4. By making inquiries for persons legitimately interested, and collecting information regarding the utility, objects, and mode of working of charitable institutions.
5. By investigating on behalf of persons legitimately interested, and reporting on the appeals of begging-letter writers, whose operations are of a metropolitan or general, rather than of a local character.
6. By supplementing the resources of the District Committees of the Society; by the personal assistance of officers appointed and paid, in all or part, by the Council; by grants for general purposes, and, when necessary, for relief, and by obtaining adequate help in cases of difficulty.

## II.—ON THE PART OF DISTRICT COMMITTEES.

1. By careful inquiry regarding all applicants for assistance (whether they be referred to the District Officers or apply of their own accord), in order to ascertain how and by whom they should be helped, and to test the truth of their statements.
2. By applying to each case susceptible of permanent benefit, and suitable for assistance by charity rather than by the Poor Law, such remedies as are likely to make the applicant self-dependent.
3. By obtaining the various kinds of help required from those interested in the applicants, from their relatives, from charitable institutions, and from private persons; by assisting by loans, or, when necessary, by grants.
4. By sending (gratuitously) to legitimate inquirers, whether charitable agencies or private persons, reports on cases of distress.
5. By bringing into co-operation with each other, and with the Poor Law authorities, the various charitable agencies and individuals in the District, and by making the District Committees representative of local charities and a centre of reference for all interested in charitable work.
6. By repressing local mendicity by means of investigation tickets and otherwise.

Papers containing further particulars can be had on application.

### *Election of the Vice-Chancellor and Proctors*

The Statutes require that the Vice-Chancellor shall be elected yearly some time before he enters upon his office, but the day of election and the day of entering upon office in every year is prescribed by Grace from time to time as the University may find expedient.

The Regulations at present in force are as follows :

1. That the Vice-Chancellor be elected on the first day of June or if that day be a Sunday or a Monday on the third day of June.

2. That, on the day of the election of Vice-Chancellor, votes be received from 1 till 3 P.M.: provided that, if ten minutes have elapsed without any vote having been tendered, it shall be lawful for the Proctors to declare the Poll closed before 3 P.M. After the close of the Poll the Senior Proctor shall declare the result of the election.

3. That the Vice-Chancellor enter upon office on the first day of the Michaelmas Term in each year or if that day be a Sunday on the day preceding.

4. That a Congregation be held at 9.30 A.M. on the day appointed for the Vice-Chancellor entering upon office, at which the outgoing Vice-Chancellor shall deliver the keys and other insignia of his office to the Proctors, and, after the Vice-Chancellor elect has made the declaration prescribed in the Statute for the admission of the Chancellor or any other officer to his office, the Senior Proctor shall forthwith admit the Vice-Chancellor elect to the office of Vice-Chancellor, and shall deliver to him the insignia of the office.

The Proctors are nominated by the Colleges in turn, two for every year, according to the cycle prescribed in the Statutes. This cycle is printed in the *Historical Register*, p. 34.

The persons nominated must be members of the Senate who at the time of nomination have completed three years at least from their creation, and are certified before the end of the Easter Term to have resided in the University during the last two years for the greater part of each of three terms at least<sup>1</sup>.

The Proctors retire from office on the first day of the Michaelmas Term in every year at ten o'clock in the morning, and their successors are forthwith elected by the Senate in the manner prescribed by the Statutes.

If the nomination of a Proctor becomes void for sufficient cause before the day of election the College is allowed to make a

second nomination ; but if the office becomes vacant after election, the nomination of a successor falls to Trinity Hall.

At the last Congregation in May in every year the Senate elects two Pro-Proctors, who are nominated by the Colleges according to the cycle of Proctors : each College having the right of nominating a Pro-Proctor the year next before that in which it has the right of nominating a Proctor.

Such nominations must be submitted in writing to the Vice-Chancellor not later than May 15 in every year.

The Additional Pro-Proctors must be Masters of Arts or of Law of not less than three years' standing. They are appointed by Grace of the Senate in the month of October in each year on the nomination of the Vice-Chancellor and Proctors to hold office until the appointment of their successors.

## NAVAL HISTORY (VERE HARMSWORTH)

[The Vere Harmsworth Professorship of Naval History was established by Grace of 16 May 1919, from a Benefaction of £20,000 offered to the University for that purpose by Lord Rothermere, in order to commemorate his second son, who was a midshipman in the Royal Navy, but was retired on account of gun deafness and was to have come into residence at Trinity College in the Michaelmas Term 1914. He was in the Antwerp Expedition, and was amongst the officers and men of the Naval Division interned in Holland; he escaped and resumed his duties with the Division. He went through the Gallipoli campaign and served some months in France with the Hawke Battalion and was killed on 13 November 1916 at the battle of the Ancre, just after his 21st birthday.

The first appointment to the Professorship was made by Lord Rothermere, subsequent elections being governed by Statute B, Chapter IX. The residence and duties of the Professor are governed by Statute B, Chapter XI; and the Special Board to which he is assigned is the Special Board for History and Archaeology. It is the duty of the Professor to deliver courses of lectures on Naval History, to apply himself, by research and otherwise, to the advancement of knowledge in this subject, and to promote the study of Naval History in the University.

*Arrangement of Seats at University Services*

The following recommendations with regard to the arrangement of the seats at the University services were adopted in 1867 :

(1) That the seats on the south side of the Chancel be reserved for Noblemen and Heads of Colleges and those on the north for Doctors, Professors, and University Officers.

(2) That the first and second seats on the south side of the Nave be also appropriated to Doctors, Professors, and University Officers, and the remainder be appropriated to other members of the University; a sufficient number of seats, beginning from the east, being reserved for members of the Senate, and the remainder for Bachelors and Undergraduates.

(3) That the seats in the south Aisle of the University Church be reserved for the Ladies of the Heads of Colleges, for the Ladies of Doctors, Professors, and Officers of the University, and for the Ladies of Members of the Senate.

(4) That the seats in the Galleries be reserved for Bachelors and Undergraduates.

Subject to the foregoing Regulations, the further arrangement of the seats at the University Services is entrusted to the Vice-Chancellor. Approach to the South Aisle is by the south-west entrance (new porch) and the approach to the remainder of the University seats by the west entrance; the north door being thus left for entrance to the North Aisle.

LITANY ON ASH WEDNESDAY [*Hist. Reg.* p. 188]

The Litany is said in the University Church on Ash Wednesday by the Vice-Chancellor and the Senior Proctor. Doctors in Divinity wear copes.

## *Recognised Lecturers*

Lecturers who are not University Lecturers in the technical sense may nevertheless be 'recognised' under the following Regulations by a Special Board of Studies.

1. Each Special Board of Studies shall be authorised to recognise any College Lecturer or graduate of the University who proposes to give lectures open to the whole University, as a proper person to lecture in some department of study which falls within the province of the Board. Application for recognition shall be made in writing and shall be accompanied by a statement of the subjects on which the applicant proposes to lecture. The Special Board may require any evidence of competence which they think fit. If the recognition be given, the lectures of the person so recognised shall be included in the scheme to be framed by the Special Board under Stat. B. chap. v., par. 6, and submitted to the General Board. They shall be distinguished in that scheme by some special mark.

2. The recognition shall continue in force for five years unless withdrawn by the Special Board, provided that the lecturer deliver with the approval of the Board in each academical year, or in each period of two years, if a Special Board shall so determine, at least one course of lectures open to all members of the University either freely or on payment of a fee approved by the General Board of Studies. If this condition be not fulfilled, the recognition shall become void, but may be given again on a fresh application. At the end of any period of five years recognition may be again applied for and granted.

Provided that every Lecturer who at the date of the passing of the present regulations is recognised by a Special Board shall be entitled to such recognition unless and until it is withdrawn by the Special Board; on condition that he deliver with the approval of the Board in each academical year one course of lectures open to all members of the University either freely or on payment of a fee approved by the General Board of Studies.

3. Each Special Board shall be authorized to include in the scheme of lectures, but without thereby giving recognition to the lecturer, lectures open to the whole University which any College lecturer or graduate of the University may propose to deliver on some subject which falls within the province of the Board, if it appear to the Board that lectures on such subject are likely to be useful.

4. Each Special Board shall invite to a conference once a year, or oftener if the Board think it desirable, the University Teachers, the

lecturers recognised under (1), and, if they think fit, the lecturers whose lectures have in the previous academical year been included under (3) in the scheme of lectures framed by the Board, for the purpose of arranging a plan of combined action in teaching and of considering and framing the scheme of lectures prescribed in Stat. B, chap. v., par. 6.

5. The General Board shall be empowered to recognise as lecturers in any department of University Studies (on the recommendation of the Special Board connected with that department) persons who are not graduates of the University on the same terms on which graduates of the University may be recognised by the several Boards of Studies.

6. The General Board of Studies is authorised to sanction the announcement of lectures by Professors and Readers in subjects which do not come within the scope of any Special Board of Studies.

# Admission to the University

## MATRICULATION

A student who desires to keep terms in the University is required to appear for formal enrolment on the Register of the University; and no student can count any Term before that in which he has thus matriculated unless he has satisfied the Council of the Senate that his matriculation has been deferred for grave and sufficient cause.

In the Michaelmas Term, the two days following (or, if either of these days be a Sunday, the Monday and Tuesday following) the last day of the first quarter of the Term, and, in the Lent and Easter Terms, the day following (or if that day be a Sunday, the Monday following) the last day of the first quarter of the Term, are appointed as days of General Matriculation. The Vice-Chancellor is empowered to allow persons for special reasons to matriculate on some other day; but, with the exception of Research Students and members of other Universities admitted by Incorporation, every person who matriculates on any other day than a day of General Matriculation is required to pay an extra fee of ten shillings and sixpence.

## INCORPORATION

Students *in statu pupillari* who have resided at the Universities of Oxford or Dublin may be allowed terms corresponding to those which they have so kept; and graduates of those Universities may be admitted by incorporation to the same Degree or Degrees as those which have there been conferred upon them, under the following conditions:

That students *in statu pupillari* who, before their admission as members of the University, have kept terms by *bonâ fide* residence at the University of Oxford or at the University of Dublin be allowed Terms corresponding to those which they have so kept, provided

- (1) That for each Term allowed they produce a certificate satisfactory to the Council of the Senate that the corresponding Term or Terms have been duly kept according to the Regulations in force at the University from which they have migrated.

- (2) That the aggregate number of the days during which they have resided at that University in the Terms corresponding to those allowed be not less than the aggregate number of the days during which they would have been required to reside in this University in

order to keep by residence the Terms allowed: provided that, if the aggregate be less, the deficiency may be supplied by counting days during which they have resided in some other Term which they have kept wholly or in part by residence at the University from which they have migrated.

The standing of a student *in statu pupillari* who is allowed Terms corresponding to those which he has kept at Oxford or Dublin shall be reckoned from the first of the Terms which he has so kept.

With reference to the conditions under which Graduates of other Universities shall be admitted by incorporation to the same Degrees as those which their own Universities have conferred upon them, the Council recommend:

That a Graduate either of the University of Oxford or of the University of Dublin be admitted by incorporation to the same Degree or Degrees as those which his own University had conferred upon him, if such admission be approved by a special Grace of which three days' notice shall have been given and such Graduate have previously

(1) satisfied the Council of the Senate that he had qualified himself for his Degree or Degrees not only by having passed the examinations and performed the exercises required, but by having kept his Terms by residence in his own University:

(2) satisfied the Council that there are adequate reasons for granting his request, and obtained the Council's permission to incorporate:

(3) resided during the greater part of one Term at the least at Cambridge, such residence to be certified under the hand and seal of the Master of his College, or of the Chairman of the Unattached Students Board, or in default thereof be holding some office either in the University or in one of the Colleges:

(4) become a matriculated member of the University.

The standing of a Graduate admitted to a Degree by Incorporation from the University of Oxford or the University of Dublin shall be reckoned from the date at which he was admitted to the corresponding Degree in his own University.

For fees payable on Incorporation see p. 170.

## READMISSION

A student who has ceased to be a member of the University can resume membership by replacing his name on the Boards of the College or Hostel to which he belonged. The conditions of readmission vary at different Colleges.

A Master of Arts who desires to replace his name on the Register of Members of the Senate usually does so by replacing his name on his College Boards, but he can also do so by communicating direct with the Registrary. In either case unless he compounds (see p. 375) he has to pay to the University arrears of dues at 4s. 3d. a quarter in respect of each quarter since his name was removed; provided always that if these dues exceed £5 altogether, the sum of £5 is accepted by the University in lieu thereof.

For the new Regulations affecting students admitted after the end of the Lent Term, 1915, see p. 171.

[NOTE. *In Leap Years the number of days in the Lent Term will be one more than the number given by the above table.*]

<sup>1</sup> A new Statute affecting Terms was approved by the King in Council, June 22, 1919, rescinding Statute A, Chapter I, Paragraph 1, and substituting the following Paragraph :

There shall be three terms in the year, called respectively the Michaelmas Term, the Lent Term, and the Easter Term. The University shall have power to determine by Grace the days on which each term shall begin and end, provided that the three terms shall together include two hundred and twenty-seven days at least. If Easter fall within term, the University libraries, laboratories, and museums shall be closed, and lectures shall not be given, on Good Friday.

No action under this Statute has yet been taken by the University.

*Precincts of the University*

The boundaries in and about Cambridge within which terms are to be kept by residence are defined as extending two miles and a half from Great St Mary's Church, measured in a direct line, and are called the Precincts of the University.

## RESIDENCE OF UNDERGRADUATES

Every student, before he can be admitted to a degree, must have completed nine terms residence during three-fourths of each term as a member of a College, or of a Public Hostel, or as a Non-Collegiate Student.

A person *in statu pupillari* keeping terms by residence must reside within the precincts of the University

- (1) In some College or Hostel, or
- (2) In a set of lodgings for which licence has been granted by the Lodging Houses Syndicate, or
- (3) With his parents or parent, or
- (4) In his own, or in his hired house, or with his relatives, or in exceptional cases with persons other than his relatives; provided that in each case the permission of the Lodging Houses Syndicate shall have been obtained on application from the Head of his College or Hostel, or in the case of a Non-Collegiate Student from the Chairman of the Non-Collegiate Students' Board, or
- (5) In the case of a Research Student, under special conditions approved in each case by the Lodging Houses Syndicate, on application from the Head of his College or Hostel, or in the case of a Non-Collegiate Research Student from the Chairman of the Non-Collegiate Students' Board.

Residence is reckoned by days. No person *in statu pupillari* will be considered to have resided during any day unless he shall have resided during some part of such day and of the following night and shall have complied with such other conditions of residence, if any, as may be required by the authorities of his College or Hostel or by the Non-Collegiate Students' Board; provided that a part of the day on which such a person completes his residence for the term may be counted as a day of residence.

For the purpose of this regulation the day shall be held to extend from 6 A.M. to midnight.

Residence must be certified to the University under the hand and seal of the Head of the College or Hostel to which the student belongs, or of the Chairman of the Non-Collegiate Students' Board.

The conditions under which a term may be allowed for illness or other urgent cause are described in Chapter III of the *Student's Handbook*.

Under Statute A. c. xi. the following are deemed to be *in statu pupillari*: Undergraduates, and Bachelors of Music, Law, Arts, and Surgery. Bachelors of Medicine, Inceptors in Arts, Law, and Surgery, and Doctors Designate in Music are not *in statu pupillari*.

## RESIDENCE OF PROFESSORS AND READERS

Under Statute B. c. xi. the University has power to determine from time to time by Grace for every Professorship and Readership the time during which the Professor or Reader shall be bound to reside in the University, care being taken that the Professors and Readers shall as a general rule be resident throughout full term time, provided that in the cases of the Regius Professor of Hebrew and the Ely Professor of Divinity due regard be had to their obligations of residence and other duties as Canons of the Cathedral Church of Ely. This includes the power in exceptional cases to make for particular Professorships a permanent provision that the Professor shall not be bound to reside in the University throughout full term time.

The University also has power to determine from time to time by Grace what is to be held to constitute residence.

The Regulations at present governing the residence of Professors and Readers are as follows :

1. All Professors and Readers who are governed by Statute B shall, except as hereinafter provided, be required to reside during that portion of each term (or in the case of the Regius Professor of Hebrew and the Ely Professor of Divinity during that portion of each of two terms) in each year which is hereinafter described as full term.

2. Full term shall consist of three fourths of the whole term, reckoned from the first day of full term as hereinafter defined.

The first day of full term shall be :—

In the Easter Term; the first Friday after April 17, or if such Friday fall in the Easter vacation then the first Friday in the term.

3. The General Board of Studies may grant to any Professor or Reader leave to substitute for the residence required of him, in any one term or any part of it, residence for an equal time between July 1 and August 31, provided that the General Board of Studies are of opinion that such leave may be granted without prejudice to the interests of the University.

They may also grant occasional leave of absence for a period not exceeding one term on account of illness or other sufficient special cause on such conditions, if any, as they may think fit. Leave of absence may not be extended, except by Grace of the Senate on the recommendation of the General Board of Studies.

4. A Professor, or Reader, shall be regarded as resident in the University when either

(A) he is domiciled within one mile and a half of Great St Mary's Church and is not habitually absent from home more than two nights in the week, or

In the case of the Regius Professor of Hebrew and the Ely Professor of Divinity, their official residences as Canons of Ely shall be considered as places of domicile under the preceding paragraph notwithstanding that they are not situated within five miles of Great St Mary's Church.

5. It shall be the duty of each Professor and Reader to notify to the Chairman of the General Board of Studies before the beginning of each full term,

- (1) If he keeps his residence under clause (A) of Regulation 4, the weeks (if any) during the preceding full term in which he has been absent from home more than two nights;
- (2) If he keeps his residence under clause (B) of Regulation 4,
  - (a) the weeks (if any) during the preceding full term in which he has not spent in Cambridge at least two hours between 8 a.m. and 6 p.m. in each of five days in the week and at least fifteen hours in the week;
  - (b) his arrangements for accessibility during the preceding term.

For the purposes of these returns each week shall be considered to begin on Sunday, and the portions of full term before the first Sunday in full term and after the last Saturday in full term shall each be reckoned as a week.

6. If in any case the General Board of Studies shall be of opinion that the absences so notified have been excessive and without sufficient cause or that the prescribed conditions of residence have otherwise not been adequately fulfilled, they shall signify the same to the Professor or Reader, and in case the Professor or Reader shall continue to be in the opinion of the Board negligent as to his residence it shall be their duty to report the facts to the Vice-Chancellor and *Sex Viri*.

## ADDENBROOKE'S HOSPITAL

The Hospital was opened in 1766, having been founded by John Addenbrooke, M.D., formerly a Fellow of Catharine Hall. It was almost rebuilt in 1864, and a further enlargement has just been completed.

In consideration of a contribution of £300 a year to the funds of the Hospital, the University has the right of claiming appointments on the staff for the Regius Professor of Physic and the Professor of Surgery, with facilities for lecturing. The Hospital also provides proper facilities for conducting the University Examinations in Clinical Medicine and Clinical Surgery.

Further contributions to the Hospital are also made from the annual grant from the Board of Education under the following Regulations :

1. That in addition to the yearly sum of £300 per annum paid to the Treasurer of Addenbrooke's Hospital out of the University Chest, there be paid a sum of £50 a year out of the annual grant from the Board of Education.

2. That a further sum of £100 per annum, payable out of the annual grant from the Board of Education, be paid to the Treasurer of the Hospital. This £100 shall be expended only on the recommendation of the Honorary Medical and Surgical Staff and on the purchase of apparatus required by them for special methods of treatment or in the teaching of students.

3. That the following members of the present Honorary Staff of Addenbrooke's Hospital (Mr Deighton, Dr Griffiths, Dr Lloyd Jones, Dr Aldren Wright, and Mr Cooke) be approved as University Teachers [see p. 85]: that they hold office so long as they continue to be members of the Honorary Staff of the Hospital, and that each receive a stipend of £50 a year from the University, payable out of the annual grant from the Board of Education.

4. That on the nomination of the Professor of Pathology and with the approval of the Honorary Staff a Pathologist to Addenbrooke's Hospital be appointed annually by the General Committee of the Hospital and that he receive, as a Teacher, a stipend of £50 per annum from the University, payable out of the annual grant from the Board of Education [see p. 85].

5. That the Special Board for Medicine, acting through the Regius Professor of Physic, the Downing Professor of Medicine, and the Profes-

sors of Surgery and Pathology, together with two members representing, and elected by, the staff of Addenbrooke's Hospital, be responsible for arranging the Clinical, Therapeutical, and Pathological teaching of students working in the Hospital.

6. That the fees payable by students in respect of clinical and other teaching at Addenbrooke's Hospital, hitherto paid to the Secretary of the Hospital Staff, be applied towards defraying the expenditure sanctioned by Regulations 1—4 preceding.

7. That nothing in any agreement arrived at in connection with these regulations be construed as affecting the right of the Governors to direct and control the whole administrative work of Addenbrooke's Hospital.

8. That these regulations and payments be conditional upon the receipt of an annual grant from the Board of Education.

Certificates of attendance on the practice of the Hospital are recognised by the University, by the Royal Colleges of Physicians and Surgeons, and by the other licensing medical bodies.

[It is proposed to establish at Cambridge a Low Temperature Station for research in Biochemistry and Biophysics, the expenses of which will be met by a Parliamentary vote. An offer from the Committee of Council for Scientific and Industrial Research, in the following terms, was accepted by Grace of 19 June 1920:

1. That a Station for fundamental scientific research in Biochemistry and Biophysics at low temperatures be founded at Cambridge.

2. That the University be asked to provide a site for the proposed Station on the Downing College ground where it would be conveniently placed for co-operation with the biological laboratories of the University.

3. That the Department of Scientific and Industrial Research provide a sum for the building and equipment of the Station, this sum to be conveyed in Trust to the University so that it may erect and equip the building in consultation with the Department.

It was considered that this course would be acceptable to the University Authorities since it would give them the utmost freedom as to the choice of architect and as to the decision as to the type of building which would be most in harmony with the surroundings.

4. That the Trust include a clause limiting the use of the building to scientific research.

5. That the maintenance expenses of the Station be borne upon the annual parliamentary vote of the Department of Scientific and Industrial Research.

6. That the management of the Station be vested in a Committee of the Senate all the members of which shall not necessarily be members of the Senate and some of which shall be appointed on the nomination of the Department of Scientific and Industrial Research.

The Committee of Management so constituted would be accepted by the Department as a Committee of the Department attached to the Board referred to in the opening paragraph of this letter.

7. That the appointment and dismissal of the staff of the Station and their scales of salaries shall rest with this Committee subject to the approval of the Department.

The Director of the Station shall be appointed by the Lord President after consideration of a report by the Committee.

8. That it shall be the duty of the Committee to submit to the Department each year an estimate of the expenses of the Station for the ensuing year with the programme of work proposed for the year.

The Government will also provide a sum of £22,000 for the building and £8000 for its equipment. A site on the eastern side of the ground purchased from Downing College, between the Schools of Physiology and Forestry was assigned by the University for this purpose by Grace of 22 June 1920.]

[A grant of £65,000 from the residuary estate of the late Sir William Dunn, for the establishment of a School of Biochemistry was accepted by the University by Grace of 22 June 1920. ### BOTANY SCHOOL AND BOTANIC GARDEN

The Botany School was opened by King Edward VII on March 1, 1904.

The Herbarium was first founded by John Martyn, Professor of Botany 1733-61. The Curator is appointed by the Professor of Botany, with the consent of the Vice-Chancellor, for a limited period, not exceeding five years, to be fixed by the Professor on making the appointment. The duties of the Curator are to assist the Professor in arranging and keeping in order the Herbarium, and to assist persons using it for the purpose of study. He is required to attend in the Herbarium during such time both in term and in vacation (being not less however than three hours daily during term) as the Professor may direct. The stipend attached to the office is £100 a year.

[The Professor of Botany received in 1920 from the Executors of the late Edward Shearburn Marshall about 23,000 sheets of British plants contained in dust-proof oak cases. Mr Marshall was a Scholar of Brasenose College and took the B.A. degree in 1881: he was Rector of West Monkton, near Taunton until last Michaelmas. Mr Marshall was one of a band of Systematic Botanists chosen by Mr C. E. Moss to contribute to the Cambridge British Flora: he was widely known as a particularly keen and able Field Botanist and was "unsurpassed as a collector of the critical flowering plants both in point of the number of interesting things he found and the care and industry he showed in selecting and pressing specimens of them." The Cambridge Herbarium probably contains the most complete collection of British plants in the world, and as we have for several years specialised in the flora of this country the acquisition of the Marshall herbarium is an event of considerable importance.]

The Curator of the Botanical Museum is appointed in the same manner as the Curator of the Herbarium. His duties are to assist the Professor in arranging and keeping in order the Botanical Museum, and to assist persons using it for purposes of study. He

is required to attend in the Museum during such time both in term and in vacation (not less however than three hours daily during full term) as the Professor may direct.

## ELECTRIC POWER STATION

In addition to their special equipments, all the Scientific Departments and certain other buildings are supplied with direct current electricity from a central power station situated near the Engineering Laboratory. In this station are installed three 50 horse-power motor generators, an automatic reversible

balancing booster, a large battery, and the necessary switch gear. Alternating current at 2000 volts, taken from the town mains, is converted into direct current, which is distributed by means of underground cables at 110 and 220 volts, as may be required for various purposes, such as ventilation, driving machinery, distilling volatile liquids, working arc lamps, and heating crucible and other furnaces. The plant is under the charge of the University Buildings Syndicate (see p. 350).

#### FITZWILLIAM MUSEUM

The Fitzwilliam Museum was commenced 2 November 1837 from the designs of George Basevi, in order to house the collection of pictures, engravings, illuminated MSS., printed books, &c., bequeathed to the University by Richard, Viscount Fitzwilliam, M.A. 1764, formerly of Trinity Hall, who died 5 February 1816. The bequest included £100,000 for the building of a Museum. After the death of Basevi in 1845 the work was continued for two years by C. R. Cockerell, R.A., but it was not finished until 1875, when the entrance hall was completed from the designs of E. M. Barry, R.A. The total cost of the building amounted to about £116,000.

A fuller account of the Museum will be found in the *Historical Register*, but since that date it has received the

<sup>1</sup> See note on p. 105.

greatest benefaction that has come to it since its original foundation. In 1912 Charles Brinsley Marlay, M.A., of Trinity College, who died on June 18 of that year, bequeathed to the Museum a very large and valuable collection of pictures and miscellaneous works of art, together with the sum of £80,000 for the enlargement of the existing building and the cost of the necessary increase of the staff. This collection, to be called the Marlay Collection, cannot be placed on exhibition in its entirety until the new galleries are erected. A site has been assigned for this extension and a general approval given to the plans, although the question of the material to be employed for the exterior of the extension building has not yet been finally settled by the Senate. By Grace of 21 November 1913, the superintendence of the Marlay Collection was added to the duties of the Director of the Museum, who will in future be styled 'Director of the Fitzwilliam Museum and Marlay Curator,' and the stipend of the office was fixed at £850, subject, in case the Director should hold a Fellowship at any College, to a deduction of £200 or such less sum as he shall receive as Fellowship dividend.

By Grace of 15 February 1912, the appointment of the Director is by a Board of Electors, consisting of the members of the Fitzwilliam Museum Syndicate, with the addition of the Disney Professor of Archaeology, the Slade Professor of Fine Art, the Librarian, the Director of the Victoria and Albert Museum, the Keeper of the Ashmolean Museum in the University of Oxford, and the Keeper of the Prints in the British Museum; provided that if any one of the above-named Electors be a candidate for the Directorship on any occasion, he shall not be entitled to vote or to have any voice in the election on that occasion; and provided also that if any of the above-named additional Electors be a member of the Syndicate he shall have no more than one vote in the election.

## SOLAR PHYSICS OBSERVATORY

By Grace of 7 December 1911, the University accepted the charge of the Solar Physics Observatory, formerly at South Kensington, and buildings for this purpose were erected close to the older Observatory from the plans of Mr T. D. Atkinson. By Grace of 25 April 1913 the work of the Astrophysical Department was combined with that of the Solar Physics Observatory and both are now carried on under the direction of the Professor of Astrophysics.

### UNIVERSITY LIBRARY

The buildings which now contain the University Library at one time included all the rooms required for the public life of the University; and it is only within recent memory that the gradual process of their absorption by the Library has been completed. The earliest portion of the site was given to the University shortly before 1278 by Nigel de Thornton, Doctor of Medicine, and the foundation of the north side of the quadrangle is said to have been laid before 1347. The Library now contains more than 900,000 volumes, including over 10,000 manuscripts, as well as upwards of 100,000 maps. There are about 3000 books printed in the fifteenth century, and upwards of 8500 printed in England before 1640. The Bradshaw Irish Collection contains over 8000, the Adams Collection (chiefly early mathematical and scientific) about 1500, the Venn collection (Logic) over 1000, the Sandars Bequest (choice liturgical and other manuscripts and early printed books) 1370.

The historical library of the late Lord Acton, containing some 59,000 volumes, was presented by Viscount Morley in 1902.

There is a large special collection of books relating to the town and the University of Cambridge.

There are a large number of Oriental manuscripts, Arabic, Persian, Turkish, Hebrew, Syriac, Sanskrit, Malay, etc.

The Chinese Room contains the library presented by Sir Thomas Francis Wade in 1886, together with many valuable additions made in recent years. A Japanese collection has lately been begun, by the purchase of the books of the late W. G. Aston, and by considerable gifts from Sir E. M. Satow.

Under the Copyright Act the University is entitled on demand to a copy of every book published in the United Kingdom, and

large numbers of foreign books, especially periodical publications, are acquired by purchase.

The general arrangement of the University Library can be studied in a table of classes, copies of which, together with plans of the rooms, are hung up in every room, or more fully, in 'Notes for Readers' sold at the door (price 2*d.*). The catalogues accessible to the student are as follows :—

1. The General Catalogue of Printed Books.
2. The Old Catalogue (for such books printed before 1854 as are not yet re-catalogued).
3. Catalogue of Music.

And the following published catalogues :

2. That the Craven Scholarships be of the annual value of £80.
3. That the value of the Waddington Scholarship be the income of the fund subject to the payment thereof of necessary expenses if any.

4. That the Scholarships of the second group be henceforth of a uniform annual value of not less than £40 or more than £50, that the value be fixed from time to time by Grace of the Senate, and that in the first instance it be £40.

5. 9. That as far as possible two Scholarships of the second group be declared vacant in each year, but that the Examiners shall have power to award only one such Scholarship, or not to award any such Scholarship, if they shall be of opinion that there are not candidates of sufficient merit.

The payment by Sizars varies but is generally £10.

The Caution Money remains in the hands of the College, and is returned or accounted for when a person takes his name off the boards. Noblemen and Fellow-Commoners usually make a present of plate to the College.

In addition to the Caution Money, every student on admission, or on coming into residence, makes a payment differing at different Colleges.

In each College a quarterly or terminal payment is made by each member of it, according to his degree and condition, on a scale which differs in the several Colleges. This payment includes the contributions to the University (see p. 171). These payments can usually be compounded for in the Colleges.

The terminal payments for tuition of persons in *statu pupillari* in most Colleges are the following:

|                      |     |   |       |                        |             |       |
|----------------------|-----|---|-------|------------------------|-------------|-------|
| Nobleman .....       | £13 | 6 | 8     | Bachelor               | Fellow-Com- |       |

such payments being made only during residence. No payment for tuition is required from non-resident Bachelors or Under-graduates.

No Caution Money is required from Non-Collegiate Students at Fitzwilliam Hall<sup>1</sup>, but fees to the University and to the Non-Collegiate Students Board are paid in advance.

<sup>1</sup> At some Colleges arrangements may be made for a fixed terminal payment in advance, and in these cases Caution Money is not required. For particulars see the *Student's Handbook*.

The fees for the incorporation of a Graduate from Oxford or Dublin are the fee for matriculation, and that for the degree to which the candidate is admitted.

Under certain conditions, candidates for the B.A. degree who have already passed (a) the Examination for the Diploma in Agriculture, or (b) Part I. of the Examination for the Diploma in Geography, are, on payment to the Registry of an additional fee of £2, regarded as having passed (a) the Special Examination in Agriculture, or (b) the Special Examination in Geography, as the case may be.

*Act for M.D.* Every candidate on making his application to keep his Act pays a fee of £4. 4s. In case of acceptance this sum forms part of the University fee for the Degree.

*B.D. and D.D.* For the fees paid by candidates for the Degree of B.D. or D.D. under the New Regulations at the time of applying for the Degree, and forming part of the University fee for the Degree, see pp. 204 and 206 below.

*LL.D., Sc.D., and Litt.D.* A candidate for the Degree of Doctor of Laws, Doctor of Science or Doctor of Letters pays a fee of £10. 10s. when he applies for the Degree. If the application is granted, this sum forms part of the University fee for the Degree.

<sup>1</sup> If a student who has not graduated in Arts proceeds to the Degrees of M.B. and B.Ch. on the same day, he pays £14, not £16.

<sup>2</sup> Or, in the case of a student who has already proceeded to a Degree in the University, £4.

<sup>3</sup> The Council of the Senate is empowered to remit proxy fees in the case of candidates for Degrees who are prevented from coming to Cambridge by reason of the War (see p. 432).

## UNIVERSITY CAPITATION TAX

*Old Regulations*

Members of the University at present in residence are required to pay a Capitation Tax to the University in accordance with the following Regulation<sup>1</sup>:—

That every member of the University who is matriculated after the end of the Lent Term 1894 be required to make a quarterly payment to the University Chest on the usual quarter-days in respect of each quarter during which or any portion of which his name is on the Boards of a College or Hostel or on the list of Non-Collegiate Students: that in respect of the quarter in which he is matriculated and in respect of each succeeding quarter up to and including the quarter in which he is admitted to his first Degree the payment be ten shillings (in lieu of the payment of four shillings and threepence prescribed by Grace of 31 May 1866), and in respect of all other quarters the payment be four shillings and threepence.

Provided that a person whose name has been entered on the Boards of a College or Hostel, or on the list of Non-Collegiate Students, be exempt from the payment of the University Capitation Tax in respect of any quarter previous to that in which he is matriculated or commences residence.

*New Regulations*

For members of the University who matriculate after the end of the Lent Term, 1915, the Capitation Tax will be increased and the Degree fees correspondingly reduced, in accordance with the following Regulations, adopted by Grace of the Senate, 22 May 1914:—

That every member of the University who matriculates after the end of the Lent Term 1915 be required to make on the last day of each term the following payments to the University Chest in respect of each of the terms hereinafter mentioned during which or any portion of which his name is on the Boards of a College or Hostel or on the list of Non-Collegiate Students, (that is to say)

(a) in respect of the term in which he matriculates and of each succeeding term up to and including the term in which he is admitted to his first Degree, a payment of thirty-five shillings if he shall have resided in that term for not less than twenty-one days or been allowed to count the term as kept by residence, or a payment of ten shillings if he shall not have so resided or been allowed to count the term as kept by residence;

(b) in respect of each subsequent term up to and including the ninth term after the end of the term in which he is admitted to his first Degree, a payment of ten shillings if he shall have resided in that term for not less than twenty-one days:

but that save as aforesaid he be not required to pay any Capitation Tax to the University.

Provided always that no Capitation Tax shall be required from any person who in the same term in which he matriculates is admitted to a complete Degree, *honoris causa*, under Statute A, Chapter II, Section 18.

Matriculated Naval Officers who do not reside in Cambridge for a period exceeding six months are not required to pay Capitation Tax.

---

<sup>1</sup> But see p. 430 for the special provision for the suspension of Capitation Tax in the case of undergraduates absent on military service.

# Plan of Examinations<sup>1</sup>

\* \* The substance of the Regulations for all these Examinations will be found in Chapters x, xi, and xii of the *Student's Handbook*. The following sections give only a brief summary, which although correct as far as it goes, might be misleading if it were relied upon by intending candidates.

## THE PREVIOUS EXAMINATION

The Degree of Bachelor of Arts is obtained by passing certain University Examinations. These are of two kinds—Triposes (Examinations for Honours), and Examinations for the Ordinary Degree (Pass Examinations). The difference between these two alternative courses is explained in the sections that follow, but they are both approached by a single avenue—the Previous Examination, which every candidate for the B.A. Degree has to pass. It is possible to pass the Previous Examination, or to obtain exemption from it, before commencing residence at the University, and it is very desirable that candidates for a Tripos should do this, in order to set free the whole of their three years of residence for more important work.

The Previous Examination is held four times in each academical year, in October, December, March, and June. Notice of the subjects of examination for each civil year is issued before the end of the Michaelmas Term of the civil year next but one preceding, the subjects of the four Examinations in each civil year being the same.

The Previous Examination is open to three classes of candidates: (1) matriculated students in their first or any later term of residence; (2) students who have been already admitted as members of a College or Hostel or as Non-Collegiate Students, but who have not yet commenced residence or been matriculated; (3) students who, though not yet admitted to a College or Hostel or as Non-Collegiate Students, are certified by the Tutor of a College or Hostel or by the Censor of the Non-Collegiate Students to be *bonâ fide* applicants for admission.

Candidates may present themselves for any or all the Parts at any Previous Examination, but they are not considered to have passed the Examination till they have passed all Parts of it. The Examination is conducted entirely by means of printed papers; there is now no *viva voce* examination.

<sup>1</sup> For the conditions under which Examinations may be allowed to students who have been on service connected with the War, see p. 426 below.

Under the New Regulations the names of the students approved are placed in alphabetical order in separate lists, one for each Part of the Examination.

### *New Regulations*

Part I of the Previous Examination consists of twelve papers:—(1) a selected Latin Classic *or* Latin Unseen; (2) Latin Unseen, the use of a dictionary being allowed; (3) a selected Greek Classic *or* Greek Unseen; (4) Greek Unseen, the use of a dictionary being allowed; (5) French Unseen; (6) French Composition *or* French Essay; (7) German Unseen; (8) German Composition *or* German Essay; (9) Italian Unseen; (10) Italian Composition *or* Italian Essay; (11) Spanish Unseen; (12) Spanish Composition *or* Spanish Essay. Candidates are required to take both papers in Latin and *either* (a) both papers in Greek or French or German or Italian or Spanish *or* (b) paper (5) and any one of the papers (4), (7), (9), (11).

Certain alternatives are allowed to natives of Asia or Africa not of European descent.

Part II of the Previous Examination consists of the following three papers:—

- (1) Mathematics A.
- (2) Mathematics B.
- (3) A paper on Experimental Physics and Chemistry.

Each of the mathematical papers will contain questions on Arithmetic, Algebra, and Geometry within the limits of the schedules for those subjects. The questions in paper A will be of a more elementary character than those in paper B. In paper (3) a candidate will be able to satisfy the Examiners by answering questions in Physics only or in Chemistry only or in both Physics and Chemistry.

In Part II a candidate will be required to take paper (1) and either paper (2) or paper (3). In order to pass in Part II a candidate will be required to obtain a certain minimum aggregate of marks on the papers taken, provided that no marks below a certain minimum in any paper be counted.

Part III of the Previous Examination consists of three papers:—(1) English Essay and Précis; (2) a Synoptic Gospel or the Acts of the Apostles in English; (3) Outlines of English History from 1066 to the end of the 19th century; this paper will contain a large number of questions, so that it will not be necessary for a candidate to study the Outlines of the whole period. Candidates are required to take paper (1) and *either* paper (2) *or* paper (3).

Under certain conditions, exemption from the Previous Examination can be obtained by means of Certificates which may be classified as follows:—(1) *Cambridge Certificates*, which include (a) Higher Certificates and (b) School Certificates granted by the Oxford and Cambridge Joint Board; (c) Senior Local Certifi-

cates, (*d*) Higher School Certificates, and (*e*) Higher Local Certificates granted by the Cambridge Local Examinations Syndicate. (2) *School Certificates*, which include, among others, (*a*) Oxford Senior Local Certificates, and (*b*) School Certificates granted in connexion with the Matriculation Examination of the University of London. (3) *Matriculation Certificates*, granted to students in connexion with Oxford Responsions, with the Matriculation Examination of the University of London, and with the Joint Matriculation Examination of the Universities of Manchester, Liverpool, Leeds, Sheffield, and Birmingham. (4) *Scottish Certificates*, granted in connexion with the Examinations of the Scottish Education Department. (5) *Certificates of Graduation* under certain conditions at the Universities of Aberdeen, Birmingham, Durham, Edinburgh, Glasgow, Leeds, Liverpool, London, Manchester, St Andrews, and Sheffield, and at the University of Wales. (6) *Foreign Certificates*, granted in connexion with Examinations in Austria, France, Germany, Hungary, Russia, Spain, or Switzerland<sup>1</sup>. (7) Students who have satisfied certain conditions which entitle them to the privileges of Affiliation, are also exempt from the Previous Examination.

The privileges of Affiliation are granted, under certain conditions to be ascertained from the *Student's Handbook*, to students from Affiliated Institutions (see p. 409), and also under other conditions, to students of Affiliated Lecture Centres (see p. 410). They are also granted under certain conditions to graduates of approved Universities who are not members of Affiliated Institutions (see p. 410).

## EXAMINATIONS FOR THE ORDINARY B.A. DEGREE

A student who, having passed the Previous Examination, intends to proceed to the Ordinary B.A. Degree, is required to pass *either* (1) two Special Examinations, *or* (2) the Preliminary Examination in Science and a Special Examination, *or* (3) the Examinations in Agriculture, Estate Management, Forestry, and Horticulture for the Ordinary B.A. Degree.

### TWO SPECIAL EXAMINATIONS

A Special Examination is held in each of the following subjects<sup>2</sup>:—(1) Agriculture, (2) Botany†, (3) Chemistry, (4) Classics, (5) Engineering Science, (6) Geography, (7) Geology, (8) History, (9) Law, (10) Logic, (11) Mathematics†, (12) Military Subjects, (13) Modern Languages, (14) Music, (15) Physics, (16) Physiology, (17) Political Economy, (18) Psychology, (19) Theology, (20) Zoology†.

Twelve of the Special Examinations are divided into two Parts, and are held twice a year; two are undivided, and are held once

† For special provisions affecting these Examinations in consequence of the War, see p. 433.

<sup>1</sup> See also the Grace relating to Serbian students, on p. 433 below.

<sup>2</sup> The Examination in Architectural Studies (see p. 262) has also been temporarily established as two Special Examinations,—one in Architectural Construction, and the other in the History of Art.

## EXAMINATIONS FOR THE ORDINARY DEGREE 175

a year in connexion with a Tripos; five are undivided, but are held twice in each year. The Special Examination in Modern Languages is exceptional.

The Regulations relating to the standing of candidates are given in the *Student's Handbook*. All the Special Examinations are open to Bachelors of Arts without restriction of standing.

In the Special Examinations the names of the successful candidates are published in a list containing three classes, the names in the first class being arranged in order of merit, and those in the second and third classes alphabetically: except that in the Special Examinations in Botany, Geology, and Zoology, the names are arranged alphabetically in all three classes.

A candidate for the Ordinary B.A. Degree who has passed one of the Special Examinations may not take as his final Examination for the B.A. Degree a second Special Examination which in the following list is grouped with the Special Examination which he has already passed<sup>1</sup>:

- (i) Theology;
- (ii) Logic, Political Economy
- (iii) Law;
- (iv) History;
- (v) Agriculture, Botany, Chemistry, Geology, Physics, Physiology, Psychology, Zoology;
- (vi) Classics, Modern Languages;
- (vii) Engineering Science, Mathematics;
- (viii) Music;
- (ix) Geography;
- (x) Military Subjects.
- (xi) Engineering Science, Physics.

The Regulations relating to the standing of candidates who take two Special Examinations are complicated by the fact that some Special Examinations are divided and others are not. The substance of the Regulations dealing with each group of cases will be found in the *Student's Handbook*.

### THE PRELIMINARY EXAMINATION IN SCIENCE AND A SPECIAL EXAMINATION

#### § 1. *The Preliminary Examination in Science*

The Preliminary Examination in Science is practically identical with the First Examination for the Degree of Bachelor of Medicine, but the Regulations with regard to the standing of candidates are different. Thus although a student who passes the Preliminary Science Examination is regarded as having passed the First M.B., it is not the case that a student who

<sup>1</sup> Notwithstanding any regulations as to the grouping of subjects, candidates may take the two Special Examinations in Architectural Studies (see p. 174 n.) either separately or together.

passes the First M.B. is regarded as having passed the Preliminary Science Examination<sup>1</sup>.

The Examination is open to all students who have entered on their third term of residence at least, having previously kept two terms, and have passed or obtained exemption from the Previous Examination.

The Examination is held three times in the year, and begins in the Michaelmas Term on the Tuesday or Friday which first happens after October 2 and also on the Monday at or next after the last day of full Michaelmas Term; and in the Easter Term on the Monday next after the second Sunday in June.

The Examination is partly in writing, partly oral, and partly practical, and the subjects of examination are: (1) Chemistry, (2) Physics, and (3) Elementary Biology. The schedules are those of the First M.B. Examination, and the Examination is conducted by means of the same papers. A student is allowed to present himself for examination in all or any of these subjects at the same Examination.

The names of the successful candidates in the several subjects are arranged in alphabetical order.

A student who has passed the Examination in Chemistry or in Physics or in Elementary Biology in the Preliminary Examination in Science, is regarded as having passed the corresponding part of the First M.B. Examination, and is not required to pay an additional fee.

## § 2. *The Special Examination*

Students who pass the Preliminary Examination in Science have still to pass a Special Examination in order to qualify for the Ordinary B.A. Degree. The Regulations under which they can do so are given in the *Student's Handbook*. It is, however, provided that a candidate for the Ordinary B.A. Degree who has passed the Preliminary Examination in Science may not take as his final Examination for the B.A. Degree the Special Examination in Physics or the Special Examination in Chemistry.

### THE EXAMINATIONS IN AGRICULTURE, ESTATE MANAGEMENT, FORESTRY, AND HORTICULTURE

Students of Agriculture, Estate Management, Forestry, and Horticulture may be awarded the Ordinary B.A. Degree after keeping nine terms residence and passing the following Examinations:

<sup>1</sup> The following Grace, passed 3 December 1915, modifies this Regulation for the purposes of the War: "That, subject to the consent of the Council of the Senate, students who have passed any part of the First M.B. Examination not earlier than the Michaelmas Term of 1912, but before the end of the Emergency period, be credited with having passed the corresponding part of the Preliminary Examination in Science."

1. The Previous Examination unless exemption has been obtained.
2. The First Examination in Agriculture, Estate Management, Forestry, and Horticulture for the Ordinary B.A. Degree.
3. The Second Examination in Agriculture, or Estate Management, or Forestry, or Horticulture for the Ordinary B.A. Degree.
4. The Third Examination in Agriculture, or Estate Management, or Forestry, or Horticulture for the Ordinary B.A. Degree.

Before admission to the First Examination candidates must have passed or obtained exemption from the Previous Examination: before admission to the Second Examination candidates must have passed the First Examination: before admission to the Third Examination candidates must have passed the First and Second Examinations.

The first Examination in Agriculture, Estate Management, Forestry, and Horticulture for the Ordinary B.A. Degree will count as a Special Examination [see p. 174 above] in the case of candidates who take it under conditions as to residence required of candidates for Special Examinations.

Candidates who have passed the three Examinations before the end of their eighth term may proceed to the Ordinary B.A. Degree at the end of their ninth term provided they present a certificate that they have diligently pursued a course of study in some subject or subjects other than those in which they have already been examined. The certificate must be signed by the Professor, Reader, or University Lecturer who has been chiefly responsible for directing their course of study. Such a certificate will not be required in the case of a student who passes in his ninth or subsequent term Part II of the Examination for the Diploma in Agriculture under the Old Regulations, or Part I of the Examination for the Diploma in Agriculture under the New Regulations, or the Second or Third Examination in Agriculture etc. in a branch of the subject in which he was not examined before.

The date of the Examinations is determined by the following Regulation:

Each of the three Examinations shall be held twice in each year, namely in the Easter and Michaelmas Terms, beginning (a) in the Easter Term on the Wednesday, or, if the next day be Ascension Day, on the Tuesday next but two before the first day of General Admission in that Term, and (b) on December 5 unless that day be a Sunday, or full Michaelmas Term ends on Monday, December 8, in which cases it shall begin on December 4.

The Examinations are partly in writing and partly oral and practical; and are conducted in accordance with schedules published from time to time jointly by the Board of Agricultural Studies and the Forestry Committee.

The First Examination in Agriculture, Estate Management, Forestry, and Horticulture for the Ordinary B.A. Degree will be the same for all candidates and will include the following sub-

jects:—(1) History of Agriculture and Forestry; (2) Agriculture and Mensuration; (3) Forestry; (4) Chemistry, Physics, and Geology of the Soil; (5) Elementary Botany and Zoology in their relation to Agriculture.

The Second Examination in Agriculture, or Estate Management, or Forestry, or Horticulture for the Ordinary B.A. Degree, will include the following subjects:

(A) For candidates in Agriculture: (1) Agriculture. (2) Agricultural Botany and Zoology. (3) Physiology and Chemistry of foods. (4) Mechanics and Agricultural Engineering. (5) Elements of Veterinary Science.

(B) For candidates in Estate Management: (1) Agriculture. (2) Agricultural Botany and Zoology. (3) Chemistry of foods. (4) Mechanics and Agricultural Engineering. (5) Elements of Veterinary Science. (6) Principles of Forestry.

(C) For candidates in Forestry: (1) Principles of Forestry. (2) Forest Botany. (3) Mechanics and Agricultural Engineering. (4) Forest Engineering.

(D) For candidates in Horticulture: (1) Horticulture. (2) Agriculture. (3) Agricultural Botany. (4) Plant diseases. (5) Agricultural Chemistry.

The Third Examination in Agriculture, or Estate Management, or Forestry, or Horticulture for the Ordinary B.A. Degree shall include the following subjects:

(A) For candidates in Agriculture: (1) Agriculture. (2) Agricultural Law. (3) Agricultural Economics. (4) Plant diseases. (5) Accountancy. (6) Surveying and Building construction.

(B) For candidates in Estate Management: (1) Estate Management and Forestry. (2) Agricultural Law. (3) Agricultural Economics. (4) Accountancy. (5) Surveying. (6) Building construction.

(C) For candidates in Forestry: (1) Forest Entomology. (2) Forest protection. (3) Agricultural Law. (4) Agricultural Economics. (5) Accountancy. (6) Surveying.

(D) For candidates in Horticulture: (1) Horticulture. (2) Agricultural Law. (3) Agricultural Economics. (4) Plant Physiology. (5) Accountancy. (6) Chemistry of Fungicides and Insecticides. (7) Surveying and Building construction.

The Examiners will arrange the names of those who pass in each Part in three classes, the names of those who pass in the first class being arranged in order of merit and those who pass in the second and third classes being arranged alphabetically.

#### NEW SCHEME OF EXAMINATIONS FOR THE ORDINARY B.A. DEGREE

By a Grace of 8 May 1920 a new Scheme was adopted for the Examinations (other than the Previous Examination), leading up to the Ordinary B.A. Degree. These Regulations come into force in the Michaelmas Term, 1921, and the Board of Examinations will shortly issue interim Regulations to provide for the period of transition from the present system of Special Examinations to that of the new Examinations. The scheme is printed in

full in the *Student's Handbook*, but the general character of the new arrangements is indicated in the following extract from the Report of the Syndicate which proposed it:—

1. The subjects prescribed for the Ordinary B.A. Degree shall be divided into principal and subsidiary subjects.

2. A candidate shall be required (a) to qualify in five subjects of which three at least shall be principal subjects, and (b) to select one of these five subjects, whether principal or subsidiary, from each of the Groups I [Language and Literature, History, Law, Moral Sciences, Art], and II [Mathematical and Natural Sciences].

3. The course in a principal subject shall in general extend over three terms.

4. In each of the principal subjects there shall be an examination at the end of the Easter Term, and again, if required, at the beginning of the Michaelmas Term.

5. The examination in a principal subject shall be conducted by Examiners appointed by the Senate on the nomination of the Board of Studies directing the course of study in the subject. The names of candidates who pass the examination in a principal subject shall be arranged by the Examiners in three classes, the names in each class being placed in alphabetical order.

6. An English Essay not necessarily of a special character shall form part of an examination in a principal subject.

7. In estimating the merits of the work done by the candidates, account shall be taken of the use of careful, exact, and grammatical language throughout the examinations.

8. The course in a subsidiary subject shall extend over two terms and include at least fifteen lectures or classes a term.

9. As evidence of having qualified in a subsidiary subject, a student shall submit to the Registrar a certificate signed by the Lecturer or Lecturers that he has diligently attended such lectures and satisfactorily performed such exercises as are required for the course in that subject....

13. A student who has obtained Honours in a Tripos Examination shall be eligible for the Ordinary B.A. Degree on passing in one principal and one subsidiary subject, provided that the principal subject is not included in the Part of a Tripos Examination in which the student obtained Honours and that one subject, either principal or subsidiary, is taken from the Group which does not contain the subjects included in that Part of a Tripos Examination.

14. A student who has passed in or been exempted from the First Examination and passed in the First Part of the Second Examination for the Degree of Bachelor of Medicine shall be considered to have qualified in two principal subjects (Physiology and one other) and in one subsidiary subject in the same Group. He shall be eligible for the Degree of Bachelor of Arts when he has qualified in one more principal subject, such subject being neither Physiology, Physics, nor Principles of Chemistry, and in one subsidiary subject, one of these, either principal or subsidiary, being taken from the other Group.

15. A certificate of diligent study, to be granted on terms to be defined by the Board of Examinations, shall be required from any student who has passed all necessary examinations for the Ordinary B.A. Degree before his ninth term of residence.

## EXAMINATIONS FOR HONOURS

A student who has passed the Previous Examination or who has obtained exemption from the Previous Examination, may be a candidate in a Tripos Examination, provided that he is of the proper academic standing. The Tripos Examinations were founded in the following order: (1) Mathematics, (2) Classics, (3) Moral Sciences, (4) Natural Sciences, (5) Theology, (6) Law, (7) History, (8) Oriental Languages, (9) Medieval and Modern Languages, called, since 1917, the Modern and Medieval Languages Tripos, (10) Mechanical Sciences, (11) Economics, (12) Anthropology, (13) English, and (14) Geography. Of these the Moral Sciences, Natural Sciences, and Theological Triposes are divided into two Parts, but a degree can be obtained by passing the First Part only; the Mathematical, Classical, Law, History, Oriental Languages, Economics, and Geographical Triposes are divided into two Parts, the First of which does not by itself qualify for a degree; the English Tripos is divided into two Sections, both of which must be passed in order to obtain a degree; and the Mechanical Sciences Tripos is undivided and must be passed at one and the same Examination. The Anthropological Tripos is the equivalent of a Second Part only, and a student must obtain Honours in some other Tripos before he can take it. The Modern and Medieval Languages Tripos is a special case. In order to obtain Honours in this Tripos a candidate must pass (a) in two languages in Part I; or (b) in five of the subjects contained in either of the Examinations in Part II; or (c) in a composite examination described as a Section, consisting of one language in Part I, together with three subjects from the group representing the same language in Part II (Literature and History). He may also present himself for examination in two, but not more than two, Sections in the same year. But no candidate is allowed to obtain Honours in any Section, unless he satisfies the Examiners in that portion of the Section which belongs to Part I.

The Tripos Examinations are held once a year, in the Easter Term. In cases where the First Part of a Tripos alone confers a degree the common practice is for students to take the First Part at the end of the third year of residence. Thus a student who comes into residence in October, having passed or obtained exemption from the Previous Examination, has three academical years, including two Long Vacations, in which to prepare for his Tripos. The majority of successful candidates then proceed at once to the B.A. Degree, and leave the University; but a certain number remain in residence for a fourth year as Bachelors of Arts, in order to read either for the Second Part of the same Tripos, or, if they prefer it, for the Second Part of

some other Tripos, for which they are now eligible as having passed an Honours Examination.

In cases where the First Part of a Tripos taken alone does not confer a degree, the common practice is somewhat different. Thus, in the case of the Economics, Law, and History Triposes, the First Part of the Tripos is taken at the end of the second year of residence, and a successful candidate has the option of qualifying himself for a degree by taking either the Second Part of the same Tripos or a Part of some other Tripos at the end of his third or fourth year of residence. In the case of the Classical Tripos, the First Part may be taken at the end of the first year of residence, but is ordinarily taken at the end of the second year. In the case of the Oriental Languages Tripos the First Part, if taken alone, must be taken at the end of the second or third year, but it may be taken with Part II at the end of the third or fourth year, although it does not by itself at any time qualify for a degree.

The Mathematical Tripos, the Modern and Medieval Languages Tripos and the Geographical Tripos are exceptional in this, as in some other respects; the Regulations which govern them will be found in the *Student's Handbook*.

A candidate for Honours should not, unless in very exceptional cases, attempt to read for two Triposes simultaneously; if he desires to cover a wide field of study, it is better first to take the First Part of one Tripos and then the Second Part of another.

Except in the special cases of Part I of the Geographical Tripos, Part I of the Mathematical Tripos, and Part I of the Modern and Medieval Languages Tripos, a student who has failed in a Tripos Examination cannot present himself on another occasion for the same Examination.

Every Tripos Examination, if taken at all, must be taken within a certain limit of time. The Regulations relating to the standing of candidates for each Tripos will be found in the *Student's Handbook*<sup>1</sup>; as also the conditions under which in exceptional circumstances permission may be obtained to 'degrade,'<sup>2</sup> i.e. to postpone a Tripos beyond the limit ordinarily allowed.

The Tripos Examinations are conducted by means of printed papers, except that there is a *viva voce* examination for Part II of the Classical Tripos, and in the science examinations provision may be made for *viva voce* examination in connexion with the practical work. As a general rule the time allowed for each paper is three hours. Notice of the date of commencement of the various Tripos Examinations and the order in which the papers will be set is given beforehand in the *University Reporter*, and is posted on the Screens of the various Colleges.

<sup>1</sup> See also p. 433 below.

<sup>2</sup> See also p. 431 below.

The names of successful candidates are arranged in three classes, but the arrangement of the names in each class varies in different Triposes as follows: (1) In the Anthropological Tripos, the Classical Tripos, the English Tripos, the Geographical Tripos, the Mathematical Tripos, the Mechanical Sciences Tripos, the Modern and Medieval Languages Tripos, the Moral Sciences Tripos, Part II, the Natural Sciences Tripos, the Oriental Languages Tripos, and the Theological Tripos, the names in each class are arranged in alphabetical order; (2) in the Law Tripos they are arranged in order of merit; (3) in the Economics Tripos and the Moral Sciences Tripos, Part I, they are arranged in three classes, of which the second is divided into two divisions, the names in the first and third classes, and in each division of the second class, being arranged in alphabetical order; (4) in the Historical Tripos they are arranged in three classes, of which the first and second are divided into two divisions, the names in each division of the first and second classes and in the third class being arranged in alphabetical order.

A student who has been excused a Special Examination by taking Honours in a Tripos Examination before he is of standing for a degree, may in some circumstances proceed to a degree by means of a Certificate of Diligent Study, instead of being obliged to pass a second Special Examination. The Regulation dealing with this will be found in the *Student's Handbook*.

Copies of the questions set in the Tripos Examinations of the preceding academical year are published annually by the University Press, and may be obtained of any bookseller. It is the case in some Tripos Examinations that the Examiners allow candidates a choice of questions, but as a rule this rests in their discretion, and is not subject to any fixed regulation.

#### THE PUBLICATION OF CLASS LISTS

The following general Regulations for the publication of lists of successful candidates apply to all Examinations:

1. All lists of successful candidates in examinations shall be published by the Registry causing a printed copy of each list to be affixed to the Senate-House door not later than 1 P.M., except in the case of those Tripos Examinations in which the lists of successful candidates are read in the Senate-House. In the latter case the lists shall be read at 9 A.M. on the day named in the regulations, and shall be affixed to the Senate-House door by the Registry or his agent immediately after the reading of the lists.

2. The Senior Examiner, under which title is to be understood

- (1) in the case of Parts I and II of the Previous Examination, and each of the Tripos Examinations, the Chairman of the Examiners,

- (2) in the case of each of the Special Examinations for the Ordinary B.A. Degree, except the Special Examination in Music, the Senior Resident Examiner,

- (3) in the case of the examination of graduates proceeding to the Degree of Bachelor or Master of Law, the Chairman of the Examiners for the Law Tripos,

(4) in the case of each Part of each of the Examinations for the M.B. Degree, the Regius Professor of Physic,

(5) in the case of the Special Examination in Music, and of each part of the examination for the Mus.B., Mus.M. and Mus.D. Degrees, the Professor of Music,

(6) in the case of the Examination in spoken French and German, the Chairman of the Examiners,

shall send as soon as possible to the Registry in a sealed envelope the list of successful candidates signed by all the Examiners. A list signed by all the Examiners shall at the same time be sent in a sealed envelope by the Senior Examiner to the Vice-Chancellor and shall be considered as the authoritative list to be preserved in the Registry. These lists shall be sent in a printed form if this can conveniently be done. As soon as these lists shall have been sent by the Senior Examiner to the Registry and the Vice-Chancellor respectively, the duty of the Senior Examiner, so far as regards the publication of the list, shall cease, except in the case of those Tripos Examinations in which the list is read in the Senate-House. In such cases the Senior Examiner, or one of the Examiners deputed by him, shall read the list.

3. The Registry shall cause directions to be given to the University Press for printing and circulating the copies in the manner specified in Regulation 4; and on the morning of the day when the list is to be published it shall either be affixed to the Senate-House door at 10 A.M., or be conveyed before 9 A.M. by the Registry or his agent to the Senior Examiner or the person appointed to read it.

4. Simultaneously with the publication of lists, printed copies enclosed in envelopes shall be sent from the University Press to Heads, Tutors, and Praelectors of Colleges and Public Hostels, ..., the Censor of Non-Collegiate Students, and the persons appointed to affix such lists on the College screens.

5. In the case of Examinations respecting which no day is fixed by Ordinance for the publication of the list, or respecting which it may not be desirable to have the publication delayed to the latest day fixed by Ordinance, the Senior Examiner shall communicate to the Registry as soon as practicable a statement of the day on which he may expect to receive the list; and the Registry shall cause to be affixed to the Senate-House door, or shall insert in the *Reporter*, a notice of the expected date of publication.

6. In any case in which the Examiners represent to the Vice-Chancellor that a correction or addition is required in a list already published in accordance with the foregoing Regulations, the Vice-Chancellor shall have power to authorise the issue of an amended list embodying the correction or addition; this amended list shall be signed, published, and circulated in the same manner as the original list, and shall take the place thereof for all purposes<sup>1</sup>.

<sup>1</sup> The Council suggest that, in authorising the issue of an amended List, the Vice-Chancellor should make use of some such form as the following:

The Vice-Chancellor has authorised the issue of the following amended List for ..... Examination to take the place for all purposes of the List published on ..... The following alteration has been made in the List: [Here specify the alteration, and then print the List as amended.]

## *Research Students*

In the preceding sections two avenues to the B.A. Degree have been described—that leading to the Ordinary B.A. Degree by way of the Special Examinations, and that leading to an Honours Degree by way of a Tripos Examination. But students who have already graduated in other Universities, or who are able to give some other evidence of special qualification, can proceed to the Ph.D. Degree under different conditions from those applicable to the ordinary undergraduate, and after a shorter period of residence. Such students do not take Examinations, but they qualify for a degree by means of a Dissertation.

Research Students who are graduates of the University are required to keep by residence at least three terms, provided that the University may allow such Students to count for this purpose residence which has been kept before admission as a Research Student. Research Students who are not graduates of the University must keep by residence at least six terms, except in so far as the remission of three terms may be granted by the University for special reasons.

Research Students must pursue such studies and satisfy such conditions as the University may from time to time prescribe by Grace. Having done all that is required by the Statutes and Ordinances of the University, they may be admitted to the title of Doctor Designate in Philosophy, and will afterwards be created Doctors of Philosophy at the time prescribed by the University.

### REGULATIONS FOR RESEARCH STUDENTS

1. Applications for admission as Research Students shall be made to the Registry. The Registry shall forward the applications to the Secretary of the Board of Research Studies.

No person shall be admitted as a Research Student unless he has attained the age of twenty-one years.

2. Each application shall be accompanied by

- i. a diploma or other certificate of graduation at a University;
- ii. a statement as to the course of research which the applicant desires to pursue, together with such evidence of qualification, attainments, and previous study as he may be able to submit;
- iii. a certificate or declaration that the applicant has attained the age of twenty-one years.

3. In exceptional cases persons who do not present a diploma or certificate of graduation may be admitted as Research Students, provided that, in lieu thereof, they give such evidence of general educational qualification as may be approved by the Board of Research Studies.

4. Applications shall, if possible, be submitted at least three weeks before the commencement of the term in which the applicant proposes to begin his course.

5. Subject to the approval of the Board of Research Studies in cases coming under Regulation 3, the Secretary of the Board of Research Studies shall communicate each application to the Chairman of the Special Board of Studies with which the proposed course of research appears to be most nearly connected; and the application shall be considered and decided by the Degree Committee of the Special Board.

6. The application shall not be granted unless it shall appear

i. that the course of research can conveniently be pursued within the University; and

ii. that the applicant has produced adequate evidence that he is qualified to enter upon the proposed course.

7. When the application has been decided, the Chairman shall inform the Secretary of the Board of Research Studies of the decision; and the Secretary shall inform the applicant.

8. A Research Student shall not be allowed to count any term before that in which he has matriculated, unless he has satisfied the Council of the Senate that his matriculation has been deferred for grave and sufficient cause.

9. A Research Student not being a graduate of the University shall not be admissible as a candidate for any University Prize or Scholarship which is open only to undergraduates and Bachelors-designate in Arts or Law.

For the purposes of any regulation respecting the standing of candidates for other University Prizes or Scholarships the term in which a student is admitted as a Research Student shall be counted as his tenth term.

10. A student who has been admitted to a course of research shall pursue that course under direction and supervision, prescribed by the Degree Committee of the Special Board which has approved his application, and under such other conditions, if any, as may be laid down by that Committee.

11. A student, being a graduate of the University, who has from the time of his admission as a Research Student pursued in the University or in some other place of study recognised by the Board of Research Studies a course of research for not less than three years, one year of which has been spent in the University and two years either in the University or in some other place of study recognised by the Board of Research Studies, may, not earlier than the ninth term and not later than the twelfth term from his admission as a research student, submit a dissertation embodying the results of his research.

These conditions may be so far relaxed that

(a) if the student satisfy the Board of Research Studies that before admission as a Research Student he has for a year at least undertaken work of the nature and quality of research, he may be exempted from one of the three years of research mentioned above, and if such work was done in the University he shall not be required to spend one year in the University; a student receiving such exemption may submit his dissertation at a time not earlier than his sixth term;

(b) by special permission of the Board of Research Studies a dissertation may be submitted by a student later than the twelfth term from his admission as a Research Student.

12. A student, not being a graduate of the University, who has kept by residence not less than six terms from the first day of the term in which he was admitted to a course of research, and has pursued a course of research for not less than three years, two years of which have been spent in the University and one year either in the University or in some other place of study recognised by the Board of Research Studies, may, not earlier than the ninth and not later than the twelfth term from his admission as a Research Student, submit a dissertation embodying the results of his research.

These conditions may be so far relaxed that

(a) the Board of Research Studies may, for special reasons, allow a student to pass at some other place of study one of the two years above prescribed to be spent in the University, and he shall, in that event, not be required to keep by residence more than three terms;

(b) if the student satisfy the Board of Research Studies that before admission as a Research Student he has for a year at least undertaken work of the nature and quality of research, he may be exempted from one of the three years of research mentioned above, provided that he is not thereby exempted from keeping by residence six terms in the University, except with the special permission provided for in clause (a); a student receiving such exemption may submit his dissertation at a time not earlier than his sixth term;

(c) by special permission of the Board of Research Studies a dissertation may be submitted by a student later than the twelfth term from his admission as a Research Student.

13. A student, in submitting a dissertation shall state, generally in a preface and specifically in notes, the sources from which his information is derived, the extent to which he has availed himself of the work of others, and the portions of his dissertation which he claims as original. He shall also be required to declare that the dissertation submitted is not substantially the same as one which has already been submitted at any other University.

14. The dissertation shall be sent to the Secretary of the Board of Research Studies, who shall forward it to the Chairman of the Degree Committee concerned. It shall be referred to two or more Examiners appointed by the Degree Committee, who shall examine the student, orally or otherwise at their discretion, upon the subject of the dissertation and on the general field of knowledge within which it falls, and shall report thereon to the Degree Committee.

The Committee shall have power to take into consideration with the dissertation any memoir or work published by the student which he may desire to submit to them.

15. If the Examiners do not approve of the work submitted by a student, the Degree Committee may, subject to the restrictions prescribed in Regulations 11, 12, 13, allow the student to submit a new or revised dissertation at the end of the year following, and to present himself for examination. If in the first examination the Examiners have been satisfied with the student's general knowledge of the subject, they may confine the examination on the second occasion to the special subject of the dissertation.

If a student fails in the examination, he may present himself for examination again at a time to be appointed by the Degree Committee.

16. If the Degree Committee on the report of the Examiners approve the work submitted by a student as of distinction sufficient to entitle the candidate to the degree of Doctor of Philosophy, their resolution to that effect, with the names of those present and of those voting on either side,

together with the report of the Examiners shall be communicated to the Board of Research Studies.

No final resolution of the Committee to the above effect shall be taken except at a meeting at which not less than two-thirds of the members of the Committee are present.

If the Board of Research Studies after receiving such communication, at a meeting at which not less than two-thirds of the Board are present, are of opinion that the degree ought to be conferred, the Vice-Chancellor shall publish the name of the candidate as approved for the Degree of Doctor of Philosophy.

17. A student, before being admitted to the title of Doctor Designate in Philosophy, shall deposit in the University Library a copy of his dissertation in a form approved by the Degree Committee.

18. A student, who has received permission from the Board to pursue part of his course of research at some place or places of study other than the University, shall submit, with his dissertation, a certificate signed by the proper officer or officers of such place or places of study, stating that he has pursued his studies with regularity and industry during the period covered by the permission of the Board.

In case the circumstances of the place of study do not admit of such certificate being obtained, the student shall at the end of every six months send a report to the Board to satisfy them that he is diligently carrying out his proposed course of research.

19. A Research Student, who wishes to be a candidate for a degree at some other University, shall receive for any period of study in this University of not less than two terms, a certificate that he has pursued his studies in this University with regularity and industry, if, in the opinion of the Professor or Reader or other person appointed by the Degree Committee to supervise his studies, such certificate can properly be given. The certificate shall be signed by the said Professor, Reader, or person appointed as aforesaid, and by the Vice-Chancellor.

20. A Research Student, who is not a graduate of the University, shall wear a gown similar to that worn by Bachelors of Arts, but without strings.

21. The fee for supervision payable by a student, while pursuing a course of research in the University, shall be £2. 2s. a term. The additional fee for working in one of the University Laboratories or Museums shall be such fee not exceeding £5. 5s. per term as the Professor or other officer in charge of the Laboratory or Museum shall determine. The Professor or other officer in charge of the Laboratory or Museum may in addition require such payment as he may think fit for material or special apparatus supplied to the student.

22. A student not being a graduate of the University shall pay on matriculation a fee of £5, and while pursuing a course of research in the University shall pay the capitation tax payable by undergraduates, but shall not be liable for capitation tax while pursuing a course of research away from Cambridge in some place recognised by the Board of Research Studies.

23. At the time of submitting his dissertation the student shall pay a fee of £10 to the Registry.

24. The fee to be paid for the Ph.D. degree shall be £6; or, in the case of a student who has already proceeded to a degree in the University, £4.

25. Doctors of Philosophy shall be created in each year on the day appointed for the creation of Doctors and Masters in the various faculties: the names shall be arranged in alphabetical order.

26. Doctors of Philosophy shall take precedence immediately after Doctors of Music in the order of seniority of their complete degree.

27. Doctors of Philosophy shall wear a special gown and hood to be subsequently decided upon.

28. *Temporary Regulation.* Students who have been admitted as Research Students not later than three months after the approval by His Majesty the King in Council of the Statute made by the University on 14 March 1919 shall either continue as Research Students under the old Regulations or may apply to the Registrary, within the same date, for recognition as Research Students under the new Regulations, such terms as they have kept as Research Students being counted to their credit.

*Regulations for the Board of Research Studies*

The Board of Research Studies shall consist of the Vice-Chancellor, four Members of the Senate appointed by Grace on the nomination of the Council of the Senate, four Members of the Senate appointed by Grace on the nomination of the General Board of Studies, and two additional members appointed by Grace on the nomination of the Board of Research Studies itself. GRACES AND SUPPLICATS FOR DEGREES

The following are the more important Regulations governing the granting of Graces and Supplicats for Degrees:

No Degree other than a Degree conferred under Stat. A. ch. II. sec. 18 *honoris causa* shall be conferred out of Term<sup>2</sup>.

No Degree shall be conferred upon any person unless

either (1) A Grace authorising the conferring of the Degree of which due notice has been given has been approved by the Senate;

<sup>1</sup> Or, if they matriculated before the end of the Lent Term, 1915, £10. 10s.

<sup>2</sup> Notwithstanding this Ordinance it has been usual of late years to sanction by Special Grace the holding of a Congregation in the Long Vacation for conferring Degrees in Medicine and Surgery.

or (2) A Supplicat in the form prescribed by the Senate duly signed by the Head or Praelector of the College or the Principal of the Hostel to which the applicant belongs, or, in the case of a Non-Collegiate Student, by the Chairman of the Board, or by the Censor of Non-Collegiate Students, or by their respective Deputies (the aforesaid Officers or their Deputies being members of the Senate in full possession of their privileges as such), has been presented to and approved by the Senate.

In all cases in which residence is required as a qualification for a Degree, a Certificate attesting on behalf of each applicant the amount of the residence which he has duly kept, must be previously presented to and approved by the Council of the Senate; such Certificate being given under the hand and seal of the Head of the College, or the Principal of the Hostel to which the applicant belongs, or, in the case of a Non-Collegiate Student, of the Chairman of the Board of Non-Collegiate Students, or of their respective Deputies.

No Grace for a Degree shall be in force longer than one calendar year from the date of its approval by the Senate.

Except as hereinafter provided no degree shall be conferred unless the Supplicat and Certificate of terms (if necessary) have been sent in to the Registry not later than 10 o'clock on the morning of the day on which the degree is to be conferred, or in the case of a degree to be conferred on a day of General Admission not later than 10 o'clock on the morning of the day next but three (exclusive of Sunday) preceding.

In cases in which this rule has not been complied with the degree may nevertheless be conferred if the necessary documents have been sent to the Registry in time to be laid before the Council with the necessary information respecting the candidate, a fee of £1 in addition to the usual degree fee having been paid to the proper authority; but the aforesaid additional fee shall not be charged in cases in which the current term (being one of those mentioned in the Certificate) has not been kept on the day preceding that on which the Certificate ought to be sent in, provided that the Supplicat has been duly sent in with a notice of the cause of the delay of the Certificate of Terms.

### *Special Graces*

That the Graces for the admission by proxy to Degrees or titles of Degrees, and all "Special Graces" for admission to Degrees or titles of Degrees, be in the form of Supplicats.

That "Special Graces" be proposed to the Senate by themselves immediately after the Graces on the Grace Paper for the day have been disposed of.

That the form of the Supplicat on behalf of a candidate for a Degree by proxy be the same as that on behalf of an ordinary candidate for the same Degree with the addition of the words "et ut absens admittatur per procuratorem suum."

That in the case of Graduates to whom the Senate has granted Honorary Degrees under Stat. A, Chap. II, Sect. 18, Par. 1 or Par. 2, and whom it is proposed to admit by proxy, a separate Grace be offered for such admission.

### *Application for leave to proceed to a Degree in absence*

The Vice-Chancellor begs leave to inform Tutors and Praelectors of Colleges that, in future, applications for permission to proceed to Degrees *in absentia* should be forwarded to the Registry, and not direct to the Vice-Chancellor..

Such applications should reach the Registry at least ten days before the Congregation at which it is desired that the Degree should be taken.

The Registry will then forward the applications to the Vice-Chancellor for the consideration of the Council of the Senate.

#### FORMS OF SUPPLICATS FOR DEGREES

Graces for Degrees not conferred *honoris causa* (or Supplicats as they are commonly termed) have the name of the College or Public Hostel to which the applicant belongs, or, if he be a Non-Collegiate Student, the heading "Non-Collegiate Students' Board" and the date of the day on which the Supplicat is to be presented prefixed, and are signed by the Head or Praelector of the College or Hostel of the applicant or in the case of a Non-Collegiate Student by the Chairman of the Board or the Censor of Non-Collegiate Students.

In cases where residence is required as a qualification for a Degree the Supplicat must state the number of terms which have been kept; and if the Senate be asked to allow any term which has not been kept, the reason of the applicant's having failed to keep the term must be stated in the Supplicat.

The ordinary form of Supplicat for the Degree of Bachelor of Arts is as follows :

Supplicat reverentis vestris A. B. ut novem termini completi, in quibus omnia quae ad gradum baccalaureatus in Artibus suscipiendum requirantur perfecerit, sufficiant ei ad titulum assequendum Baccalaurei in Artibus designati.

Other forms of Supplicat dealing with various cases are to be found in the *Ordinances*.

#### FORMS OF PRESENTATION FOR DEGREES

As some of the various forms of Presentation are occasionally used by members of the Senate who may be called upon to present for Degrees, they are printed in full :

N.B. These forms are subject to the following provision :

That the formula employed by each Praelector at the presentation of each group, except the first presented by him, of candidates for one and the same degree be

The Divinity, Law, and Physic Schools are open during the whole of every Term, and the keeping of all Acts is entirely at the discretion of the respective Professors.

The Scarlet Days are Christmas Day, Easter Day, Ascension Day, Whitsunday, Trinity Sunday, All Saints' Day, the First Sunday in November (the day for the Commemoration of Benefactors), Commencement Tuesday (the Tuesday next preceding June 24), and any other days for which the Vice-Chancellor gives notice. It has been customary of late years for the Vice-Chancellor to give notice that Scarlet will be worn on the first day of General Admission in the Easter Term (held on the Saturday before Commencement Tuesday), and also on the day in June on which a Congregation is usually held for conferring Honorary Degrees upon distinguished men.

All Festivals, Saints' Days, and Sundays, are surplice-days, and the evenings preceding are surplice-evenings.

## *Inceptors in Arts*

A Bachelor of Arts may be admitted Inceptor in Arts at the end of six years from the end of his first term of residence, provided that not less than two years have elapsed from his Inauguration. # Proceedings in Divinity

## BACHELOR OF DIVINITY

A Master of Arts or Law may be admitted to the Degree of Bachelor in Divinity on the eleventh of June in the seventh year from his creation, or on any later day.

### *Old Regulations*

The candidate shall read a Thesis, composed in Latin by himself on some subject approved by the Professor; the Professor, or Graduate presiding, shall bring forward arguments or objections in English for the candidate to answer, and shall examine him in English *vivâ voce* as well on questions connected with his Thesis as on other subjects in the Faculty of a more general nature; the Exercise being made to continue at least one hour;

Public notice of the Act shall be given by fixing on the door of the University Schools, eight days at least before the assigned time, a written paper specifying the name and College of the candidate, the day and hour appointed for the Exercise, and the subject of the Thesis: copies of the notice shall be delivered also, at the same time, to the Vice-Chancellor and to the Professor.

4. The Dissertation shall be sent either printed or in manuscript to the Regius Professor of Divinity.

5. If the Professors of Divinity, by a majority of votes, accept the Dissertation as satisfactory, the Regius Professor shall fix a day on which the candidate shall present himself for examination.

9. The candidate shall be examined by the Regius Professor and his Assessor as well on subjects connected with his Dissertation as on other subjects in the faculty of a more general nature; and the Examination shall be conducted in writing, but the Examiners shall have the power of putting *viva voce* questions if they consider it necessary. No candidate shall be approved for the Degree unless the Examiners decide that he has passed the Examination satisfactorily, or unless he be specially exempted under Regulation 11.

10. If the Regius Professor be unable to take part in the Examination, some Graduate in Divinity, who is a member of the Senate, shall be deputed by him to preside in his stead.

11. The Professors, if unanimous, shall have power to exempt the candidate from this Examination, where the special merits of his Dissertation or of his published works appear to them sufficient to entitle him to a Degree.

13. The candidate shall send a printed copy of his Dissertation to the Vice-Chancellor, to each of the Professors of Divinity, and to the University Library.

The examination shall be held once a year in the Michaelmas Term, on days to be fixed by the Degree Committee, who shall appoint examiners to conduct the examination, of whom at least two shall be of their own number. These examiners shall be paid at the rate of two guineas for each paper set. The Degree Committee may grant permission to a candidate to take the examination in two parts, or to enter again for a subject in which he has failed. 6. If the Degree Committee shall be of opinion that the Dissertation or the published works constitute *prima facie* a qualification for a degree, they shall obtain reports upon them from two referees, who may be members of the Committee or not. These reports shall be treated as confidential documents. If referees are not appointed the fee of five pounds paid by the applicant under Regulation 5 shall be returned to him.

7. The Committee shall direct that a fee of fifty shillings shall be paid from the University Chest to each referee.

8. In the case of a candidate who submits a Dissertation, the Degree Committee shall have the power of putting *viva voce* questions if they consider it necessary.

9. No final resolution on the subject of the grant of a degree shall be taken except at a meeting at which not less than two-thirds of the Members of the Committee are present, and the degree shall not be granted unless those voting in favour of it form a majority of the whole Committee. If it be decided to grant the degree, the Vice-Chancellor shall publish the name of the candidate as approved for the degree of Bachelor of Divinity.

10. If the Committee either without obtaining a report or after receiving the report of the referees shall be of opinion that a degree ought not to be granted, the Chairman of the Special Board shall inform the Registry, who shall communicate the decision to the candidate.

11. No candidate for a degree shall be present at the deliberations of the Committee respecting his own case.

12. Where a candidate has based his claim for a degree on a Dissertation not previously printed, the degree shall not be granted until the Dissertation has been printed; and the candidate in printing the Dissertation shall not be at liberty to make any alteration or addition without the leave of the Chairman of the Special Board. The candidate shall send a printed copy of his Dissertation to the Regius Professor of Divinity and to the University Library.

13. The fee payable on admission to the degree of Bachelor of Divinity shall be £10.

14. Candidates for the Degree of Bachelor of Divinity shall be presented for their degree by the Regius Professor of Divinity or by a Doctor of Divinity deputed by him.

The applicant is required to state, generally in a preface to his dissertation and specifically in notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others, and the portions of the dissertation which he claims as original.

6. If the Committee shall be of opinion that the work of reporting on the dissertation is such as to require remuneration, they may direct that a fee of two guineas be paid from the University Chest to each referee.

11. Every graduate who presents himself for a Part of the Law Tripos but not as a candidate for Honours, and every graduate who, without having previously obtained Honours in or satisfied the Examiners in either Part of that Tripos, submits a dissertation under these Regulations shall pay a fee of three guineas. Such fees shall be paid to the Registry for the University Chest.

12. In the above Regulations the term 'the Degree Committee' shall mean a Committee constituted in accordance with clause 3 of the Regulations for Students in Science and Letters (see p. 226).

# Diplomas

\* \* The substance of the Regulations relating to Diplomas will be found in Chapter XVIII of the *Student's Handbook*. The brief summary given below, although correct as far as it goes, might under some circumstances be misleading to intending candidates.

In addition to Degrees, which are for the most part conferred only on its own members, the University grants five Diplomas, which are open to persons not members of the University<sup>1</sup>. These are (1) the Diploma in Medical Radiology and Electrology, (2) the Diploma in Geography, (3) the Diploma in Psychological Medicine, (4) the Diploma in Public Health, and (5) the Diploma in Tropical Medicine and Hygiene. The University also grants seven other Diplomas which are almost entirely restricted to members of the University. These are (1) the Diploma in Agriculture, (2) the Diploma in Anthropology, (3) the Diploma in Classical Archaeology, (4) the Diploma in Forestry, (5) the Diploma in Horticulture, (6) the Diploma in Mining Engineering, and (7) the Diploma in Oriental Languages, the Diplomas in Anthropology, and Oriental Languages being open to non-members under certain exceptional circumstances only. These twelve Diplomas are treated below in alphabetical order. The special cases of the Examination in Architectural Studies and the Certificate in Foreign Languages are also dealt with at the end of this Section.

## THE DIPLOMA IN AGRICULTURE<sup>2</sup> (*New Regulations*<sup>3</sup>)

The Diploma in Agriculture is awarded to members of the University who have diligently attended the course of instruction in Agriculture and the allied sciences prescribed by the Board of Agricultural Studies, and have passed both Parts of the Examination for the Diploma.

The course of instruction for Part I extends over one academic year. Candidates must produce evidence of diligent attendance at this course before admission to the Examination. A certificate of diligent attendance at the prescribed course, signed by the Drapers Professor of Agriculture, or the Secretary of the Board, must be presented by each candidate to the Registry before he can be entered for the Examination.

Members of the University will be admitted to this course of instruction provided they have

<sup>1</sup> The arrangements for the registration of candidates for Diplomas who are not members of the University, and for their admission to lectures and laboratories, are described on p. 417 below.

<sup>2</sup> By Grace of 31 October 1919 it is provided "That students who have passed Part I of the Examination for the Diploma in Agriculture in either of the Examinations held in October 1919 be regarded as having passed the Special Examination in Agricultural Science, provided that they would have been eligible to enter for the Special Examination had such Special Examination been held."

<sup>3</sup> The first Examination under these Regulations will be held in the Easter Term, 1921.

(a) obtained Honours in the Natural Sciences Tripos, Part I, and passed an oral examination on the University Farm to the satisfaction of the Reader or the University Lecturer in Agriculture; or (b) presented other evidence of training in Agriculture and the allied sciences approved by the Degree Committee of the Board of Agricultural Studies.

No candidate is admitted to Part II of the Examination until he has previously passed Part I, or passed or obtained exemption from the three Examinations in Agriculture for the Ordinary B.A. Degree (see p. 176 above). A candidate who has passed or obtained exemption from these three Examinations is excused Part I of the Diploma Examination and will be admitted to Part II.

A candidate who has passed both Parts of the Examination to the satisfaction of the Examiners will be entitled to a Diploma, testifying to his competent knowledge of the Science and Practice of Agriculture, stating the subject in which he passed Part II of the Examination. A candidate who has obtained the Diploma in one subject may present himself for examination in another subject; in the event of his passing in a second subject, the subject will be endorsed on his Diploma.

The Examination for the Diploma (Parts I and II) is held once in the year at the time prescribed for the Examinations for the Ordinary B.A. Degree in Agriculture, Estate Management, Forestry, and Horticulture in the Easter Term (see p. 177 above).

In Part I the Examination consists of five papers as follows:—(1) and (2) Agriculture; (3) Agricultural Botany; (4) Agricultural Chemistry; (5) Agricultural Physiology. In addition to the paper there will be an oral or practical examination in each subject. The Examination is conducted in accordance with schedules defining the scope of the several subjects issued from time to time by the Board of Agricultural Studies.

In Part II candidates will be examined in one of the following subjects:—(A) Crop Husbandry; (B) Animal Husbandry; (C) Animal Physiology; (D) Economics; (E) Plant Pathology; (F) Genetics; (G) Tropical Agriculture; (H) Animal Nutrition; (I) Soil Science. The Board of Agricultural Studies has power to add further subjects as they think fit. Part II of the Examination will consist of two written papers and a practical examination in each subject. When entering for Part II of the Examination, candidates will be required to present an Essay on some special branch of the subject they select.

#### THE DIPLOMA IN ANTHROPOLOGY

A Diploma in Anthropology is granted either by Dissertation or by Examination under the following Regulations:

##### *By Dissertation*

(1) That any member of the University who has taken, or is qualified to take, a degree of the University, and has received

instruction in Anthropology in Cambridge under the direction of the Board of Anthropological Studies during three terms, which need not be consecutive, and has presented a dissertation which dissertation has been approved by the Board shall, on the payment of such fees as the Senate may from time to time determine, be entitled to a Diploma testifying to his competent knowledge of Anthropology.

(2) That any member of the University who has graduated before the date of the establishment of the Diploma, has received instruction in Anthropology in Cambridge under a University Professor, Reader, or Lecturer for three terms, which need not have been consecutive, and has presented a dissertation, which dissertation has been approved by the Board shall, on the payment of such fees as the Senate may from time to time determine, be entitled to a Diploma testifying to his competent knowledge of Anthropology.

The principles and methods of Vital Statistics in relation to Public Health.

The foregoing schedule is not to be understood as limiting the scope of the Examination, which will include every branch of Sanitary Science. No candidate will be approved by the Examiners who does not shew a high proficiency in all the branches of study, scientific and practical, which bear upon the duties of Medical Officers of Health.

Marks of distinction will be placed opposite the names of candidates who have specially distinguished themselves either in (1) the General Principles of Hygiene, (2) Bacteriology,

<sup>1</sup> All candidates will be examined in the provisions of the English Statutes relating to Public Health, but any candidate will be given an opportunity of shewing a special knowledge of other Sanitary Laws in operation within the British Empire, provided that, when applying for admission to the Examination, he give notice of his desire and indicate the Special Law he proposes to offer.

(3) Chemistry in Part I of the Examination, or (4) Part II of the Examination.

All applications for information respecting this Examination should be addressed to J. E. Purvis, M.A., Secretary to the State Medicine Syndicate, The Chemical Laboratory, Pembroke Street, Cambridge.

#### THE DIPLOMA IN TROPICAL MEDICINE AND HYGIENE

The Examination for the Diploma in Tropical Medicine and Hygiene is held twice a year at Cambridge, and is open to candidates who are not members of the University. Every candidate who passes the Examination to the satisfaction of the Examiners will receive from the University a Diploma testifying to his knowledge and skill in Tropical Medicine and Hygiene.

The first Examination begins early in January, and the second in the middle of August, and extends over four days.

Any person possessing a registrable qualification in Medicine, Surgery, and Midwifery is admissible as a candidate to the Examination, provided that

(I) a period of not less than twelve months has elapsed between his attainment of a registrable qualification and his admission to the Examination ;

(II) he produce evidence, satisfactory to the Syndicate, that he has diligently studied Pathology (including parasitology and bacteriology) in relation to Tropical Diseases, Clinical Medicine and Surgery at a hospital for tropical diseases, and Hygiene and Methods of Sanitation applicable to Tropical Climates.

\* \* As evidence of study and attainments a candidate may present to the Syndicate (1) any dissertation, memoir, or other record of work carried out by himself on a subject connected with Tropical Medicine or Hygiene, (2) any Certificate or Diploma in Public Health or Sanitary Science he may have obtained from a recognised examining body. Such evidence will be considered by the Syndicate in determining whether he is qualified for admission to the Examination, and by the Examiners in determining whether, if admitted, he shall be included in the list of successful candidates.

The Examination will have reference to the nature, incidence, prevention, and treatment of the epidemic and other diseases prevalent in tropical countries. It will comprise the following subjects :

1. The methods of pathological and bacteriological investigation. The examination of the blood. The characters, diagnosis, and life-history of animal and vegetable parasites. The examination, chemical and microscopic, of poisonous or contaminated foods and waters.

2. The origin, pathology, propagation, distribution, prevention, symptoms, diagnosis, and treatment of the epidemic, endemic, and other diseases of tropical climates, including—malaria; blackwater fever; trypanosomiasis; relapsing fever; dengue; yellow fever; plague; tetanus; beri-beri; dysentery and hepatic abscess, cholera, enteric fever, Malta fever, and specific diarrhoeal affections of the tropics; diseases due to cestode and other worms; filariasis; bilharzial disease; specific boils, sores, and other cutaneous affections; mycetoma; ophthalmic affections of the tropics; affections caused by poisonous plants and animals, and by poisoned weapons; sunstroke.

All applications for information respecting the examination should be addressed to Dr G. S. Graham-Smith, Medical Schools, Cambridge.

#### THE EXAMINATION IN ARCHITECTURAL STUDIES<sup>1</sup>

The Examination in Architectural Studies is not at present associated with a Diploma, but a candidate is entitled to a Certificate that he has passed the First or Second or both Parts of the Examination, provided always that he has graduated previous to the granting of such Certificate. The Examination consists of two Parts, Part I dealing with the mathematical and scientific principles on which the practice of Architecture is based, and Part II comprising the History and Theory of Architecture and the Allied Arts.

The Examination is held twice a year, in the latter part of the Michaelmas Term and again in the latter part of the Easter Term.

The Examination for Part I consists of six papers as follows:—(1) Practical Mathematics, (2) Elementary Mechanics, (3) Strength of Materials, (4) Building Materials, (5) Construction and Elementary Design, (6) Architectural Drawing and Surveying.

Part II consists of five papers as follows:—(1) Outlines of the General History of Art, including Architecture. (2) Architecture and the Allied Arts: (*a*) Classical, (*b*) Medieval, (*c*) Oriental. No candidate will be allowed to take questions on more than one of these three sections (*a*), (*b*), and (*c*). (3) Subjects for an Essay relating to the period chosen by the candidate in paper (2). (4) Renaissance and Modern Architecture. (5) Theory of Art in relation to Architecture.

<sup>1</sup> See note on p. 174 above.

In estimating the merits of the work done by the candidates the Examiners will take account of style and method.

A student who has passed the Previous Examination may offer himself for examination in either Part, but not both Parts, of the Examination in Architectural Studies, in his third or any later term of residence, provided that he has previously kept two terms. He may not offer himself for examination in both Parts in the same term unless he has entered on his ninth term at least, having previously kept eight terms. A candidate who has obtained Honours or been allowed the Ordinary Degree in the Mechanical Sciences Tripos, or who has passed in Part I of the Special Examination in Engineering Science, will be deemed to have passed in papers (1), (2) and (3) of Part I of the Examination in Architectural Studies. A candidate who has obtained Honours in a Part of any Tripos Examination or in one Section of the Medieval and Modern Languages Tripos will be deemed to be qualified for the degree of Bachelor of Arts if he has passed the Examination in Architectural Studies and has kept the number of terms required for a degree.

The Examiners will arrange the names of those who pass in each Part in three classes; the names in the first class being arranged in order of merit and those in the second and third classes alphabetically. No candidate will be entitled to a Certificate that he has passed in either Part or both Parts until he has graduated.

Students who have passed both Parts of the Examination are exempted from the Intermediate Examination of the Royal Institute of British Architects.

In addition to the Diplomas described above, the University grants a Certificate of Proficiency in the Theory and Practice of Education. The written Examination includes (1) The Principles of Education (2 papers); (2) The History of Education from 1400 to 1660; and (3) The Practice of Education (Method). There is also a Test of Practical Efficiency.

Candidates must be at least 20 years of age, and must have passed one of the recognised qualifying Examinations. Particulars of these can be obtained from W. G. Bell, M.A., Secretary to the Teachers' Training Syndicate, Warkworth House, Cambridge. Fuller information will also be found in Chapter XXIII of the *Student's Handbook*.

# *University Examiners*

THE substance of the Regulations relating to the appointment, duties, and remuneration of Examiners and Adjudicators by the University is as follows:—

## PREVIOUS EXAMINATION

The appointment and remuneration of the Examiners for Parts I, II, and III of the Previous Examination are determined by the following Regulations:—

1. That in the Michaelmas Term of every year the Senate shall appoint on the nomination of the Board of Examinations two Examiners in each of the following subjects: Latin, French, Mathematics, Science, and in English Essay and Précis; and one or two in each of the following: Greek and the English Books for natives of Asia or Africa who are not of European parentage, German, Italian, and Spanish, Gospel or Acts of the Apostles, and in the Outlines of English History. These Examiners shall be Members of the Senate and shall conduct the four Examinations in the following year.

The Senate shall also appoint before the division of the term in which the examinations in Arabic, Chinese, Sanskrit, and Pali are to be held, one or more Examiners in each of these subjects for which any candidate may have entered; such Examiners to be nominated by the Special Board for Oriental Studies.

2. That each of the Examiners shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

Meetings are held of Examiners for each Part at which the papers set by each Examiner are submitted to the other Examiners in that Part for their approval; and all meetings of Examiners for any Part are summoned and presided over by the Chairman of the Examiners for that Part.

The Board of Examinations appoints one of the Examiners in Part I and one of the Examiners in Part II and one of the Examiners in Part III as Chairman of that Part; and each Chairman receives an additional payment of £5.

## SPECIAL EXAMINATIONS

In the case of all Special Examinations for the Ordinary B.A. Degree, except those in Logic and Physiology, which are held in connexion with a Tripos, a meeting of Examiners must be held previous to each Examination, when the papers set by each Examiner are submitted for approval.

One at least of the Examiners and one of the Proctors or Pro-Proctors must be present, and two of the Proctors' or Pro-Proctors' men are required to be in attendance during every part of the Examination: but, if more than one Special Examination be held in the same room, the Board of Examinations may relax the strict obligation of attendance on the part of the Examiners for the purpose of invigilation.

The Examiners send a report of the results of each Examination to the Secretary of the Board of Examinations within a week after the publication of the class-lists; and this report is communicated, in the case of the Examinations in Physics and in Chemistry, to the Special Board for Physics and Chemistry; in the case of the Examination in Logic to the Special Board for Moral Science; in the case of the Examination in Physiology to the Special Board for Biology and Geology; and in the case of each of the other Examinations to the Special Board or other Board by which the Examiners for that Examination are nominated. The report contains information as to the standards adopted in arranging the class-list of the Examination.

The Examiners for the various Special Examinations are appointed by the Senate in the Lent Term on the nomination of the Special Board of Studies with which the Examination is connected. Each of the Boards marked with an asterisk in the following table may, if it think fit, appoint one of its members to summon and preside over the meeting of Examiners referred to in the first paragraph of this section, who, if the votes of the Examiners are equally divided, has a casting vote. In the case of Agriculture, a Chairman of Examiners is appointed alternately by the Board of Agricultural Studies and the Forestry Committee. In the case of Military Subjects a Chairman of Examiners, who must be a member of the Senate, appointed by the Board of Military Studies.

| Special Examination | Number of Examiners                                                                                      | Nominating Board                                    | Remuneration of Examiners                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

The Electoral Roll is the body of Resident Members of the Senate which elects the central administrative council of the University known as the Council of the Senate.

The Electoral Roll is constituted annually under the following clauses of the Cambridge University Act of 1856 :

The Vice-Chancellor shall on or before the second Monday in October in every year cause to be promulgated in such way as may seem to him expedient for the purpose of giving publicity thereto, a List of the Members of the Senate whom he shall ascertain to have resided within one mile and a half of Great St Mary's Church for fourteen weeks at the least between the first day of the preceding Michaelmas Term and the first day of the said month of October; and such List, together with the following persons (that is to say) all Officers of the University being Members of the Senate, the Heads of Houses, the Professors, and the Public Examiners, shall be the Electoral Roll of the University for the purposes of this Act.

The Vice-Chancellor shall at the same time fix some convenient time and place, not more than fourteen days nor less than seven days from the time of such promulgation, for publicly hearing objections to the said List which any Member of the Senate may make on the ground of any person being improperly placed on or omitted from the said List; and if any such objections shall appear to the Vice-Chancellor to be well-founded, he shall correct the said List accordingly, and he shall thereupon sign and promulgate the said List, which shall thenceforth be the Electoral Roll for the year thence next ensuing, and until a new Roll shall in like manner have been promulgated.

By a clause of the Universities Act, 1877, it was further provided that

No objection to the list of members of the Electoral Roll of the University of Cambridge, promulgated in accordance with section seven of the Cambridge University Act, 1856, made on the ground of any person being improperly placed on or omitted from that list, shall be entertained unless notice of it is given in writing to the Vice-Chancellor at least four days before the day for publicly hearing objections to that list; and the Vice-Chancellor shall, at least two days before such day, cause to be promulgated a list of all the objections of which notice has been given.

A list of the Electoral Roll for 1919-20, promulgated 24 October 1919, is given on pp. 1-14 above.

<sup>1</sup> For the New Statute affecting the composition of the Electoral Roll under war conditions, see p. 426 below.

## THE COUNCIL OF THE SENATE

The Council of the Senate, also constituted under the Cambridge University Act of 1856, consists of the Chancellor, the Vice-Chancellor, four Heads of Colleges, four Professors of the University, and eight other Members of the Senate to be chosen from the Electoral Roll, such Heads of Colleges, Professors, and Members of the Senate being elected by the persons whose names are on the Electoral Roll; provided always that there shall never be more than two members of the same College among the eight elected Members.

The members of the Council hold office for four years, but the ordinary Elections are biennial, as two of the Heads of Colleges, two of the Professors, and four of the other members of the Council retire every two years. The Elections for filling these vacancies take place on November 7 (or on November 8 if November 7 should be a Sunday) in the years in which the date is an even number.

Any casual vacancy occurring by Death, Resignation, or otherwise among the Members of the Council must be filled by the election of a qualified person upon a day not later than 21 days or sooner than 7 days after such occurrence to be fixed by the Vice-Chancellor and publicly notified by him; but if such vacancy shall occur during vacation the occurrence shall be deemed for the purpose of such notice to have taken place on the first day of the ensuing term; and the person so elected shall be subject to the same rules and conditions as to the tenure of office, and in all other respects, as the person to whose place he succeeds would have been subject if no such vacancy had taken place.

If any member of the Council, other than the Chancellor or the Vice-Chancellor, shall have been absent from all the meetings of the Council during the whole of one Term, his seat shall at the close of such term become and shall be declared by the Vice-Chancellor to be vacant.

If any member of the Council shall become Vice-Chancellor his seat shall not thereby become vacant, nor shall the seat of any member of the Council become vacant by reason that after his election he may have become or may have ceased to be a Professor or a Head of a College; provided always that if any of the eight members of the Senate chosen from the Electoral Roll shall afterwards cease to be on the Electoral Roll, his seat shall thereupon become and be declared vacant.

The principal duty of the Council of the Senate is to consider and prepare all Graces to be offered to the Senate, whether proceeding from individual members of the Senate or from Syndicates, and no Grace may be offered to the Senate without the sanction of the major part of those voting upon it in the Council. The Council also nominates to the Senate members appointed by Grace to serve on Boards, Syndicates, and other bodies.

No business shall be transacted in the Council unless five members at least be present; and all questions in the Council shall be decided by the majority of the votes of the members present, and the President shall have a second or casting vote when the votes are equally divided: provided

always, that in case of a difference of opinion between the Chancellor or the Vice-Chancellor or his Deputy, and the majority of the members present at any meeting of the Council, the question as to which such difference may exist shall not be deemed to be carried by such majority unless the same shall constitute a majority of the whole Council, but in such case the question shall be adjourned to the next meeting of the Council, and such adjourned question shall be finally decided by the majority of the members of Council then present.

### THE FINANCIAL BOARD

The Financial Board is appointed for the care and management of the property and income of the University, and consists of the Vice-Chancellor, two members of the General Board of Studies elected by that Board, four members of the Senate elected by the Colleges in common, and four members of the Senate elected by Grace on the nomination of the Council of the Senate. Of the members of the Board elected by the Colleges in common, not more than one may belong to any one College. The members serve for four years. The quorum of the Board is five.

The Board has power to appoint a Secretary with an annual salary not exceeding £500.

### THE GENERAL BOARD OF STUDIES

The General Board of Studies consists of the Vice-Chancellor, one member of each Special Board of Studies elected by that Special Board, and eight members of the Senate elected by Grace. The members of the Board serve for four years.

The election to the General Board of representatives of Special Boards is governed by the following Regulation :—

That in subsequent years the Boards whose representatives retire shall, not later than the Saturday before the division of the Michaelmas Term, elect one of their members to serve on the General Board for four years. The election by Grace of two members of the Senate to serve for four years shall take place after the election of the Representatives of the Boards at a Congregation to be held before the end of full term in the Michaelmas Term. The period of service of the members of the Board shall commence on the first day of January after the date of election.

Retiring members shall be re-eligible.

It is the duty of the General Board to consult together from time to time on all matters relating to the studies and examinations of the University, including the maintenance and improvement of existing institutions, and the establishment and maintenance of new institutions. They are required to prepare, whenever it appears to them desirable, and present to the Vice-Chancellor, a report to be published by him to the University. They are also required to issue from time to time regulations and instructions in respect to the subjects and character of the lectures to be delivered, the subordination when necessary of the Readers and University Lecturers to the Professors, the extent

to which in any cases discourses shall be supplemented by oral or written examinations, the times and places of lecturing, the arrangements to be made for the distribution of students among the different teachers, so as to secure classes of suitable size, and to group separately the more and less advanced students, and any other matters affecting the method of instruction to be pursued, with the view of providing suitable and efficient education in all subjects of University study for all students whether more or less advanced who may require it.

The General Board is also required to consider the schemes for lectures in every year submitted to it by the several Special Boards, and to approve the said schemes or remit them for further consideration with alterations and amendments, or, if necessary, frame schemes; provided that, in case the General Board of Studies and any of the Special Boards shall be unable to agree as to any scheme, the question shall be referred to a meeting of the members of the General Board and of the Special Board deliberating together, whose decision shall be final. When such schemes have been finally determined, the General Board presents them to the Vice-Chancellor for publication.

Readers and University Lecturers are appointed by the General Board of Studies, subject to the confirmation in every case of the Special Board with which the Readership or Lectureship is connected. If the General Board and Special Board do not agree within twelve weeks after the vacancy in the case of a Readership, or within four weeks after the General Board have communicated an appointment to the Special Board in the case of a University Lectureship (days of vacation not being reckoned in either case), the appointment lapses to the Council of the Senate.

If by reason of sickness, necessary absence from the University, or other sufficient cause, any Professor or Reader desire to have a Deputy to discharge the duties of his office, he must obtain the consent of the General Board of Studies, such consent to be given in writing, and to specify the time for which the Deputy is to be appointed. The Deputy is nominated by the General Board and approved by Grace, and receives from the Professor or Reader such stipend as may be approved by the General Board of Studies and by Grace, being not less than one-third nor more than two-thirds of the proportional part of the whole annual income of the office of the Professor or Reader (not including the dividend or emoluments of any Professorial Fellowship) for the time for which the Deputy is appointed; provided that in the case of the Regius Professor of Hebrew and the Ely Professor of Divinity, the portion of the whole annual income of the Professorship assigned to the Deputy shall not exceed one-half.

If it be certified to the General Board of Studies that any Professor or Reader has become unable to discharge his duties by age, ill-health, or other serious impediment, and if the said General Board shall deem the inability to be sufficiently proved, they shall have the power of requiring a Deputy to be appointed for any time not exceeding twelve calendar months,

and such appointment may be renewed if necessary from time to time; such Deputy being appointed and remunerated as described in the preceding paragraph.

If the appointment of a Deputy for a period of twelve months shall have been renewed twice in successive years, and at the end of the three years during which a Deputy shall thus have acted for the Professor or Reader the occasion for appointing a Deputy still continues, the General Board shall have power to declare the office of Professor or Reader vacant, and a new Professor or Reader shall be thereupon elected. The University shall have power to give a pension to the Professor or Reader according to circumstances, as the Senate may think fit.

The functions of the General Board in connexion with the residence of Professors and Readers are described on p. 102 above.

### THE *SEX VIRI*

The Chancellor and six persons, called the *sex viri*, elected singly by Grace for two years, or four at least of the number, of whom one must always be the Chancellor, adjudicate respecting all persons not *in statu pupillari* charged with offences against the Statutes or Ordinances of the University. They may punish offenders at their discretion, by deprivation or suspension of Degree, or any lighter sentence; but appeal may be made to the Senate within twenty-four hours after judgment given in the manner described in Statute A, Chapter VIII.

If the Chancellor and the *sex viri*, or four at least of their number, of whom the Chancellor must be one, report to the Council of the Senate that it has been proved to their satisfaction that a Graduate of the University has been convicted of a crime for which he has been sentenced to penal servitude or imprisonment and that such crime is one which renders him unfit to be a Graduate of the University, then the Council of the Senate may propose to the Senate a Grace depriving him of his Degree or Degrees and of all privileges enjoyed by him as a Graduate of the University, and in case the Grace is approved by the Senate he is deprived accordingly.

The Chancellor and the *sex viri* have power to admonish the Orator, the Registrary, the Librarian, and the Esquire Bedells or to remove them from their offices for serious neglect of duty or for other grave misconduct. They have also power to admonish or to deprive Professors and Readers, but in such cases an appeal lies to the Senate within twenty-four hours after judgment given, in the manner described in Statute A, Chapter VIII.

### THE COURT OF DISCIPLINE

The Court of Discipline for persons *in statu pupillari* consists of the Chancellor and six Heads of Colleges appointed by Grace to serve for three years in such manner that two of the six go out of office every year but are capable of re-election. No

sentence involving deprivation of Degree, rustication, or expulsion is valid without the concurrence of the Chancellor and three at least of the other members of the Court.

If the Head of the College to which a person *in statu pupillari* charged with any offence belongs is not a member of the Court, notice must be given to him to enable him to be present as an Assessor, but he shall not be entitled to vote.

Regulations for the procedure of the Court must be made by the Court from time to time, subject to the approval of the Senate. The Regulations at present in force will be found in the *Book of Ordinances*.

### ELECTORS TO PROFESSORSHIPS

In those cases in which the election to a Professorship is governed by Statute B, the election is made by a Board consisting of the Vice-Chancellor and eight persons elected by the Senate, two of such persons being nominated by the Council of the Senate, three by the General Board of Studies, and three by the Special Board of Studies to which the Professorship is assigned. With a view to the representation of opinion outside the University, one at least of the three persons nominated by the General Board, and one at least of the three persons nominated by the Special Board, are required to be persons who are not resident in the University nor officially connected with it. The members of these Boards of Electors serve for eight years, one retiring every year. No election of a Professor may be made unless two-thirds at least of the number of the existing Board be present at the time of voting; and in the final voting no election may be made unless a majority of votes of the members present be given for some one person. If no election be made within twelve weeks from the day for electing, the appointment of the Professor for that turn lapses to the Chancellor.

In the case of the Downing Professorships of the Laws of England and of Medicine the Master of Downing College is an additional Elector; in the case of the Dixie Professorship of Ecclesiastical History the Master of Emmanuel College is an additional Elector; and in the case of the Francis Mond Professorship of Aeronautical Engineering the Master of Peterhouse is an additional Elector. For the Hulsean Professorship of Divinity, the Sadleirian Professorship of Mathematics, the Whewell Professorship of International Law, the Elrington and Bosworth Professorship of Anglo-Saxon, the Slade Professorship of Fine Art, and the Quick Professorship of Biology there are specially constituted Electoral Boards. The Regius Professors of Divinity, Hebrew, and Greek are elected by the Council of the Senate; the Lady Margaret's Professor of Divinity is elected by the Vice-Chancellor together with the Doctors and Bachelors of Divinity who are also members of the Senate; the Lucasian

Professor of Mathematics, the Norrisian Professor of Divinity, and the Disney Professor of Archaeology are elected by the Heads of Colleges; and the Lowndean Professor of Astronomy and Geometry is chosen by certain *ex officio* Electors. The Regius Professors of Civil Law, of Physic, of Modern History, and the King Edward VII Professor of English Literature are appointed by the Crown.

### SYNDICATES AND COMMITTEES

The routine business of the University is largely managed by Committees appointed by Grace of the Senate and technically known as Syndicates. These have the right to report to the Senate on all matters within their jurisdiction, and the recommendations contained in such reports, if approved by the Senate, become Ordinances and are binding on the whole University. In addition to the permanent Syndicates, occasional Syndicates are from time to time appointed to superintend particular changes, as for instance the erection of new buildings, or to enquire into and report on particular questions of University policy or reform.

The appointment of Syndicates is subject to the two following General Regulations:—

(1) Syndics who cease to reside in the University cease to be reckoned as Syndics, but it is lawful to appoint as Syndics members of the Senate who are not in residence.

(2) Retiring members of permanent Syndicates are not eligible for re-election 'except by a Special Grace in which it shall be stated that in the opinion of the Council there are special grounds which make the retirement of such member or members inexpedient.' The bodies described below to which this rule applies are marked with an asterisk.

#### \*BOTANIC GARDEN SYNDICATE

The Botanic Garden Syndicate consists of the five Statutory Governors—the Vice-Chancellor, the Masters of Trinity and St John's, the Provost of King's, and the Regius Professor of Physic—with the Professor of Botany and six members of the Senate elected by Grace for three years, two retiring by rotation every year. The Vice-Chancellor or his deputy and three other members form a quorum. The Syndicate is required to meet at least once in every term, and to make an annual report to the Senate of the state of the Garden, together with a statement of the accounts.

The Syndicate is empowered to order generally all such things as may be necessary for the proper cultivation and maintenance of the Garden; it being distinctly understood that in any question of considerable expense application be made to the Senate for its express sanction and authority. The detailed management of the

Botanic Garden buildings is also committed to the Botanic Garden Syndicate.

#### BUILDING COMMITTEE

The Building Committee consists of the Secretary of the University Buildings Syndicate (see p. 350) *ex officio* and of three members of the Syndicate nominated by the Council of the Senate and appointed by Grace to serve for three years, one retiring by rotation every year. The members of this Committee are *ex officio* members of any Building Syndicate that may hereafter be appointed to superintend the erection of new buildings or the extension of existing ones.

A member of the Committee ceasing to be a member of the University Building Syndicate *ipso facto* ceases to be a member of the Committee; but a member of the Committee who has become, as such, an *ex officio* member of a particular Building Syndicate, does not vacate his place on that Syndicate, although, in consequence of his ceasing to be a member of the Building Committee, he may cease to be an *ex officio* member of the Syndicate.

#### CLASSICAL ARCHAEOLOGY COMMITTEE

The administration of the Museum of Classical Archaeology is entrusted to a Curator under the direction of a Committee of six members of the Senate, of whom three are nominated to the Senate for election by the Special Board for Classics, and three by the Fitzwilliam Museum Syndicate, to serve for a period of three years. The Reader in Classical Archaeology is *ex officio* Curator of the Museum; he acts as Secretary to the Committee, and under their direction he exercises a general superintendence over the Museum and its staff. It is the duty of the Committee to present a report every year to the Senate.

#### DEPARTMENTAL LIBRARIES COMMITTEE

The administration of the Departmental Libraries accommodated in the Arts School in Bene't Street (see p. 106) is entrusted to a Committee consisting of three persons appointed from their own number by the University Buildings Syndicate and two persons appointed by the Senate on the nomination of the Council of the Senate. The appointment of members of the Committee is made annually in the Michaelmas Term for the ensuing civil year. The Committee has authority (a) to allocate the space available for Libraries in the Arts School amongst the several Departments for whose Libraries accommodation in the Building has been provided by the University Buildings Syndicate; (b) to determine the distribution among the Boards of Studies concerned of any grants that may be made to these Libraries without being expressly assigned to any particular Library; (c) to fix the hours during which the Libraries shall be open.

The Committee exercises a general control over the Libraries, provided that the Boards of Studies concerned with the various Libraries retain the following powers: i. Each Board is empowered to authorise the purchase of new books, to provide (if they think fit) a special catalogue, and to defray other incidental expenses, from the funds at their disposal. The accounts of each Library must be audited by the Committee. ii. Each Board has authority to accept presents of books, subject to the condition that no books shall be accepted except on the understanding that the Board or other authority shall be at liberty to dispose of them by sale or otherwise if they are found to be no longer required for the purposes of the Departmental Library. iii. Each Board is at liberty to dispose of books no longer required for the purposes for which its Library is intended, provided that before any book is otherwise disposed of it shall be offered to the Syndics of the University Library for transference to that Library if an equally good copy is not already contained therein. iv. Each Board is empowered to make rules for the use of its Library by students and others, including rules for the borrowing of books, if the Board think that such borrowing should under any conditions be allowed.

#### FIELD LABORATORIES COMMITTEE

By Grace of 6 June 1913 the administration of the Field Laboratories connected with the Department of Agriculture was entrusted to a managing Committee consisting of the Drapers Professor of Agriculture, the Professor of Pathology, the present Quick Professor of Biology, the Reader in Chemical Physiology, and the University Lecturer in Agricultural Physiology, with power to add to their number.

The repairs and insurance of the buildings of the Field Laboratories are under the control of the University Buildings Syndicate, but all other expenses connected with the Field Laboratories are paid out of the funds at the disposal of the managing Committee, who have under their control the assignment of the lands and buildings as between the several departments, and who are responsible for the engagement, dismissal, and payment of servants.

The managing Committee are required to prepare and keep the accounts of the Field Laboratories in such form as may be approved by the Financial Board, the accounts being annually audited in such manner as the Financial Board may direct.

#### \*FITZWILLIAM MUSEUM SYNDICATE

The Fitzwilliam Museum Syndicate consists of the Vice-Chancellor and eight other members of the Senate elected by Grace to serve for four years, two retiring in rotation every year. There must be at least two meetings in every term. If any

member of the Syndicate other than the Vice-Chancellor be absent from all the meetings of the Syndicate during one term his place on the Syndicate becomes vacant at the end of that term, provided that two meetings at least have been held of which at least three days' previous notice has been given. No business may be transacted at any meeting unless at least four members are present, but in cases of emergency a smaller number may act, provided they be unanimous.

The Syndicate has charge of the buildings of the Fitzwilliam Museum and all other rooms of whatever kind connected therewith; appoints and dismisses the staff; provides out of the income of the Fitzwilliam Fund for the maintenance of the buildings and collections under their charge, provided that any question involving exceptional expenditure or alterations be referred to the Senate for its approval; and reports annually to the Senate.

#### \*HIGHEST GRADE SCHOOLS EXAMINATION SYNDICATE

The Syndicate for the inspection and examination of Schools, known as the Highest Grade Schools Examination Syndicate, consists of the Vice-Chancellor and twelve other members of the Senate elected by Grace to serve for four years, three retiring by rotation every year, the Vice-Chancellor or his deputy and three other members forming a quorum. The duties of the Syndicate are to receive and deal with all applications for inspection and examination; to nominate examiners; to grant certificates; and to report at least once a year to the Senate. They appoint a Secretary who holds office during their pleasure.

For the purpose of co-operation with other Universities the Syndicate is authorised to confer with any Delegacies or Committees of such Universities and to prepare for adoption by the Senate such Regulations as may seem to them desirable for securing combined action. Under this authority arrangements have been made with the Delegates of the University of Oxford for forming a joint Board with the view of securing combined action in the inspection and examination of Schools.

The Syndicate has also been recently empowered to cooperate with the Board of Education with a view to the establishment of a general Examination for Secondary Schools to be conducted by University examining bodies recognised for this purpose, on the results of which certificates would be issued to successful candidates.

\* \* An account of the Examinations conducted by the Highest Grade Schools Examinations Syndicate will be found in Chapter xxv of the *Student's Handbook*.

**\*LIBRARY SYNDICATE**

The Library Syndicate consists of the Vice-Chancellor and of sixteen other members of the Senate elected by Grace to serve for four years, four retiring in rotation every year. The principal duties of the Syndicate are to supervise the management of the Library and give orders for the purchase, classification, and arrangement of the books, for the provision of book-cases and other fittings, and for all ordinary repairs, and to control the expenditure of all moneys devoted to the purposes of the Library. They are required to hold at least two meetings in every term, the quorum for the transaction of business being five. The Syndicate must make an annual report to the Senate concerning the state of the Library.

**\*LOCAL EXAMINATIONS AND LECTURES SYNDICATE**

The Local Examinations and Lectures Syndicate consists of the Vice-Chancellor, fifteen members of the Senate elected to serve for five years, three retiring by rotation every year, and the Principal Secretaries of the Syndicate.

The duties of the Syndicate in connexion with Local Examinations are (1) to conduct the Preliminary Local Examination, the Examination for Junior Students, and the Examination for Senior Students, appointing the Examiners in every year, prescribing the subjects of examination, and fixing the time and place of the examinations and the fees to be paid by candidates, making an annual report to the Senate; (2) to undertake the examination and inspection of schools; (3) to conduct the Higher Local Examination for Men and Women. The Syndicate has also been recently empowered to cooperate with the Board of Education and other bodies in the provision of Examinations designed for pupils at Secondary Schools and in the issue of certificates awarded in such examinations.

The duties of the Syndicate in connexion with Local Lectures are to organise and superintend courses of lectures and classes at such places as they may select, and to hold examinations in connexion therewith, on condition that all the funds which may be necessary are guaranteed by the local authorities; and they make an annual report to the Senate. They are also empowered to appoint persons who are not members of the Senate on a Committee of the Syndicate for the general management, subject to the control of the Syndicate, of Tutorial Classes, arranged in connexion with the Workers' Educational Association.

The functions of the Syndicate in connexion with the admission of Women to University Examinations and to Research are referred to on pp. 412-17 below.

The detailed management of Syndicate Buildings (see p. 124), the office of the Syndicate, is also committed to the control of the Syndicate.

\*.\* An account of the Examinations conducted by the Local Examinations and Lectures Syndicate will be found in Chapter xxv of the *Student's Handbook*.

### LODGING HOUSES SYNDICATE

1. That a Syndicate shall be constituted consisting of the Vice-Chancellor, the Proctors, the Proctors of the preceding year, and four other members of the Senate elected by Grace.

2. I hereby certify that I have examined the house of the above-named applicant; that it is capable of accommodating in a proper manner besides the family of the applicant the number of students proposed in the application; that it is satisfactory from a sanitary point of view; that it is so arranged as to enable the applicant to comply with all the regulations of the Syndicate; that the lodgings are healthy and clean; and that the prices stated above appear to me to be reasonable.

15. That before receiving a licence every applicant shall sign the following promise and declaration:

I declare that the house in which I desire to let lodgings is in my own occupation.

I hereby promise that:

1. I will not let my lodgings to any student without written permission from his Tutor, and I will not require him to take them for more than one term certain:
2. I will shew my licence, if required, to any student desirous to take my lodgings:
3. Before I receive as lodger any person who is not a member of the University I will obtain written permission from the Syndicate; and also from the Tutor of each student lodging in my house at the time:
4. I will report to the Syndicate the names and Colleges of all students lodging in my house, with such other particulars as the Syndicate may require:
5. except by the master or mistress in person, or by a representative approved by the Syndicate;

6. I will not allow on any account a key of any outer door of my house to any lodger:
7. I will note down the time after ten o'clock (or such earlier hour as the University or College authorities may direct) at which any student lodging in my house enters or leaves the house, and will deliver or send by a responsible person a statement thereof once a week, or oftener if required, to the College authorities, with a special note of occasions on which such student has so entered or left without his academical dress:
8. In case a student lodging in my house has not entered or left the house after ten o'clock during any week, I will send a statement to that effect at the end of the week:

---

The Syndicate is empowered to appoint a Secretary<sup>1</sup>, whose duty it is to attend the meetings of the Syndicate, to inspect annually all houses in which it is desired to let lodgings, to report thereon to the Syndicate, and generally to assist the Syndicate, as may be ordered from time to time. The Secretary is by preference a resident member of the Senate. He is appointed by an absolute majority of the Syndicate for a period not exceeding three years; and receives from the University Chest a stipend not exceeding £150 per annum.

Ordinary Licences may be granted for rooms in houses situated within the precincts of the University, which are defined as extending two miles and a half from Great St Mary's Church, measured in a direct line.

The Board consists of twelve members nominated six by the Council of the Senate and six by the General Board of Studies for election by the Senate, and four members vacate office each year, their places being filled by four members elected in the same way. The Board is required to obtain from the Boards of Studies schedules (to be approved by the Senate) of the examinations in principal subjects, arrange for lectures in subsidiary subjects, supervise generally the studies and examinations for the Ordinary B.A. Degree, and carry out such other duties as may be entrusted to them by the Senate. Changes in the principal subjects may be made by the Senate on the recommendation of a Board of Studies after consultation by that Board with the reconstituted Board of Examinations, and the subsidiary subjects for each year are under the control of the reconstituted Board of Examinations, and that Board announces the subjects and lectures for each academic year before the division of the preceding Easter Term.

It is the duty of the Board to consult together from time to time on all matters relating to the state of the Previous and Special Examinations and the Preliminary Examination in Science, and in particular as to the standard for passing; and they may require from the Examiners any information on these points which they may deem necessary. It is also the duty of the Board to advise the Examiners in regard to the standard to be maintained as well as in regard to other matters connected

with the examinations placed under their supervision, and to consider all such questions as the Examiners may refer to them; to nominate all the Examiners for the Previous Examinations and the Preliminary Examination in Science, the subjects in which each Examiner shall examine being specified in the Grace for his election; to appoint one of the Examiners in Part I and one of the Examiners in Part II and one of the Examiners in Part III of the Previous Examination as Chairmen of the Examiners in these examinations respectively; to provide suitable accommodation for the examination of the candidates in the Previous and Special Examinations; to consider the cases of persons whose names have been omitted from lists of candidates, and to give or withhold permission for such persons to be examined; to consider the cases of persons who are unable from illness to present themselves at the examination, and to give or withhold permission for such persons to be examined privately.

It is also the duty of the Board to arrange for the provision of suitable accommodation for the examination of the candidates in all University Examinations; to provide such clerical assistance as may be necessary to enable the Examiners in University Examinations to carry out such duties as may be assigned to them by Ordinance with regard to the drawing up of lists of absentees and the arrangement and despatch of answer-papers (see p. 312), and to give the Examiners information of these arrangements; and to prescribe the conditions, if any, under which candidates whose names appear in the Corrected List may be admitted to an Examination after the time at which such Examination is announced to begin.

### SPECIAL BOARDS OF STUDIES

The University also has power to vary by Grace from time to time on the recommendation of the General Board of Studies the assignment of Professors to the several Special Boards, and to appoint any Professors *ex*

*officio* members of one or more Special Boards other than those to which they shall have been severally assigned by Statute.

It is the duty of every Special Board to consult together from time to time on all matters relating to the studies and examinations of the University in its department, and to prepare, whenever it appears to them desirable, and present to the Vice-Chancellor, a report to be published by him to the University. The Board is also required, after consultation with the Professors, Readers, and University Lecturers connected with its department, to frame a scheme of lectures in every year: taking care to provide that the subject of the said lectures be determined with regard to the general objects of every particular Professorship, and so to distribute the several branches of learning in the department among the said Professors, Readers, and University Lecturers; having regard also to the regulations and instructions which the General Board of Studies may have issued. Every scheme so settled by any Special Board must be submitted to the General Board of Studies, and no scheme may be taken to be final until it has received the approval of the General Board.

Two or more Special Boards may deliberate together, and take such action in common as may appear to them desirable.

The Regulations which at present determine the constitution of the Special Boards are as follows:—

I. That each Reader appointed in accordance with the provisions of Statute B, Chapter VII be a member of the Special Board of Studies with which his Readership is connected.

17. All Graces or Supplicants which are offered to the Senate for its sanction shall be read audibly at the Congregation by the Senior Proctor: and any member of the Senate who objects to any Grace or Supplicat

<sup>1</sup> The Council of the Senate in 1904 adopted the following Standing Order in regard to their procedure in passing Supplicants for higher degrees, and published it for the information of Praelectors of Colleges: "When a candidate for a higher degree has been approved for the degree and when publication of such approval is required from the Vice-Chancellor, the Council does not pass the Supplicat for the degree until at least two days after the Vice-Chancellor has published the name as approved. Publication of the approval is made by a notice either in the *University Reporter*, or on the door of the Senate House or of the University Schools, or in such other place, accessible to Members of the Senate, as the Vice-Chancellor thinks fit."

may signify his opposition by pronouncing the words *non placet* immediately after such Grace or Supplicat has been read.

18. Whenever any member of the Senate has thus signified his opposition, the Senior Esquire Bedell shall once or oftener, if necessary, call out in an audible voice *Ad scrutinium* : the Senate-House shall be completely cleared from the West end as far Eastwards as may be necessary of persons who are not members of the Senate : and the members of the Senate present who desire to vote shall take their seats, if they are in favour of the Grace or Supplicat just read, on the South side of the Senate-House ; if opposed to it, on the North side.

19. If in the opinion of both the Proctors, the result of such a division is obvious, the Senior Proctor shall forthwith declare the result without taking the votes singly : but any two members of the Senate may in any such case, if they think fit, request the Vice-Chancellor to direct that the votes be taken singly, and the Vice-Chancellor shall thereupon direct that the votes be taken singly.

20. Whenever the votes of the members of the Senate are taken singly either in consequence of the Vice-Chancellor's direction or because the Proctors do not regard the result of the division as obvious, those members of the Senate who are in favour of the Grace or Supplicat shall vote on the South Side and those who are opposed to it on the North Side of the Senate-House. The votes of those who are on the South Side shall be taken singly by the Senior Proctor and the Senior of the two Pro-Proctors nominated by Colleges or their respective Deputy or Deputies, and the votes of those who are on the North Side shall be taken singly at the same time by the Junior Proctor and the Junior of the two Pro-Proctors nominated by Colleges or their respective Deputy or Deputies.

Each member of the Senate who votes shall vote by delivering to a Proctor (or to a Pro-Proctor) a card on which shall be inscribed

- (i) his name, degree, and college,
- (ii) the word *placet* or the words *non placet* (as his vote may be).

The voting cards of the Vice-Chancellor and of members of the Senate seated on the dais shall be collected by the Proctors and the Pro-Proctors on the respective sides of the Senate-House.

In taking the votes of members of the Senate who are not seated on the dais, the Proctor and the Pro-Proctor on either side of the Senate-House shall stand together near the dais. Each such member of the Senate who votes shall proceed from the East End by the side on which he intends to vote as far as the Proctor and the Pro-Proctor on that side ; shall deliver his voting card to the Proctor (or to the Pro-Proctor) ; and shall then return towards the East end of the Senate-House by a space down the centre.

The process of voting singly is indicated in the accompanying diagram:

FF...are the forms on which members of the Senate would sit when voting collectively (regulation 18, p. 371).

PPPP are the positions assumed by the Proctors and the Pro-Proctors when they receive single votes.

BBBB are barriers securing a central space.

When votes are taken, members of the Senate on the respective sides would pass, in the direction of the arrows, between the forms and the barrier on their own sides; they would then deliver their voting cards to the Proctor (or to the Pro-Proctor) stationed at the West end of the barrier; then, proceeding round the West end of the barrier in the direction indicated by the arrows, they would return towards the East end of the Senate-House along the central gangway.

The Council are of opinion that the writing on the cards might be either in ink or in pencil; and they have not specified the kind of card on which the votes should be recorded. It would be easy to provide cards at the entrance to the Senate-House, by which members of the Senate might vote; they also consider that a visiting card, with entries completed in the manner prescribed in the proposed Ordinance, might be admissible for voting purposes.

The barriers would occupy the same positions as on days of General Admission, when they are found convenient in connection with the arrangements for the presentation and admission of candidates for degrees. They could conveniently be used even on days when the number of candidates for degrees is much smaller than on a day of General Admission. The candidates would approach the Vice-Chancellor along the central gangway, pass round the South Barrier at its West end, and return towards the East end of the Senate-House by the passage between the forms and the barrier.

21. When the results of the voting have been ascertained the Senior Proctor, after communicating the numbers of the votes on each side to the Vice-Chancellor, shall declare them publicly to the Congregation<sup>1</sup>.

Notice of Graces to be brought forward for the approval of the Senate is given in the *University Reporter*, which also contains a record of *Acta*, including all Degrees conferred at all Congregations. In this are also printed Reports of the Council of the Senate, and of the various Syndicates and Boards, notices of vacant university offices and of the persons chosen to fill them, the results of University Examinations, the award of Scholarships and Prizes, and other official information of the proceedings of the University. An ordinary number of the *University Reporter* is published on every Tuesday during Full Term, and additional numbers at any other time at the discretion of the Vice-Chancellor.

Congregations have been announced for the following days of the current academical year:—

<sup>1</sup> The Council of the Senate made the following Minute, 20 January, 1902: "That the voting cards handed by the Proctor after a division in the Senate House to the Registry, are delivered to him on behalf of the Chancellor (or Vice-Chancellor), whose sanction is accordingly requisite before names are copied from these cards; and that it is desirable that the precedent set on this head in 1897, when the sanction of the Vice-Chancellor was obtained before the votes were published, should be followed in future."

## THE RIGHT OF VOTING IN THE SENATE

The following have by statute the right of voting in the Senate: the Chancellor, the Vice-Chancellor, Doctors of Divinity, Law, Medicine, Science, and Letters, Doctors of Music who before being admitted to their first degree have kept by residence at least nine terms<sup>1</sup>, Bachelors of Divinity, and Masters of Arts, Law, Surgery, and Music. The right may not, however, be granted to anyone who has been admitted to a Degree *honoris causa*, or who has migrated from another University, unless either before or after his admission to such Degree or his migration he has kept by residence in Cambridge the greater part of each of three terms. No one who has been admitted to the title of a Degree only thereby gains the right of voting.

The names of all persons entitled to vote must be inscribed by the Registrar in a Register or book provided for the purpose. No one is allowed to vote or have his name inscribed in the Register who has either refused, or after due warning neglected, to pay any fees, fines, or other dues required by the University.

Persons who have continued to be members of the University from the time of their admission to their first Degree have their names inscribed in the Register at the time of completing their Degree by creation. If any one has not continued to be a member of the University from the time of admission to his first Degree, his name may be inscribed in the Register at the time of completing his Degree by creation, or at any later time, if he pays all fees, fines, and other dues which he would have been called upon to pay if he had been a member of the University continuously from the time of admission to his first Degree. Any one whose name has been inscribed in the Register and afterwards removed may have his name inscribed again if he pays all fees, fines, and other dues which he would have been called upon to pay if his name had continued on the Register from the time at which it was removed.

The University has power to prescribe by Grace a sum or sums of money to be accepted in lieu of the fees, fines, and other dues mentioned in the two preceding cases; but in neither case is the person whose name is so inscribed in the Register entitled to vote within a period of 180 days after the inscription of his name.

Those persons who have the right of voting in the Senate are deemed to be the members of the Senate.

All members of the University who have already been admitted to a Degree are required to pay to the University in every year the sum of seventeen shillings by four equal quarterly payments of four shillings and threepence<sup>3</sup>. But the following scale of compositions is in force for persons

<sup>1</sup> A proposed new Statute, which is awaiting the approval of the King in Council here inserts the words "Doctors of Philosophy at the end of seven years from the beginning of their first term of residence, provided that not less than two years have elapsed since their creation."

<sup>2</sup> This residence is reckoned by days. Such persons must reside within the precincts of the University, and shall not be considered to have resided on any day unless they have spent the following night within the precincts of the University.

<sup>3</sup> For members of the University who matriculate after the end of the Lent Term, 1915, a different scheme is in force. This is described on p. 171.

matriculated before the end of the Lent Term, 1915<sup>1</sup>, in lieu of future capitation tax and of all sums payable for back dues (see next paragraph).

| Standing from date of inauguration<br>of first degree | Amount of Composition |    |    |
|-------------------------------------------------------|-----------------------|----|----|
|                                                       | £                     | s. | d. |
| Not more than five years                              | 8                     | 0  | 0  |
| More than five years                                  | 7                     | 0  | 0  |
| More than fifteen years                               | 6                     | 0  | 0  |
| More than twenty-five years                           | 5                     | 0  | 0  |

Any person who, having taken a Degree qualifying him for voting in the Senate, but not having hitherto obtained the right of voting from his name not having been kept on the boards of his College, makes application to have his name placed upon the Register, he is required to pay to the Vice-Chancellor a sum of money equal to the sum of all the payments which he would have made to the University if his name had continued on his College Boards, provided that when these fees, fines, and dues exceed £5, the sum of £5 may be accepted in lieu thereof (but see the preceding paragraph).

The Register of Voters is revised and promulgated by the Vice-Chancellor, early in October of every year; and at the time of promulgation he fixes some convenient time and place for publicly hearing objections to the Register which any member of the Senate may make on the ground of any person being improperly placed on or omitted from it, when, if such objection shall appear to the Vice-Chancellor to be well founded, he corrects the Register accordingly<sup>2</sup>.

Persons chargeable with quarterly payments to the University who do not provide for the making of these payments through their respective Colleges, or Public Hostels, or the Non-Collegiate Students Board, as the case may be, may make them direct to the Registry, but any member of the Senate who allows his payments to fall into arrear is liable to have his name removed from the Register. A list of members of the Senate whose names are not on the Boards of any College is given below (see index).

## STATUTES OF THE UNIVERSITY

The Electoral Roll and the Council of the Senate were established and are still governed by the Cambridge University Act of 1856. In other matters the University is controlled by Statutes made by Commissioners in pursuance of the Universities of Oxford and Cambridge Act of 1877, and approved by the Queen in Council in 1882. These Statutes are, however, subject to alteration from time to time by new Statutes made by the University under the Act of 1877. The procedure is as follows:

There is a Committee of His Majesty's Privy Council called the Universities Committee, consisting of the President of the Council, the Archbishop of Canterbury, the Lord Chancellor, the Chancellor of the University of Oxford if a member of the Privy Council, the Chancellor of the University of Cambridge if a member of the Privy Council, and such other member or two members of the Privy Council as His Majesty may

<sup>1</sup> See note 3 on p. 374 above.

<sup>2</sup> The Register of Members of the Senate is published by the University Press in the Michaelmas Term of each year: price 1s.

appoint, that other member, or one at least of those two other members, being a member of the Judicial Committee of the Privy Council. The powers and duties of the Universities Committee may be exercised and discharged by any three or more members of the Committee one of whom shall be the Lord Chancellor or a member of the Judicial Committee of the Privy Council.

The University, within one month after making a statute, shall cause it to be submitted to His Majesty the King in Council, and notice of it having been so submitted shall be published in the *London Gazette*...

At any time within three months after the gazetting of a statute, the University or the Governing Body of a College, or the trustees, governors, or patron of a University or College emolument, or the Principal of a Hall, or the Governing Body of a school, or any other person or body, in case the University, College, emolument, Hall, school, person, or body, is directly affected by the statute, may petition the King in Council for disallowance of the statute, or of any part thereof.

It shall be lawful for the King in Council to refer any statute petitioned against under this Act to the Universities Committee.

The petitioners shall be entitled to be heard by themselves or counsel in support of their petition.

It shall be lawful for the King in Council to make, from time to time, rules of procedure and practice for regulating proceedings on such petitions.

The costs of all parties of and incident to such proceedings shall be in the discretion of the Universities Committee; and the orders of the Committee respecting costs shall be enforceable as if they were orders of a Division of the High Court of Justice.

If the Universities Committee report their opinion that a statute referred to them, or any part thereof, ought to be disallowed, it shall be lawful for the King in Council to disallow the statute or that part, and thereupon the statute or that part shall be of no effect.

If a statute is not referred to the Universities Committee, then, within one month after the expiration of the time for petitioning against it, the statute shall be laid before both Houses of Parliament, if Parliament is then sitting, and if not, then within fourteen days after the next meeting of Parliament.

If a statute is referred to the Universities Committee, and the Committee do not report that the same ought to be wholly disallowed or to be remitted to the Commissioners, then, as soon as conveniently may be after the report of the Universities Committee thereon, the statute, or such part thereof as is not disallowed by Order in Council, shall be laid before both Houses of Parliament.

If neither House of Parliament, within twelve weeks (exclusive of any period of prorogation) after a statute or part of a statute is laid before it, presents an address praying the King to withhold his consent therefrom, it shall be lawful for the King in Council by Order to approve the same.

### *Interpretation of Statutes*

If any doubt arises with respect to the true meaning of any statute made by the Commissioners for the University of Cambridge, the Council of the Senate may apply to the Chancellor of the University for the time being, and he may declare in writing

the meaning of the statute on the matter submitted to him, and his declaration shall be registered by the Registry of the University, and the meaning of the statute as therein declared shall be deemed to be the true meaning thereof.

### ORDINANCES OF THE UNIVERSITY

The University has power to make Ordinances for the encouragement of learning and the maintenance of good order and discipline provided that they be not contrary to anything contained in the Statutes of the University.

The *Book of Ordinances*, edited by the Registry, is published from time to time as the Council of the Senate may direct.

### UNIVERSITY EDICTS

\*.\* Other Edicts relate to University discipline as it affects members of the University *in statu pupillari*. The substance of these will be found in the *Student's Handbook*.

By the 17th section of the Cambridge Award Act of 1856 the power of Discommuning, by which members of the University *in statu pupillari* are 'prohibited from dealing with such persons as have or shall have infringed or not complied with rules or decrees made from time to time by the authorities of the University and publicly proclaimed' was continued, subject to two provisos: (1) 'that notice shall be given to the person in respect to whom the power is proposed to be exercised in order that he may attend, if he think fit, to show that the rules have not been infringed or, to explain the circumstances under which they have been infringed'; and (2) 'that the said power shall not extend to discommune any person for adopting legal remedies for the recovery of a debt without having given previous notice to the University or College Authorities, or to the deprivation or suspension of a wine licence.'

At the present time the following edicts affecting Tradesmen have been publicly proclaimed, and are in force:

#### (1) *Debts*

Whereas it is highly injurious to the good order and discipline of the University that persons *in statu pupillari* should borrow money, or contract, without the knowledge of their Tutors, large debts or debts with a long extension of credit;

*Notice is hereby given,*

That if any vintner, victualler, livery-stable keeper, tradesman, dealer, keeper of a motor warehouse, or other person, having a motor vehicle or motor vehicles for hire, or other person shall take from any Undergraduate or Bachelor of Arts, without the knowledge and consent of his College Tutor, or, in the case of Non-Collegiate Students, of the proper officer of the Non-Collegiate Students Board, any promissory note, bill of exchange, bond or other security in writing, he shall for so doing be liable to be discommuned.

*Notice is also given,*

That every vintner, victualler, livery-stable keeper, tradesman, dealer, or keeper of a motor warehouse, or other person, having a motor vehicle or motor vehicles for hire, to whom any Undergraduate or Bachelor of Arts or Law shall now or hereafter be or become indebted in a sum or sums exceeding in the whole the amount of five pounds, is hereby required to send to the College Tutor of such Undergraduate or Bachelor of Arts or Law, or, in the case of Non-Collegiate Students, to the proper officer of the Non-Collegiate Students Board, on the last day of each term a statement of any debt or debts exceeding in the whole the amount of five pounds which have been incurred at any time previous to the seventh day before the end of Full Term, and shall not have been paid before the last day of the term; and a statement shall also be sent on the first day of September of any debt or debts exceeding in the whole the amount of five pounds incurred at any time previous to that date and remaining unpaid on that date. If it shall be proved to the satisfaction of the Vice-Chancellor and Heads of Colleges that any such person has failed to comply with this regulation he shall be liable to be discommuned.

### (2) *Loans of Money*

Whereas it is highly injurious to the good order and discipline of the University, that persons *in statu pupillari* should obtain loans of money by means or under colour of giving an order for wine, clothes, or other articles:

*Notice is hereby given,*

That if any vintner, victualler, tradesman, dealer, or other person shall directly or indirectly lend or procure the loan of any sum of money to any person *in statu pupillari*, in consideration of any order for wine, clothes, or any other article whatsoever, he shall for so doing be liable to be discommuned.

*Notice is also given,*

That if any vintner, victualler, tradesman, dealer, or other person shall supply, or pretend to supply, to any person *in statu pupillari* any wine, clothes, or any other article whatsoever, with the knowledge that such article supplied, or pretended to be supplied, will be made use of to procure money, he shall for so doing be liable to be discommuned.

*Notice is also given,*

That if any vintner, victualler, tradesman, dealer, or other person shall by any false pretence as to the supply of goods or any other false pretence obtain, or attempt to obtain, the payment of any loan made to a person *in statu pupillari* he shall be liable to be discommuned.

### (3) *Tandems, Coaches, etc.*

Whereas students of the University have lately been observed driving tandems and four-in-hand carriages;

And whereas such practice is highly injurious to the discipline and good order of the University, as well as dangerous;

*Notice is hereby given,*

That if any innkeeper, or livery-stable keeper, or any other person shall be proved to have let out for hire, or in any way to have furnished a tandem, coach, or four-in-hand vehicle, or horses for the same, for the purpose of being driven by a person *in statu pupillari*, or shall suffer a person *in statu pupillari* to drive such tandem, coach, or four-in-hand vehicle, he shall for so doing be liable to be discommuned.

(4) *Entertainments at Taverns and Public Rooms*

Whereas it has been found to be injurious to the good order and discipline of the University that persons *in statu pupillari* should take part in entertainments at taverns or public rooms without the knowledge and consent of the authorities of the University:

*Notice is hereby given,*

That if any cook, victualler, vintner, or other tradesman shall supply victuals or wine for any entertainment of more than five persons *in statu pupillari* at any tavern or public room without a written permission from the Senior Proctor, or in his absence the Junior Proctor, he shall for so doing be liable to be discommuned.

(5) *Boating on the river above Newnham*

Whereas it has been found to be extremely dangerous for persons who are unable to swim to use boats on the River above Newnham:

*Notice is hereby given,*

That if any boat-builder or other person shall let out any boat for hire and for use upon the part of the River above Newnham to any person *in statu pupillari* he shall for so doing be liable to be discommuned unless (a) the name of such person appears in the official list of members of the University *in statu pupillari* who have presented satisfactory certificates of being able to swim and (b) such person has signed his name in a book provided by the University and kept by the boat-builder or other person from whom the boat is hired.

(6) *Driving on Sundays*

Whereas students of the University have of late been observed to drive out of Cambridge on Sundays in dog-carts and other vehicles and to conduct themselves in a noisy and disorderly manner in villages in the neighbourhood of Cambridge:

*Notice is hereby given,*

That if any innkeeper or livery-stable keeper or any other person shall let out for hire or in any way supply a dog-cart or other vehicle or a horse or horses for the same for the use on a Sunday of a person *in statu pupillari*, or shall suffer a person *in statu pupillari* to use any such dog-cart or other vehicle on a Sunday, without the written permission of the Tutor of such person, the Principal of his Hostel, or the proper officer of the Non-Collegiate Students Board, as the case may be, he shall for so doing be liable to be discommuned.

The word vehicle as used in this Edict shall include any kind of motor-propelled vehicle.

(7) *Hiring and housing motor vehicles*

Whereas it has been found desirable to assist the ready identification of persons *in statu pupillari* making improper and inconsiderate use of hired motor vehicles:

*Notice is hereby given,*

That if any tradesman, keeper of motor warehouse, or other person shall let out any motor car, motor bicycle, or other motor vehicle for hire to any person *in statu pupillari* he shall for so doing be liable to be discommuned unless such person *in statu pupillari* at the time of hiring such motor vehicle shall have signed his name in a book provided by the University and kept by the tradesman, keeper of motor warehouse, or other person from whom the motor vehicle is hired.

This notice shall not extend to persons licensed by the Watch Committee of the Borough to drive motor vehicles regularly plying for hire.

Further, that if any tradesman, keeper of motor warehouse, or other person, having a motor vehicle or motor vehicles for hire, shall fail to furnish to the Junior Proctor (or other member of the Proctorial Body appointed by the Proctorial Syndicate) within a week after the commencement of Full Term a description of such vehicle or vehicles together with the index letter or letters and the registration number or numbers thereof, or shall fail to report to the Junior Proctor, as they occur, any alterations in or additions to the list of such vehicles, he shall for so doing be liable to be discommuned.

And further, that if any tradesman, keeper of a motor warehouse, or any other person having charge of a motor vehicle or motor vehicles on behalf of a member or members of the University *in statu pupillari* shall fail to furnish to the Junior Proctor within a week after the commencement of Full Term a written description of such motor vehicle or vehicles, together with the index letter or letters and the registration number or numbers thereof and the names of such persons *in statu pupillari*, or shall fail to report to the Junior Proctor, as they occur, any alterations in or additions to the list of such vehicles, he shall for so doing be liable to be discommuned.

(8) *Misuse of premises, vehicles, etc.*

*Notice is hereby given,*

That if any innkeeper, tradesman, dealer, livery-stable keeper, motor warehouse keeper, boat-keeper, keeper of a place of entertainment, or other person, who has any dealings with members of the University *in statu pupillari*, shall admit to his premises, or to the use of any vehicle or boat in his charge, any woman whom he knows to be of loose character in such circumstances as might lead to her association with any member of the University *in statu pupillari*, or if in any case of suspicion he shall fail to report at once the whole circumstances of such case to the Senior Proctor (or, in his absence, to the Junior Proctor), he shall be liable to be discommuned.

(9) *Management of places of entertainment*

Whereas there has been a notable increase, more especially in the outlying parts of Cambridge, in the number of places licensed for musical, pictorial, or other entertainments to which members of the University *in statu pupillari* are admitted, and whereas there have been of late numerous cases of disorderly conduct at such places,

*Notice is hereby given,*

That if the keeper of, or person responsible for, such place of entertainment shall fail to maintain good order on his premises, or to observe such regulations as the Proctors may from time to time approve for the admission of persons *in statu pupillari*, he shall for such neglect be liable to be discommuned.

# University Finance

The ordinary income of the University, apart from the income of special trusts, is derived from two main sources, the receipts of the University Chest, and the Common University Fund.

## UNIVERSITY CHEST

The receipts of the Chest for the year ended December 31, 1919, as compared with those of the two previous years were as follows :

|                                  | 1917                    | 1918                    | 1919                    |

The receipts for 1919, which exceed the estimate (£40,100) submitted by the Financial Board last year by nearly fifty per cent. must be regarded as altogether abnormal. They include the matriculation fees of practically two years owing to the large number of matriculations in the Lent Term, as well as in the Michaelmas Term. Both Capitation Tax and Degree Fees yielded considerable sums in the form of arrears.

The total payments from the Chest in the year 1919, excluding allocations of £14823 in respect of the Emergency Grant of £15000 received from H.M. Treasury, amounted to £61283. This sum includes special appropriations of £12000 to Pension Funds and Building Loan sanctioned by Graces 2 and 3 of 6 March 1920 confirming a Report of the Financial Board dated 4 February 1920 (*Reporter*, page 610). Under the authority of Graces 21 and

22 of 6 December 1919, appropriations to the extent of £2500 from the General Account and of £1600 from the Supplementary Account of the Common University Fund have been transferred to the Chest towards meeting the charges for Professors' Stipends, and for Grants to Scientific Departments. A sum of £3226 has been received from Trust Funds under the Emergency Statutes, and a further sum of £102 from Professorial endowments in respect of Fellowships held by Professors. By these means the net charges on the Chest were reduced from £61283 to £53855, leaving a surplus of upwards of £6000 on the year's working.

#### EMERGENCY GRANT.

The first moiety of this grant (£15000) was received last October and is brought to account in the University Accounts for 1919. The second moiety has been received since the accounts for 1919 were closed. The Council of the Senate requested a Committee, on which the Financial Board was represented, to formulate proposals for the allocation of this grant, and their recommendations were subsequently adopted by the Council in a Report dated 19 January 1920 (*Reporter*, page 531) and approved by the Senate by Grace 2 of 14 February 1920. In accordance with these recommendations £9535 was assigned for temporary augmentations of stipends, £5000 to the maintenance of the Library (including an augmentation of the stipend of the Librarian), £6765 to the Maintenance Funds of various Departments, £4000 to meet arrears of expenditure on repairs of University Buildings, and £2780 to the provision of temporary accommodation, leaving a balance of £1920 still to be appropriated.

#### COMMON UNIVERSITY FUND

The Common University Fund is entirely provided by contributions levied upon the Colleges according to a percentage of the income of each.

For this purpose the income of a College is taken to be the gross income, external and internal, including (a) 'the profits, if any, derived from the Hall, Kitchen, Buttery, sale of commodities, and supply of service'; (b) 'such parts of the income arising from the investment of sums received from members of the College for dues thereafter payable to the University or to the College or both as may be applied, either yearly or otherwise, to the general revenue of the College or to any purpose within the College'; and (c) in lieu of the rents of College rooms, the assessment to poor rate of the College buildings.

From the gross income thus calculated, the following deductions may be made:

- (a) Rates, taxes, and insurance on the College buildings.

(b) Rates, taxes, insurances, tithe or other rentcharge, fee farm rents, quit rents, fines on copyhold estates, fines on renewals of leases, if and when paid by the College.

(c) The University dues paid to the University in each year by the College for such of its members as have not made compositions for dues payable to the University or the College.

(d) The cost of maintenance and repairs of the College buildings.

(e) The cost of maintenance, repairs, and improvements on the College estates incurred by the College.

(f) Necessary repairs of chancels in all cases where the same are chargeable upon the College and paid by it.

(g) Compulsory charges on the College estates or general revenue for the augmentation of benefices, and stipends of perpetual curates in parishes where the College possesses tithe rentcharge or land given in lieu of tithe.

(h) The cost of management of the College estates including the stipends paid to College officers for the purpose.

(i) The interest on debts and loans and the repayment of principal money by instalments in all cases in which the debt has been incurred or the loan contracted for the extension of the College buildings or for the improvement of the College estates and such instalments are spread over a period of not less than twenty years.

(k) Such receipts from minerals or other sources as the College is by law required to treat as capital.

(l) Such portions of the income of trust funds as are applicable exclusively to purposes without the College.

(m) One half of the income derived from the tuition fees paid by students.

The net incomes of the Colleges are then charged with such a percentage as will produce an aggregate sum of £30,000 'or such larger sum being not greater than £30,500 as may be found more convenient for the purpose of calculating the rate *per centum* in any year.' Provided that in case it appears at any time hereafter to the Financial Board that the aggregate income of the Colleges has fallen so low that the contribution required would be an excessive burden upon the Colleges, the Chancellor may, upon the application of the Financial Board, inquire into the matter, and if he be satisfied that the fact is so he may at his discretion direct that the amount to be levied be diminished for any period not exceeding five years by any sum not exceeding £6000 for each year of such period. For the purposes of this proviso the Vice-Chancellor may not exercise the power thus given to the Chancellor.

From the contributions so determined each College is entitled to deduct £200 for each Professorial Fellowship in the College held by a Professor of the University.

For the year 1919 the University contribution was fixed by the Financial Board at £30,113. 6s. 10d., to produce which a percentage of  $11\frac{3}{4}$  per cent. on the taxable incomes of the Colleges was required. The assessment and share of each College are shewn in the following table :

|                              | Taxable Income |    |    | Contribution to the University |    |    |

It must be remembered that this assessment of the incomes of the Colleges, although serving as a basis of taxation for University purposes, does not represent the free income at the disposal of any College, as a large part of what is here described as income is subject to special trusts or to statutory restrictions.

The Common University Fund into which the contributions of the Colleges are paid can only be used for certain specified purposes, and no payment out of the Fund may be made without the authority of a Grace of the Senate. These purposes are the following :

The stipends of Professors, Readers, and University Lecturers;  
Retiring pensions;

The salaries of Demonstrators, Superintendents, and Curators, in the several departments of learning and science;

The erection of Museums, Laboratories, Libraries, Lecture-rooms, and other rooms for University business, together with the provision of sites for such buildings, and interest on money borrowed for such purposes, and sinking funds for the repayment thereof;

The maintenance and furniture of such buildings, including the payment of assistants, skilled workmen and servants, and the provision of books, maps, plans, models, instruments, and apparatus;

Grants of money for special work in the way of research, and for investigations conducted in any branch of learning or science connected with the studies of the University.

The amount of the sum paid in any year for the provision of sites and for the erection of buildings and for the maintenance and furniture of buildings, including interest and payments towards sinking funds for the repayment of money borrowed for such purposes, shall not exceed one-third of the income of the Fund for that year.

The receipts and expenditure on account of the Common University Fund during the past three years have been as follows :

So long as a Professor holds any Fellowship or Headship the stipend of the Professorship in any year is reduced by £200 : provided that if in any year the deduction of £200 would reduce the stipend of a Professor below the amount derived from the endowment, the stipend of the Professor for that year shall be the amount derived from the endowment. No Professor shall be deemed to be a Professor of the University for the purposes of a Professorial Fellowship unless by the rules which govern his Professorship he is liable to residence and duties within the University.

#### WAR LOAN RESERVE FUND

In order to meet the loss of income to the University likely to arise when its present holdings in War Loan are paid off, and it becomes necessary to re-invest the money at a lower rate of interest, by a Grace of 7 December 1917, the Financial Board have been authorised, in cases where it seems to them expedient, to set aside a sum not exceeding one tenth of the income derived from 5 per cent. War Loan held for various funds belonging to the University for accumulation in a War Loan Reserve Fund so as to increase the capital available for re-investment when the War Loan is sold or paid off.

#### THE ANNUAL AUDIT

The accounts of all moneys received and expended on behalf of the University, relating to funds administered for general purposes, or in trust or otherwise, are required by statute to be audited once in every year, the time of the Audit, the number of Auditors, and the mode of their appointment being determined by Grace. An abstract of the accounts must be made after the Audit in the form required by Statute A. c. v, and this abstract must be signed by the Auditors and published to the University by the Vice-Chancellor. The accounts of receipt and expenditure of money raised under the borrowing powers of the University must also be annually audited and published to the University.

The Registry is required by statute to attend the audits of University accounts.

The Audit begins on some day not later than December 10 in each year. It is conducted by the Vice-Chancellor and three members of the Senate elected separately by Grace before the division of the Michaelmas Term in each year. Each of the elected Auditors receives a fee of five guineas from the University Chest.

The financial year of the University will terminate in future on 30 September, so as to correspond with the academical year.

PENSIONS<sup>1</sup>

By Grace of 11 February 1897, a Professors' and Readers' Pensions Fund was established, and this applies to the Professors and Readers at present holding office. The more important of the Regulations governing its administration are the following:—

That in cases where a Professor or Reader has held his office for not less than fifteen years and has become incapable of discharging the duties of such office a pension may on his retirement be granted from this fund to such Professor or Reader by Grace of the Senate on the recommendation of the General Board of Studies.

That Professors and Readers on retirement after the age of 65 shall become Emeriti Professors and Readers without statutory duties or powers.

By a new statute approved by the King in Council 14 May 1914, the University has, however, acquired power to require any person elected after that date to any of the offices of Orator, Registrary, Librarian, or Esquire Bedell, or to a Professorship or Readership, to retire from office at such time and under such conditions as may be prescribed in any scheme for retirement and the provision of pensions which shall have been established by Grace before the date of his election. The University has also power to make the provisions of any such scheme apply to any person elected before 14 May 1914 who signifies in writing to the Vice-Chancellor his desire to be placed under the operation of such scheme. In connexion with this statute a Revised Scheme of Pensions has been drawn up and approved by Grace of the Senate, but it does not come into force until some future date to be hereafter determined by Grace. The provisions of this Revised Scheme will be found in the *Ordinances*. The difficulties in the way of its coming into operation are almost entirely financial.

*Pensions for Assistants, Clerks, and Servants*

A Reserve Fund has also been formed on which may be charged pensions for Assistants, Clerks, and Servants. These are granted by Grace of the Senate upon the joint recommendation of the Financial Board and of the Syndicate, Board, or Official of the University by whom the Assistant, Clerk, or Servant has been engaged or employed.

*The Latham Pension Fund*

The Reverend Henry Latham, M.A., Master of Trinity Hall, who died 5 June 1902, made a bequest to the University, to establish a Pension Fund for 'giving assistance, occasional or

<sup>1</sup> The Board of Agricultural Studies and the Solar Physics Committee have obtained from the Senate authority to introduce obligatory contributory pension schemes for the staff employed by them.

annual, to members of the University who have been engaged in University or College work, and who may have become incapacitated by age or infirmity, or to the widows or children of members of the University who may have been so engaged and have died without making sufficient provision for their families.'

The Fund is administered under the following Regulations:—

Applications for pensions or grants from the Fund shall be sent to the Vice-Chancellor in the course of the first half of the Easter Term or in the course of the first half of the Michaelmas Term of any year.

Applications sent to the Vice-Chancellor shall be considered by the Council of the Senate as soon as conveniently may be after the division of the term in which they have been sent in.

If the Council of the Senate are of opinion that a pension or grant should be given they shall submit a Grace to the Senate to that effect, stating the amount of the pension or grant and naming the person or persons who are to benefit thereby.

The Council of the Senate shall be empowered, if they think fit, to adjourn the consideration of any application to any future term.

The accounts of the Fund shall be prepared annually by the Financial Board and published in the University Accounts.

#### *Minutes of the Financial Board*

The following Minutes of the Financial Board, dated 1909, bear on the general administration of University Finance :

That in the opinion of the Financial Board it is desirable that all Reports from Boards, Syndicates, and Departments in the University, which contain recommendations involving new or increased annual expenditure, should be considered at the same time in each year, and that with that object all such Reports should be presented to the Senate not later than the division of the Lent Term in each year.

That in the opinion of the Board it is undesirable that the erection of any new buildings, in addition to those already sanctioned by the Senate, should be undertaken unless a sum of money is provided sufficient not only to cover the cost of building but also to establish a maintenance fund by the investment of a sum not less than one-fourth of such cost.

# University Representation

## PARLIAMENT

The Election of Representatives of the University in Parliament now is governed by the Representation of the People Act, 1918 (8 Geo. V, c. 64).

The University retains the right of sending two members to Parliament, which it has enjoyed since 1603, and this franchise may be exercised in addition to the ordinary franchise, but certain important changes have been made by the Act: (1) The right of voting is no longer restricted to Members of the Senate, but is extended to all graduates, and includes women who would have been graduates if the University had granted Degrees to women students; and (2) In order to promote the representation of minorities, each elector has only one transferable vote. The right of voting by proxy is still retained<sup>1</sup>.

The relevant parts of the Act are as follows

### PERSONS ENTITLED TO VOTE

A man shall be entitled to be registered as a parliamentary elector for a university constituency if he is of full age and not subject to any legal incapacity, and has received a degree (other than an honorary degree<sup>2</sup>) at any university forming, or forming part of, the constituency,... (Part I, s. 2.)

The following notice was issued by the Registry on 14 March 1918:

Any Graduate of the University, who is not already on the Register as a Member of the Senate, is entitled to be registered as a Parliamentary Elector, provided that he makes a claim for the purpose and (if he has not compounded for University dues) pays to the University a registration fee of £1, which has been authorized in view of the expense of preparing and maintaining the Register. Forms for making the necessary claim will be sent on application to the Registry, University Registry, Cambridge, to whom the fee is payable at the time the claim is made.

<sup>1</sup> For the method of voting, see the 'Proxy Paper (Universities) Order, 1918' (*Statutory Rules and Orders*, 1918, No. 1350), where the form of a proxy paper is set out and the regulations with regard to proxies are laid down.

<sup>2</sup> The effect of this provision to disfranchise the holders of complete Degrees *honoris causa*, who have hitherto been entitled to vote at a University election.

The following Minutes have been adopted by the Council of the Senate :

It was agreed that, in the opinion of the Council, a Bachelor of Arts who registers as a University Elector will not, on this ground alone, remain a Member of the University. (11 March 1918.)

That, in the opinion of the Council, persons *in statu pupillari*, who are not on the Boards of their College or Public Hostel or on the Non-Collegiate Students Board, are not, under the existing regulations, members of the University. (29 April 1918.)

A woman shall be entitled to be registered as a parliamentary elector for a university constituency if she has attained the age of thirty years, and either would be entitled to be so registered if she were a man, or has been admitted to and passed the final examination, and kept under the conditions required of women by the university the period of residence, necessary for a man to obtain a degree at any university forming, or forming part of, a university constituency which did not at the time the examination was passed admit women to degrees. (Part I, s. 3 (2).)

The following notice was issued by the Registry on 14 March 1918 :

A woman is entitled to be registered as a Parliamentary Elector for the University if she has attained the age of thirty years and has been admitted to and passed the final examination, and kept under the conditions required of women by the University the period of residence, necessary for a man to obtain a degree at the University. The Act does not require women to claim as a condition of registration, and the names of any women known to be entitled will be registered without their making any claim. The authorities of Girton and Newnham Colleges have undertaken to assist in the formation of the Register by sending in the names of their students who satisfy the conditions. Any information that would make the Register more accurate should be sent to one or other of these Colleges.

### THE REGISTER

...The governing body of every university forming, or forming part of, a university constituency shall cause a register to be kept in such form and made up, if desired, to such dates as they may direct, of persons entitled to vote in respect of a qualification at their university, and shall make the register available for the purpose of university elections for the constituency, and shall on the application of any person allow that person at all reasonable times to inspect and take extracts from the said register. (Part II, s. 19.)

The following Report was issued by the Council of the Senate on May 6, 1918, and was approved by Grace of the Senate on May 31.

The Council of the Senate beg leave to report to the Senate as follows :

By the Representation of the People Act, 1918, the Register of Parliamentary Electors of a University Constituency is to be kept up in such form and made up to such dates as the University may direct.

The Council are of opinion that two Registers should be prepared in each year, one being in force from March 16 to September 15 and the other from September 16 to March 15. They also think it desirable that the

Register should be printed, and that from time to time it should be re-printed or supplements should be issued.

The Council accordingly recommend

(1) That the Register of Parliamentary Electors for the University be prepared and promulgated twice in each year: one being made up to March 15 and remaining in force until the following September 15; the other being made up to September 15 and remaining in force until the following March 15.

(2) That the Register of Parliamentary Electors be printed and placed on sale: provided that for each half-yearly new Register either the whole list be reprinted, or a supplement be issued, as the Vice-Chancellor may direct.

Provided that the governing body may direct that a person who before the passing of this Act has received a degree, but was not entitled to vote in respect thereof, shall have no right to be registered unless he makes a claim for the purpose. (Part II, s. 19.)

The following recommendations of the Council of the Senate, made under this section of the Act, were approved by Grace of the Senate on March 9, 1918:—

A person who before the passing of the Act has received a degree, but was not entitled to vote in respect thereof, shall have no right to be registered as a Parliamentary Elector for the University unless he makes a claim for the purpose.

The Registry shall be authorised to require persons claiming to be registered as Parliamentary Electors to furnish the following particulars: Name (in full); College; Degree and date of degree; Nationality; Present residence.

That the authorities of Girton and Newnham Colleges be invited to assist in the preparation of the Register by giving such information as they possess with regard to qualified women, and in particular by supplying certificates of age and of residence kept.

The following form of claim has been issued by the Registry:

*To be returned to the Registry, Registry of the University, Cambridge*

Members of the Senate are not required to make a claim.

#### CLAIM FOR REGISTRATION AS A PARLIAMENTARY ELECTOR FOR THE UNIVERSITY OF CAMBRIDGE

Name (in full) . . . . .  
College . . . . .  
Degree and date of Degree . . . . .  
Present address . . . . .

Being of full age and a British subject, I claim registration as a Parliamentary Elector for the University of Cambridge in accordance with the above-mentioned particulars.

I enclose herewith the registration fee of £1\*.

(Signed)

Date of Signature,

\* The fee is not payable by those who have previously compounded for University dues.

The governing body of any such university may charge such fee as they think fit, not exceeding one pound, in respect of registration to any person who receives a degree at their university after the passing of this Act, or who has received a degree before the passing of this Act but was not entitled to vote in respect thereof. (Part II, s. 19.)

The following Regulations have been approved by the Senate under this section of the Act:

A registration fee of £1 shall be charged to any person claiming to be placed on the Parliamentary Register who has received a degree before the passing of the Act but was not entitled to vote in respect thereof, provided that the fee shall not be required of any person who has previously compounded for University dues or from any person for whom his College has informed the Registry that it will be responsible in future for his University dues; and if and when any person who has paid the registration fee compounds subsequently for University dues the sum of £1 shall be repaid to him.

A registration fee of £1 shall be charged to any person not subject to any legal incapacity who in future receives a first degree in the University, provided (i) that such registration fee shall be payable at the same time as the degree fee, and (ii) that if and when any person who has paid the registration fee compounds subsequently for University dues the sum of £1 shall be repaid to him.

#### METHOD OF ELECTION

At a contested election for a university constituency, where there are two or more members to be elected, any election of the full number of members shall be according to the principle of proportional representation, each elector having one transferable vote as defined by this Act. (Part III, s. 20 (1).)

The expression "transferable vote" means a vote—

(a) capable of being given so as to indicate the voter's preference for the candidates in order; and

(b) capable of being transferred to the next choice when the vote is not required to give a prior choice the necessary quota of votes, or when, owing to the deficiency in the number of the votes given for a prior choice, that choice is eliminated from the list of candidates. (Part V, s. 41 (6).)

(1) The provisions contained in Part I of the Fifth Schedule to this Act shall have effect with respect to elections for university constituencies other than the Scottish university constituency... and His Majesty may, by Order in Council, make such regulations as appear necessary or desirable for giving full effect to those provisions and for the effective and proper conduct of those elections.

Any such regulations may be made so as to be applicable

generally to elections for university constituencies or specially to elections for any particular university constituency. (Part III, s. 36 (1).)

These Orders in Council were issued on Oct. 23, 1918 (Nos. 1348, 1349, 1350, of the *Statutory Rules and Orders* of 1918). No. 1348, "The University (Single Transferable Vote) Regulations, 1918," explains the mode in which the returning officer is to proceed in transferring votes. No. 1349, "The University Elections (Miscellaneous Provisions) Order, 1918," relates to candidates' deposits, voting in person, withdrawal of candidates, certification of returns. No. 1350, "The Proxy Paper (Universities) Order, 1918," refers to votes by proxy.

(2) This Part [*i.e.* Part III] of this Act shall, except as expressly provided, apply to university constituencies and university elections.

(3) In the application of the provisions of this Act which are applicable to university constituencies and university elections to those constituencies and elections the following modifications shall have effect :

(a) "Voting paper" shall be substituted for "ballot paper," and for any reference to the Ballot Act, 1872, there shall be substituted a reference to the corresponding provision of this Act, or regulations made thereunder in relation to university constituencies or university elections.

(b) It shall not be necessary to prepare an absent voters list, but the right to vote by proxy may be exercised by any person who would be entitled to exercise such right if his name were entered on an absent voters list, so long as all other conditions enabling him to vote by proxy are fulfilled.

(c) Where a candidate's deposit is forfeited the deposit shall be retained by the university. (Part III, s. 36 (2), (3).)

A candidate at a Parliamentary election is required to deposit<sup>1</sup> the sum of £150, which is forfeited if the number of votes polled by him does not exceed one-eighth of the total number of votes polled (ss. 26 and 27).

## RETURNING OFFICER

### *Fifth Schedule*

#### 1. The returning officer shall be—

(a) in the case of the Oxford, Cambridge, and London University constituencies respectively, the Vice-Chancellor of the university...

<sup>1</sup> In the case of University elections the deposit must be made during "the time fixed, by the returning officer, for the nomination." (*Statutory Rules and Orders*, 1918, No. 1349, sec. 1.)

2. It shall be the duty of the returning officer to make all arrangements for the election, including arrangements for the nomination of candidates, and the poll and counting of votes, and to certify<sup>1</sup> the result of the election in pursuance of the writ.

#### NOMINATION

3. The nomination shall take place on such day and at such time and place as may be fixed by the returning officer, being not less than four days and not more than twelve days after the receipt of the writ, and the returning officer shall give public notice of the day, time, and place so fixed within two days after he receives the writ.

4. The candidate must be nominated in writing by two electors as proposer and seconder and by eight other electors as assenting to the nomination, and his nomination must be delivered to the returning officer by some elector.

5. If, at the expiration of the time fixed for nomination, no more candidates are nominated than there are vacancies to be filled up, the returning officer shall declare the candidates who stand nominated to be elected, and certify the result of the election accordingly.

6. If, at the expiration of the time fixed for nomination, more candidates stand nominated than there are vacancies to be filled up, the returning officer shall arrange for a poll to be taken.

7. A candidate may be withdrawn in manner provided by regulations made under this Act<sup>2</sup>, and if, owing to the withdrawal of a candidate after nomination, a poll becomes unnecessary, the returning officer shall countermand the poll and declare any candidate elected whose nomination remains standing.

8. If one of the candidates nominated dies after he has been nominated and before the commencement of the poll, the returning officer shall countermand the poll and other proceedings for the election, and commence the same again as if the writ had been received by him on the day on which he is satisfied of the fact that the death took place.

No fresh nomination shall be required in the case of a candidate who stood nominated at the time the poll was countermanded.

#### POLL

9. The poll shall remain open for five days, and shall take place on such days as may be fixed by the returning officer, commencing not more than twelve and not less than three clear days after the day of nomination.

<sup>1</sup> For the method of certifying, see the University Elections (Miscellaneous Provisions) Order, 1918, sec. 4. (*Statutory Rules and Orders*, 1918, No. 1349.)

<sup>2</sup> By giving to the returning officer, at any time on the day fixed for the nomination, a signed notice of withdrawal. (*Statutory Rules and Orders*, 1918, No. 1349, sec. 3.)

10. The returning officer shall appoint such polling places as appear to him to allow reasonable facilities for voting, and may give special directions that certain electors shall be allotted to certain polling places.

11. An elector may vote at a poll by the delivery of a voting paper (signed by the voter at any time subsequent to the nomination) in the form appended to this part of this schedule, or in a form to the same effect and accompanied with a like declaration, or, unless the returning officer directs to the contrary, in person<sup>1</sup>; and may so vote at any polling place if he has not been allotted to any polling place, or, if he has been so allotted, at any polling place to which he has been so allotted.

The returning officer may give a special direction that votes shall not be given in person at the election, or that votes may be given in person on certain days of the poll only.

12. A voting paper may be delivered at a polling place on behalf of the voter by an elector, or by being sent to the presiding officer at the polling place by post; and any voting paper received by a presiding officer at a polling place at which the elector may vote before the close of the poll shall be counted, unless rejected as invalid.

Voting papers may also be sent to the returning officer by post, and any voting papers so received by the returning officer shall be sent by him to the proper presiding officer.

13. The poll shall be open for such time between the hours of 8 a.m. in the morning and 8 p.m. in the evening, not being less than four hours, as the returning officer may direct; except that, if votes in person are received, but are not received on all the days of the poll, six hours shall be substituted for four, as respects the days on which votes are so received, as the minimum time under this provision.

14. The returning officer shall give public notice of the days and hours of poll and of the polling places appointed, and of any special directions given by him as to the days or hours of poll, or the allotment of electors to certain polling places, or as to voting in person.

15. The returning officer shall appoint a presiding officer for every polling place at which he does not act as a presiding officer himself, and the presiding officer shall have general control over the arrangements for voting at the polling place, and shall record the votes of electors voting in person, and receive voting papers.

16. Each candidate may appoint a person to be the candidate's representative at each polling place, and a candidate's representa-

1 The elector who votes in person at a University election must fill in a voting paper in the same form, and including the same declarations, as if he were voting by post; but it need not be witnessed. (*Statutory Rules and Orders*, 1918, No. 1349, sec. 2.)

tive may object to any voting paper received at the polling place, or to the vote of any person claiming to vote in person at that place, and the presiding officer shall submit any such objection to the returning officer for decision.

17. The returning officer shall decide on the validity of any voting paper to which objection is taken, or on the right of any person to vote in person, if that right is questioned; and the decision of the returning officer, if the voting paper or the right to vote is allowed, shall be final, but, if the voting paper or the right to vote is disallowed, shall be subject to reversal on any proceeding questioning the election or return.

18. The register kept in pursuance of this Act shall be conclusive as to the right of any person to vote at the poll; but this provision shall not entitle any person to vote if that person is subject to any legal incapacity.

A person shall not be entitled to be placed on the register as a graduate until the university authorities are satisfied that the grant of the degree is complete.

#### COUNTING OF VOTES

19. After the poll is closed, all voting papers received at any polling place, and a record of votes (if any) given by electors in person, shall be placed in a proper receptacle and sealed up and delivered to the returning officer, and the returning officer shall, as soon as practicable after the receipt of the votes from all the polling places, count the votes and publish the result.

20. The voting papers counted, and the record of votes (if any) given by electors in person, and any papers which have been rejected as invalid, and a list of persons (if any) who have tendered their votes in person but who have not been allowed to vote, shall be placed in separate packets, and shall be kept by the returning officer for a period of twelve months after the close of the poll.

21. The returning officer shall give notice to the candidates of the time and place for counting the votes, and shall permit any candidate and a representative authorised by the candidate for the purpose to be present at the count.

No person other than the returning officer, his assistants and clerks, and the candidates and representatives so authorised, shall be entitled to be present at the count, except with the sanction of the returning officer.

22. Where an equality of votes is found to exist between any candidates on a final count, and the addition of a vote would entitle any of those candidates to be declared elected, the returning officer, whether an elector or not, may give a deciding vote, but the returning officer shall not be entitled to vote at the election in any other case....

## GENERAL

25. The returning officer shall appoint such deputies and clerks as he may think necessary for the proper holding of the election, and shall supply a form of voting paper to any elector applying for such a form, and shall supply forms of nomination papers.

The governing body of the University may designate an officer of the University to act temporarily as returning officer in the event of a vacancy in the office of returning officer, or in the event of his incapacity to appoint a deputy.

26. Any expenses reasonably incurred by the returning officer in connection with the arrangements for a university election and the conduct thereof shall be repaid to the returning officer by the University...

27. A voting paper shall be deemed to be a public document within the meaning of subsection (3) of section four of the Forgery Act, 1913; and section five of the Perjury Act, 1911, applies to any declaration or statement made in the voting paper.

28. A voting paper shall not be liable to stamp duty.

29. If any person, for the purpose of enabling an elector to vote at a university election, corruptly pays on his behalf any fees which the elector is required to pay in order to be registered or entitled to vote, he shall be guilty of an illegal practice within the meaning of the Corrupt and Illegal Practices Prevention Act, 1883, and that Act shall apply accordingly.

30. In reckoning time for the purpose of the provisions in this schedule, Sunday, Christmas Day, Good Friday, and any day set apart as a bank or public holiday or day of public fast or public thanksgiving shall be excluded; and where anything is required by these provisions to be done on any day falls to be done on such day, that thing may be done on the next day not being one of any such days.

31. If regulations are made under this Act as to the manner in which public notice is to be given under the provisions of this schedule, public notice shall be given in manner directed under any such regulations for the time being in force; and if no such regulations are in force, shall be given in such manner as the returning officer considers best fitted for giving notice to the persons concerned.

32. An election shall not be declared invalid by reason of non-compliance with these provisions, if it appears to the tribunal cognisant of the case that the election was conducted in accordance with the principle of these provisions, and that the non-compliance with these provisions did not affect the result of the election.

### THE TOWN COUNCIL

In order to give the University separate representation upon the Town Council, the number of Councillors of the Borough of Cambridge was increased by the provisions of the Cambridge Local Government Act, 1889, from thirty to thirty-six, and the number of Aldermen from ten to twelve. Of the additional six Councillors, two are nominated by the Council of the Senate and elected by Grace, and the remaining four are elected by the Colleges and Halls of the University situated within the Borough in such manner as shall be from time to time determined by Grace of the Senate. The two additional Aldermen must be chosen from among the Councillors elected to represent the University.

Every member of the Senate of the University who is resident in a College or Hall of the University situated within the Borough, or is resident in the Borough, and every person who is enrolled and entitled to be enrolled as a burgess of the Borough, is qualified to be elected such Councillor, and every such Councillor is qualified to be elected Alderman or Mayor. The annual election of such Councillors must be held on such day or days, not earlier than the Fifteenth day of October and not later than the First day of November, as may from time to time be appointed by the Vice-Chancellor.

The election of Borough Councillors by Colleges and Halls is at present governed by the following Regulations:

1. For the purpose of the election of the Councillors to be elected by the Colleges and Halls of the University situated within the Borough...., each such College and Hall shall elect one representative. The name

<sup>1</sup> This declaration is to be made only at a general election.

of such representative shall be communicated to the Vice-Chancellor, who shall publish a list of the representatives in the *Cambridge University Reporter* at the beginning of each term.

2. The Vice-Chancellor of the University shall summon a meeting of such representatives for the election of Councillors.

3. Each representative shall have one vote, together with one additional vote for each complete £100 for which the College or Hall is for the time being assessed to the rate for the relief of the poor in the Cambridge Poor Law Union.

4. Each representative may vote for any number of candidates not exceeding the number to be elected and shall give the whole number of votes to which he is entitled to each of the candidates for whom he votes.

5. When an equality of votes is found to exist between any candidates, and the addition of a vote would entitle any of these candidates to be declared elected, the returning officer, whether a representative or not, may give such additional vote.

6. The Vice-Chancellor, on summoning the meeting of the representatives, shall invite them to send to him, in writing, nominations of candidates at least six days before the day of election.

7. Nominations so sent to the Vice-Chancellor shall be communicated by him to the representatives at least four days before the day of election.

8. At the meeting for election, further nominations may be made by any representative.

### THE ASSESSMENT COMMITTEE

The Cambridge Local Government Act, 1889, further provides that the Assessment Committee of the Cambridge Union shall consist of twenty-four members, twelve being appointed by the Guardians of the Poor of the Cambridge Union, eight by the Council of the Borough from among themselves, and four by the University in such manner as may from time to time be determined by Grace of the Senate.

The election of University representatives is at present determined by the following Regulations :

1. Of the four members of the Assessment Committee of the Cambridge Union to be appointed by the University...., one shall be nominated by the Council of the Senate, and three by the Colleges and Halls of the University situated within the Borough.

2. For the purpose of the nomination of these three members, each such College and Hall shall elect one representative. The name of such representative shall be communicated to the Vice-Chancellor, who shall publish a list of the representatives in the *Cambridge University Reporter* at the beginning of each term.

3. The Vice-Chancellor of the University shall summon a meeting of such representatives for the nomination of these members.

4. Each representative shall have one vote, together with one additional vote for each complete £100 for which the College or Hall is for the time being assessed to the rate for the relief of the poor in the Cambridge Poor Law Union.

5. Each representative may vote for any number of candidates not exceeding the number to be nominated, and shall give the whole number of votes to which he is entitled to each of the candidates for whom he votes.

6. When an equality of votes is found to exist between any candidates, and the addition of a vote would entitle any of these candidates to be declared nominated, the returning officer, whether a representative or not, may give such additional vote.

7. The Vice-Chancellor, on summoning the meeting of the representatives, shall invite them to send to him, in writing, the names of intended candidates at least six days before the day of nomination.

8. The names so sent to the Vice-Chancellor shall be communicated by him to the representatives at least four days before the day of nomination.

9. At the meeting for nomination, further names may be submitted by any representative.

10. The names of the four persons nominated shall be submitted to the Senate for appointment by Grace.

### THE WATCH COMMITTEE

The constitution of the Watch Committee of the Borough is determined by Sections 51 and 52 of the Cambridge Award Act of 1856, as follows :

### OTHER UNIVERSITY REPRESENTATION

#### CONSERVATORS OF THE RIVER CAM

By an Act of Parliament passed in the first year of the reign of Queen Anne (1 Anne Stat. 2 c. 11) which received the royal assent 27 February 1702-3, the control of the river from Clayhythe Ferry to the Queens' Mill, Cambridge, was entrusted to eleven Conservators, of whom three were to be appointed by the Chancellor or Vice-Chancellor of the University and the Heads of Colleges for the time being or in their absence their deputies.

This Act, and a subsequent Act passed in the reign of King George the Third (53 G. III c. 214), were repealed by an Act passed in the reign of Queen Victoria (14 and 15 Vict. c. xcii), with the exception of the appointment of Conservators, which remains in force.

#### GENERAL MEDICAL COUNCIL

Under the provisions of 21 and 22 Vict. c. 90 the University is entitled to appoint a representative to serve on the General Medical Council. The election is for periods of five years, and is made by Grace of the Senate.

#### GOVERNORS OF SCHOOLS, &c.

A list of Schools and other educational institutions on the Governing Bodies of which the University is represented, with the names of the representatives, will be found on p. 50 above.

#### MARINE BIOLOGICAL ASSOCIATION.

A representative of the University on the Council of the Marine Biological Association at Plymouth is appointed in each year by Grace of the Senate on the recommendation of the Special Board for Biology and Geology.

#### BRITISH SCHOOL AT ATHENS

An annual grant of £100 is made from the Worts Fund (see p. 146) to the British School at Athens; and a representative of the University on the Managing Committee of the School is appointed by Grace in the Michaelmas Term of each year on the nomination of the Special Board for Classics.

## *University Patronage*

The University has in its gift the Vicarage of Burwell in Cambridgeshire, and of Ovington in Norfolk, and under 3 Jac. I. c. 5 (1606) it also enjoys the right of presenting to livings in certain counties in cases where the patron is a Roman Catholic. The counties assigned by this Act to the University of Cambridge are Essex, Hertfordshire, Bedfordshire, Cambridgeshire, Huntingdonshire, Suffolk, Norfolk, Lincolnshire, Rutland, Leicestershire, Derbyshire, Nottinghamshire, Shropshire, Cheshire, Lancashire, Yorkshire, Durham, Northumberland, Cumberland, Westmorland, Radnorshire, Denbighshire, Flintshire, Carnarvonshire, Anglesey, Merioneth, and Glamorgan; the rest of England and Wales, including the City of London, being similarly assigned to the University of Oxford.

The University exercises its right of presenting to vacant benefices by means of a Board of Electors who select a clerk for presentation, but such selection requires confirmation by Grace of the Senate: This Board consists of the Vice-Chancellor and eight members of the Senate appointed by Grace to serve for four years, two retiring by rotation every year; four being nominated by the Council of the Senate and four by the Special Board for Divinity. The selection is made under the following Regulations:

If a member of the Board shall be a candidate for the vacant benefice, he shall be thereby disqualified from acting in the selection of a clerk for such benefice.

The Board shall have power to regulate its own proceedings, to elect a Chairman in the absence of the Vice-Chancellor, and to fix the number necessary for a quorum; provided that no selection of a clerk shall be made except by the votes of an actual majority of the electors, given at the time of the selection.

If from any cause the electors shall be unable to select a clerk for any vacant benefice, and shall pass a resolution to that effect, the selection shall be made by the Vice-Chancellor.

If the Vice-Chancellor shall be unable to select a clerk, he shall report to the Senate to that effect.

Whenever a clerk shall have been selected by the Board or by the Vice-Chancellor, a single Grace shall be offered to the Senate for the confirmation of such selection and for affixing the seal of the University to the deed of presentation.

When the Vicarage of Burwell is vacant, the Board shall select two clerks; and a Grace shall be offered to the Senate for the confirmation of such selection and for affixing the seal of the University to the deed of nomination. Such nomination shall then be submitted to the person or persons entitled to present to the Vicarage.

If the person or persons entitled to present to the Vicarage of Burwell shall fail to present one of the clerks so nominated within the legal time, one of the clerks so nominated shall be selected in the manner ordinarily prescribed in these Regulations.

When any benefice, the presentation to which is to be made by the University, shall become vacant, the Vice-Chancellor shall give public notice of the vacancy and of the date by which application for the benefice shall be made. All applications for vacant benefices shall be made to the Registry in such form and manner as the Board shall from time to time direct. The Registry shall forward the applications to the Vice-Chancellor. In the selection of a Clerk the Board and the Vice-Chancellor shall not be restricted to the candidates who have sent in applications.

A list of the livings in the gift of each College is given below under Colleges, but for convenience of reference a complete list is printed here :

# *Affiliation*

THE University has power to recognise as an Associated Institution any University or other Institution which is engaged in the education of adult students, and to grant to the students of such Institutions who have continued members thereof for such length of time, being not less than two years, and have attended such lectures and passed such examinations as may be required from time to time by Grace of the Senate, the privilege, on their admission as members of the University, that they shall be deemed for such purposes and under such conditions as the Senate may from time to time by Grace determine to have already kept by residence one or more terms (not exceeding three in number).

The University has power also at any time to withdraw the privilege of association from any Associated Institution.

The University has power also to admit on like conditions to the same privileges adult students attending a course of education conducted by a Committee in concert with the University in places where there is no Associated Institution.

## *Privileges of Affiliation*

1. Any student of an Affiliated Institution who shall have continued a member of it for such length of time, not less than two years, and shall have attended such lectures and passed such examinations, as may be required from time to time by Grace of the Senate, shall, if admitted as a member of the University otherwise than as a Research Student, be entitled to either or both of the following privileges:—

- (1) to be exempted from all parts of the Previous Examination;
- (2) to reckon the first term kept by residence as the second, third, or fourth term of his residence, for the purposes of all provisions respecting the standing of candidates for Tripos Examinations, for Degree Examinations in Medicine, Surgery, or Music, or for Studentships, Scholarships, Exhibitions, Prizes, or Medals, and respecting the standing of candidates for Degrees.

1\*. If a student admitted to the privileges of affiliation has, in accordance with the foregoing Regulation 1 (2), reckoned for any purpose the first term kept by residence as the second, third, or fourth term of his residence, as the case may be, he shall be required so to reckon his first term for all purposes.

2. In the case of any student claiming to be admitted to the privileges of Affiliation, a certificate of having fulfilled the prescribed conditions, signed by the Registrar or other competent authority of the Affiliated Institution, shall be presented for registration to the Registry in the student's first term of residence, and a fee of £2 shall be paid at the same time to the Registry for the University Chest.

3. Any certificate of having fulfilled the prescribed conditions may be accepted for registration at a time later than that above specified, provided that in every such case an additional fee of £1 shall be paid to the Registry for the University Chest.

4. Students claiming to be admitted to the privileges of Affiliation shall be required (1) to have fulfilled all the prescribed conditions before matriculation, (2) to matriculate and to pay the usual fee of £5.

\*.\* The 'prescribed conditions' vary considerably in the different cases; they are stated in the *Student's Handbook*, and should be carefully examined.

1. Applications for the admission of Women to Courses of Research shall be made by the authorities of the College of which they propose

to become members to the Secretary for Examinations of the Local Examinations and Lectures Syndicate.

No woman shall be admitted to a Course of Research unless she has attained the age of twenty-one years.

2. Each application shall be accompanied by

3. In exceptional cases women who do not present a diploma or certificate of graduation may be admitted to a Course of Research, provided that, in lieu thereof, they give such evidence of general educational qualification as may be approved by the Local Examinations and Lectures Syndicate.

4. Applications shall, if possible, be submitted not later than June 1 in the academic year preceding that in which the applicant proposes to begin the course. But the Syndicate shall have power to receive applications submitted at other times.

5. Subject to the approval of the Local Examinations and Lectures Syndicate in cases coming under Regulation 3, the Secretary of the Syndicate shall communicate each application to the Chairman of the Special Board of Studies with which the proposed Course of Research appears to be most nearly connected; and the application shall be considered and decided by the Degree Committee of the Special Board.

6. The application shall not be granted unless it shall appear to the Degree Committee

- i. that the course of research can conveniently be pursued at Cambridge;

The dissertation must be accompanied by a fee of £5, and by a certificate shewing that the student has kept the required number of terms. The student shall state, generally in a preface to her dissertation and specifically in notes, the sources from which her information is derived, the extent to which she has availed herself of the work of others, and the portions of the dissertation which she claims as original.

The Secretary shall forward the dissertation to the Chairman of the Special Board concerned; and the dissertation shall be referred to one or two persons appointed by the Committee, who shall have power to examine the student orally or otherwise upon the subject thereof and shall report thereon to the Committee. If the Degree Committee are of opinion that the dissertation submitted by the student is not of sufficient merit to serve as a qualification for the Certificate of Research, they may determine the conditions, if any, under which the student shall be allowed again to submit to them a dissertation, and the Chairman shall inform the Secretary, who shall inform the student of this decision.

11. The statement shall be forwarded by the Chairman to the Secretary of the Local Examinations and Lectures Syndicate, who shall embody it in a Certificate of Research in the following form:

## Appointments Board

\* \* A fuller account of the work of the Appointments Board is given in Chapter xxvi of the *Student's Handbook*.

By Grace of 27 February, 1902, an Appointments Board in connexion with the University was established for five years to carry on the work hitherto performed by the Cambridge Appointments Association, and by Grace of 7 June 1906, the Appointments Board was continued until the Senate shall otherwise decide. The Board consists of the Vice-Chancellor, and five members of the Senate appointed by Grace, on the nomination of the Council of the Senate; and each College or Public Hostel in Cambridge which contributes annually the sum of ten pounds at least to the Appointments Fund is empowered to appoint annually one person to be a member of the Board for one year. The Board is also empowered to appoint annually not more than twelve persons to be additional members of the Board for one year. The Vice-Chancellor or his Deputy and four other members constitute a quorum.

The duties of the Board include the collection and distribution of information respecting appointments which can be appropriately filled by members of the University, and the organisation of means of communication between candidates for such appointments and the persons or bodies making the appointments; and in particular the registration of candidates seeking appointments. The Board is required to report at least once a year to the Senate.

The office of the Board is at the University Offices, St Andrew's Street, and is open throughout the year. For the hours of attendance see p. 132 above.

The Union has now become the largest club in the University, having more than 13,000 members of whom about 2000 are in residence. The management of the Society is almost entirely in the hands of its resident undergraduate members, who constitute a large proportion of the undergraduates in residence. The President, Vice-President, Secretary, and a Standing Committee of six members are elected every term; and the Treasurer, Steward, and Librarian are elected annually. The last-named are usually resident members of the University of M.A. standing. The premises of the society, situated in Bridge Street, immediately behind the Church of the Holy Sepulchre, include a large Library containing about 40,000 volumes, Debating Hall, Drawing Room, Smoking Room, Writing Room, Luncheon and Dining Room, and a Reference Library, where a complete collection of the *Times* from the year 1812 is kept. Debates are held every Tuesday in full term.

The subscription is £1. 1s. a term, with an entrance fee of £1. 1s. Nine terms' subscription constitutes life membership, which may also be obtained by a compounded subscription (including entrance fee) of £7. 17s. 6d. on joining. Any member of the University is admitted on the proposal of a member of the Society.

The Society has since August 1914 admitted to temporary honorary membership all Commissioned Officers of the Navy and Army who are temporarily resident in Cambridge, and this privilege has since been extended to Commissioned Officers of the Naval and Military Forces of the United States. On the establishment of the Officer Cadet Battalions in Cambridge during 1916, Officer Cadets were admitted to membership, and

over 3000 of these have become members. The Debating Hall has also been placed at the disposal of the Officers Commanding the Cadet Battalions for the purpose of meetings and lectures in connexion with the training of Cadets.

Owing to the War Elections were suspended from the Easter Term 1916 until the Easter Term 1919.

The Union is open from 8.45 a.m. till 10 p.m. on week-days, and from 10 a.m. to 10 p.m. on Sundays. The Luncheon and Dining Room is open daily from 12.30 to 8.15 p.m. Subscriptions may be paid at the office on any day (except Sundays) from 10 a.m. till 7 p.m.

## *War Allowances, &c.*

The War witnessed the adoption of a number of emergency measures, and it is convenient that those which still affect the ordinary life of the University should be grouped together in a separate section.

### *Emergency Statutes*

The following Statutes have been made by the University under the authority of the Universities and Colleges (Emergency Powers) Act, 1915. The Graces of the Senate authorising the necessary steps were passed 20 November and 3 December 1915, and the Statutes were sealed 4 December 1915.

(1) The University shall have power by Grace of the Senate to postpone until any date not later than the end of the emergency period the election or admission to any Professorship, Readership, Lectureship, or Office in the University which is now vacant or may become vacant and to suspend for a like period from the date at which the same became or may become vacant or from the fifth day of August 1914 whichever shall have last happened any such Professorship, Readership, Lectureship, or Office. The moneys undisposed of by reason of any such postponement or suspension if paid out of the Common University Fund shall be paid to the University Chest and applied for the general purposes of the University and if paid out of any special account or trust shall be applied as the University shall by Grace determine.

(2) The University shall have power by Grace of the Senate to postpone until any date not later than the end of the emergency period the election or admission to any studentship, scholarship, prize, or other similar emolument in the University which may be or may become vacant and to suspend for a like period from the date at which the same became or may become vacant or from the fifth day of August 1914 whichever shall have last happened any such studentship, scholarship, prize, or other similar emolument. The moneys undisposed of by reason of any such postponement or suspension shall be applied as the University shall by Grace determine.

(3) When any studentship, scholarship, prize, or other similar emolument in the University has been offered for competition and when either no candidate presents himself or in the opinion of the examiners or adjudicators there is no candidate of sufficient merit to deserve election such studentship, scholarship, prize, or other similar emolument shall be suspended from the date at which it became vacant or from the fifth day of August 1914 whichever shall have last happened until the period at which it would next have been offered for competition if this statute had not been made or the end of the emergency period whichever shall first

happen and the moneys undisposed of by reason of such suspension shall be paid to the University Chest and applied to the general purposes of the University, unless the University shall by Grace otherwise determine.

(4) The University shall have power by Grace of the Senate to suspend or modify in the interests of the holder of any studentship, scholarship, prize, or office in the University until any date not later than the end of the emergency period any conditions as to residence, duties or otherwise affecting the tenure or emoluments of such studentship, scholarship, prize, or office.

(5) If any holder of a studentship, scholarship, prize, or other emolument is engaged during the present war in the naval or military service of the Crown or in some other service of the Crown connected with the present war or in any work abroad of the British Red Cross Society, the St John Ambulance Association, or any body with similar objects, or has been made a prisoner of war and is by reason of such service, work, or imprisonment deprived of any payment or advantage attached to such studentship, scholarship, prize, or emolument he shall be entitled upon the termination of such service, work, or imprisonment to hold such studentship, scholarship, prize, or emolument (notwithstanding that his period of tenure may already have expired) for such period as shall enable him subject to the conditions attaching thereto to receive payments or enjoy advantages equivalent to those of which he shall have been so deprived, and the moneys which would have been applicable to such payments if he had not been so deprived thereof shall be applied to the payments to be made to him under this section any provision to the contrary in the instrument of foundation notwithstanding.

(6) The foregoing statutes shall take effect as from the fifth day of August nineteen hundred and fourteen.

The following Statutes have also been made under the authority of the same Act, enabling students to become candidates for Scholarships and Prizes although, in consequence of their having been engaged in the present War or in service connected with it, they are beyond the limits of age or University standing at which they would in ordinary circumstances be eligible. The Graces of the Senate authorising the necessary steps were passed 9 and 24 November 1917, and the Statutes were sealed 5 December.

I. Until the expiration of one year after the end of the emergency period, all provisions fixing a maximum limit to the age or university standing at which any person is eligible as a candidate for any studentship, scholarship, prize, or other emolument in the University shall, for the purpose of determining the eligibility of any person who has been engaged during the present war in the naval or military service of the Crown, or in some other service of the Crown connected with the present war, or in any work abroad of the British Red Cross Society, the St John Ambulance Association, or any body with similar objects, or has been made a prisoner of war, or detained by His Majesty's enemies in consequence of the present war, be modified as follows, that is to say,

(1) Every maximum limit of age so fixed shall be extended by a period equal to the period of such service, work, imprisonment, or detention;

(2) Every maximum limit of university standing so fixed by reference, express or implied, to the lapse of a certain number of years or of terms from the time of a candidate's first residence, or from the completion of a degree, or from any other date shall be extended by a period equal to the period of such service, work, imprisonment, or detention performed or suffered after such date;

(3) Every maximum limit of university standing so fixed by reference, express or implied, to admission to or completion of any degree shall be inoperative to exclude any such person as aforesaid in whose case such admission or completion has taken place within a period immediately preceding the election not exceeding the period of such service, work, imprisonment, or detention;

Provided always that this Statute shall not operate so as to allow to any such person more opportunities of being a candidate for any such studentship, scholarship, or other emolument than he would have had if he had never been engaged in such service or work or so imprisoned or detained as aforesaid.

II. If any person who, after coming into residence, has been engaged during the present war in the naval or military service of the Crown, or in some other service of the Crown connected with the present war, or in any work abroad of the British Red Cross Society, the St John Ambulance Association, or any body with similar objects, or has been made a prisoner of war, or detained by His Majesty's enemies in consequence of the present war shall after the termination of such service, work, imprisonment, or detention be elected to any scholarship or other emolument in the University, the tenure whereof is limited to a certain period reckoned from the time of the holder's matriculation or first residence, the period of his tenure of such scholarship or emolument shall be extended by one year for each complete year and also by one year for any part of a year exceeding six months of such service, work, imprisonment, or detention.

### *Ordinary Statutes*

The following Statute was approved by the King in Council, September 4, 1918, for the purpose of reinstating on the Electoral Roll a large number of those who would normally be included in it, but have been disqualified by absence from Cambridge on active service or on war work:

Until the promulgation of the Electoral Roll which shall take place in the second calendar year after that in which the present war terminates, the Electoral Roll shall include, in addition to the persons placed on it in accordance with the provisions contained in the Act 19 & 20 Vict. c. 88 ss. 7, 8, all other persons who were on the Electoral Roll which was promulgated in the year 1914 or on any Electoral Roll subsequently promulgated.

### *Allowance of Terms and Examinations*

[Report of the Council of the Senate dated May 31, 1915, confirmed by Grace of June 11, 1915.]

The following Recommendations were contained in this Report:—

...They...propose under Statute A, chapter II, sect. 16 to allow students four terms, if military service for a period covering four terms

or more is properly certified; but unless in exceptional circumstances they are not prepared to allow more than four terms. By military service they understand serving in the Navy or Army of any of the Allied Powers; also work done for the health or well being of the Allied Forces in a hospital, ambulance, or other organisation recognised by, and under the control of, the military authorities. Special cases connected with the war not covered by the foregoing description, as for instance wounded or disabled men who are invalided after a short period of service, will be separately considered.

Research or Affiliated Students, who are required to keep only six terms, will not in ordinary circumstances be allowed more than two terms.

The Council have also reconsidered the question of excusing from certain examinations students who have been engaged on service connected with the war. They now propose that, under conditions approved by the Council, a matriculated student who has been thus engaged for two or more terms shall at his choice be excused either (a) the whole of the Previous Examination..., or (b) both parts of the Special Examination in Military Subjects. They further propose to recognise under certain conditions College or Intercollegiate Examinations passed at the end of a student's second year of residence as enabling him to proceed to a degree. Special cases connected with Examinations and not covered by the Recommendations will doubtless arise and will be duly considered.

The Council are of opinion that the claim for exemption from the Previous Examination should be granted, not only to those who have at the present time been actually in residence in the University, but also to those who may desire to enter the University and have been engaged or not less than six months in service connected with the present war.

In the case of students engaged in civil employment in connexion with the war, the Council will, as a general rule, require that the student should present a certificate in due form signed by the authority in control of the department in which he has served, and countersigned by the Head of his College and by his Tutor, covering the period of his service.

If the foregoing proposals are approved by the Senate, the Council will be prepared under their existing powers to relax the regulations for the standing of students entering for Tripos Examinations (see p. 431 below).

If a less period than three terms is allowed, a Certificate of Study given under existing regulations (*Ordinances*, 1914, page 188) for the time necessary to complete the three terms should be deemed equivalent to a Certificate of Study for three terms.

The Council recommend that students who are allowed a part or the whole of the Previous Examination should pay a registration fee of one pound for each Part so allowed instead of the usual fees for examination.

The Council accordingly recommend:

(1) That the Council of the Senate be empowered to excuse students who have been engaged for not less than six months on service connected with the present war either (a) Parts I and II...of the Previous Examination, or (b) Parts I and II of the Special Examination in Military Subjects.

(2) That students who are excused either Part...of the Previous Examination under the preceding Recommendations pay a registration fee of £1 for each such Part...

(3) That the Council of the Senate be empowered to allow students to proceed to a Degree without further examination who, having been allowed two or more terms on grounds connected with the present war, and having passed Parts I and II of the Previous Examination..., produce satisfactory evidence from the authorities of their College that they have duly obtained a First, Second, or Third Class in a College or Intercollegiate Examination for Honours held at the end of their second year of residence with a view to a Tripos Examination which, if passed at the end of the third year of residence, would entitle them to a Degree.

(4) That students matriculated before the end of the Lent Term 1915 and serving in connexion with the present war, who are or may become qualified for the degree of B.A. or LL.B., be allowed to proceed to the degree at any Congregation for Degrees on payment of a fee of £7.

[By Grace of 1 March 1919, students matriculated after the end of the Lent Term 1915 who have served in connexion with the present war are allowed, on becoming qualified for the degree of B.A. or LL.B., to proceed to the degree at any Congregation for Degrees on payment of a fee of £3.]

(5) That, in the case of students who have kept not less than six terms but not nine terms and who have passed all the examinations necessary for a degree, but to whom in respect of military service less than three terms is allowed, a Certificate of Study for the remainder of the three terms, for which no fee shall be charged, be held equivalent to such a Certificate for three terms.

[Grace of March 16, 1917]

That the words "or during a period of not less than six months have been prisoners of war or have been detained by the King's enemies" be inserted after the words "have been engaged for not less than six months on service connected with the present war" in Regulation 1 relating to Allowances to Students on Military Service.

[The following note was appended to this Grace when it was offered to the Senate: "This addition to the Regulation was proposed, as no allowance of the kind had previously been made for prisoners of war who are civilians."]

[Report of the Council of the Senate on Allowances to Students on Military Service, dated October 30, 1916.]

The Council of the Senate beg leave to report to the Senate as follows:

Under the powers granted to them by Grace 1 of 11 June 1915 they can excuse the Previous Examination or the Special Examination in Military Subjects to students who have been engaged for not less than six months on service connected with the present war, although such students may not, before their period of service, have joined the University. The Council desire to make it clear that they will also be prepared to consider applications for the granting of terms to students who have not, before their period of service, entered their names at a College or as Non-Collegiate students.

The Council will follow their usual practice in not actually allowing terms until one term at least has been kept by residence, and they will require that students shall have been matriculated, before they are allowed exemption from the Previous Examination....

[Notice by the Council of the Senate, November 19, 1917]

"The Vice-Chancellor is requested by the Council of the Senate to circulate the following notice to the Tutors of Colleges:

By Grace 1 of 11 June 1915 the Council of the Senate are empowered to excuse students, who have been engaged for not less than six months on Service connected with the present war, either the Previous Examination or the Special Examination in Military Subjects.

In cases in which application is made for exemption from the Previous Examination the Council are of opinion that some statement of the candidate's previous education should accompany the application as evidence of general educational qualification."

[Notice by the Vice-Chancellor, April 29, 1918]

"The Vice-Chancellor calls attention to the fact that students who have been for not less than six months engaged on service connected with the present war or detained as prisoners of war can be excused either (a) the Previous Examination, or (b) the Special Examination in Military Subjects, although they may not, before their period of service, have joined the University.

Such students may also be allowed as many as four terms, if military service for a period covering four terms or more is properly certified. Special cases will be separately considered. Research or Affiliated Students, who are required to keep only six terms, will not in ordinary circumstances be allowed more than two terms.

Further particulars can be obtained on application to the Registry at the Registry of the University."

[Report of the Council of the Senate on Allowances to Students in connexion with Military Service, dated December 2, 1918.]

The Council of the Senate beg leave to report to the Senate as follows:

The Senate in 1915 [see p. 426 above] empowered the Council to make certain allowances, in regard to examinations, to students who have been engaged for not less than six months on service connected with the present war.

The attention of the Council has been called to the case of those who have served less than six months, also to the serious interference with study in the case both of those who have been full-time members of the Cambridge University Officers Training Corps and of boys at school whose military training has interrupted their work.

The Council are of opinion that certain allowances should be made in all these cases. They would be ready in such cases to propose Graces for the allowance of not more than two terms; and they now ask that they may be empowered to grant exemption from either Part, or from both Part I and Part II of the Previous Examination, according to circumstances. They are of opinion that in making applications a Tutor should state the previous education of the student and also express an opinion that the candidate is qualified to benefit by a University education.

The Council accordingly recommend

(1) That the Council of the Senate be empowered to excuse from Part I and Part II of the Previous Examination students who have served in His Majesty's Forces more than three months but less than six months.

(2) That the Council of the Senate be empowered to excuse from Part I and Part II of the Previous Examination matriculated students

of the University who have undergone full-time training in the Cambridge University Officers Training Corps for a period of not less than sixteen weeks, and who submit a satisfactory certificate from the Commanding Officer; and that they be empowered to excuse such students whose period of training is less than sixteen weeks and more than ten, either Part I or Part II at the student's choice; and that, for the purpose of this regulation, periods of service in His Majesty's Forces be reckoned as equivalent to periods of service in the Cambridge University Officers Training Corps.

(3) That the Council of the Senate be empowered, where a Tutor presents a certificate from the Headmaster of a school, that a student has been a member of the School Officers Training Corps and that his education has been seriously interfered with by his military duties, to excuse the student either Part I or Part II of the Previous Examination at the candidate's choice.

(4) That students who are excused either Part of the Previous Examination under the foregoing recommendations pay a registration fee of £1 for each Part.

### [ Notice by the Vice-Chancellor, May 17, 1920 ]

The Vice-Chancellor begs leave to give notice to the Tutors of Colleges that the Council of the Senate propose to exercise the power of excusing examinations and allowing terms to students who have been engaged on Military Service (Grace 1 of 11 June 1915) only in favour of students who shall commence residence in the University before 31 January, 1921.

### *Capitation Tax*

[Graces of November 21, 1914]

That, on the recommendation of the Financial Board, and notwithstanding the Ordinances with regard to the Capitation Tax (*Ordinances*, 1914, page 496), the quarterly payment of ten shillings in respect of members of the University who have not been admitted to their first degree be suspended in the case of those who are prevented from keeping terms by residence by the requirements of naval or military service in connexion with the present war, provided that

(1) each College furnish the Financial Board at the end of each quarter with a list of those members for whom it intends to claim such exemption; and

(2) that if any such member on returning into residence be allowed one or more terms he be required to make such payments as correspond to the period of residence allowed to him.

That, on the same recommendation, persons who, on grounds of naval or military service, may be allowed one or more terms before that in which they actually matriculate, become liable on matriculation to pay the Capitation Tax corresponding to the period of residence allowed to them<sup>1</sup>.

<sup>1</sup> A Grace of December 7, 1918 provides 'That, when the Council have undertaken to sanction Graces allowing one or more terms to students before that in which they matriculate, the payment of capitation tax for such terms be made when the student matriculates, or, if he has already matriculated, as soon as the Council have come to a decision to sanction the Grace.'

[The Council of the Senate, by a Minute dated October 18, 1915, have interpreted this Ordinance to mean "that members of the University absent on Military Service be required to make the terminal payment of ten shillings for those terms only which they are allowed."]

[Grace of December 18, 1915]

That, on the recommendation of the Financial Board and notwithstanding Grace 7 of May 22, 1914, the terminal payment of thirty-five shillings (or ten shillings) be suspended in the case of members of the University matriculated after the end of the Lent Term 1915 who are prevented from keeping terms by residence by the requirements of naval or military service in connexion with the present war, provided that

- (1) each College furnish the Financial Board at the end of each term with a list of those members for whom it intends to claim such exemption,
- (2) if any such member be hereafter allowed one or more terms he be required to make such payments as correspond to the period of residence allowed him.

[Grace of March 12, 1920]

That a student who has been allowed any term in respect of war service and has paid Capitation Tax for such term, be not required to pay Capitation Tax for any term kept by residence which he may wish to count instead of the term so allowed.

*Degrading* (see p. 427 above)

The following notices have been issued with regard to applications for leave to degrade:

### *Proxy Fees for Degrees*

[Grace of October 16, 1914]

*Serbian Students*

[Graces of November 28, 1916]

That, during the Emergency period, the holder of a Certificate of having passed the Serbian Ispit Zrelosti be entitled, without payment to the University, to exemption from Parts I and II and the Additional Subjects of the Previous Examination, provided that the Serbian Examination includes Serbian language and literature, Latin, French or German, History, and Mathematics (Geometry and Algebra).

That, during the Emergency period, the University capitation tax be remitted for Serbian students.

[Grace of June 14, 1919]

That students who have passed the Previous Examination, and have been allowed the Special Examination in Military Subjects for the Ordinary B.A. Degree on account of absence from Cambridge due to the war, be allowed to complete the conditions for admission to the degree of Bachelor of Arts, so far as examinations are concerned, by passing the Examination in Architectural Studies.

\* [Notice by the Council of the Senate, May 31, 1920]

The Council of the Senate beg leave to give notice that they will be prepared to grant permission to students to be candidates for a Special Examination as their final examination for the Ordinary B.A. Degree in December 1920 although only at the end of their eighth term of residence in the University, provided that they have been engaged for not less than two years on service connected with the war, subject to the condition that before admission to a degree a certificate shall be presented satisfying the Council that they have been engaged in diligent study during the ninth term of residence.

*Tripos Examinations*

[Graces of January 31, 1919]

That, notwithstanding any regulations to the contrary, students who have been allowed two or more terms on account of absence from Cambridge, due to the war, be admitted as candidates for Part II of a Tripos Examination although they have not satisfied the Examiners in Part I of a Tripos Examination (Grace 8) [provided that they have matriculated in the University before the end of the Lent Term, 1920 (Gr. 12 of February 14, 1920)].

That students first coming into residence in the University in the present term be allowed to be candidates in 1921 for a Part of a Tripos which in ordinary circumstances is required to be taken at the end of a student's second year.

That, notwithstanding the Regulation requiring that a candidate for the Qualifying Examination for the Mechanical Sciences Tripos shall have commenced residence in the University (*Ordinances*, page 166), students may, before commencing residence, be candidates for any such examination held in the year 1919.

[Grace of June 14, 1919]

That students who have, in accordance with Grace 8 of 31 January 1919, been admitted as candidates for Part II of the Examination for the Law Tripos and have obtained Honours therein be allowed to proceed at their option to the degree of Bachelor of Arts or to that of Bachelor of Law or to both these degrees.

[Graces of March 6, 1920]

That, notwithstanding any regulations to the contrary, students who have been allowed two or more terms on account of absence from Cambridge, due to the war, and who have matriculated in the University before the end of the present term, be allowed to proceed to the Degrees of B.A. and LL.B., if they have kept the required number of terms and have satisfied the Examiners in Part I of the Law Tripos.

[The following note was appended to this Grace when it was offered to the Senate: "This Grace places candidates taking Part I only of the Law Tripos in the same position as those who, under Grace 8 of 31 January 1919, take Part II only of the Tripos. The proposal had the full approval of the Special Board for Law."]

That students who have been allowed two or more terms on account of war service be allowed to proceed to the Degree of Bachelor of Arts, so far as Examinations are concerned, on having passed Part I of a Tripos Examination and also a Special Examination for the Ordinary B.A. Degree, notwithstanding the fact that the Special Examination has been taken at an earlier date than the Tripos Examination.

[The following note was appended to this Grace when it was offered to the Senate: "Students may wish to take Part I of a Tripos Examination at the end of their second year and then claim allowance for terms on account of war service so that no further residence is necessary. It seems desirable that such students should have an opportunity of completing the requirements for a degree before they leave the University."]

[Grace of May 21, 1920]

That, notwithstanding any regulations to the contrary, students, who, having matriculated in the University before the present term, and having been allowed two or more terms on account of service in the war, have passed Part I of the Historical Tripos, be not required to pass any further Examination in order that they may be qualified for the Degree of Bachelor of Arts.

[The following note was appended to this Grace when it was offered to the Senate: "It has been pointed out to the Council that Part I of the Historical Tripos is at least as difficult as Part II of the Examination, which has already been accepted for this purpose."]

[Grace of June 11, 1920]

That the Examiners for Part I of a Tripos, which does not in ordinary circumstances entitle a student to proceed to a Degree, be authorised to declare candidates though they may not have deserved Honours, to have reached a standard equivalent to that required for the Ordinary B.A. Degree, provided that such candidates would be entitled to a Degree if they obtained Honours.

[Notice by the Council of the Senate to the Tutors of Colleges, February 10, 1919.]

The Council of the Senate beg leave to inform the Tutors of Colleges that for admission to a Tripos Examination candidates may at their option reckon *either* those terms only which they have actually kept by residence, *or*, in addition to the terms kept by residence, one or more of the terms for the allowance of which the Council may, on account of service connected with the war, have agreed to sanction a Grace.

*University Prizes, etc.*

[Grace of October 31, 1914]

The Council of the Senate have a general power to allow undergraduates who have degraded to compete for Prizes, under the following Ordinance:

The Council of the Senate may at any time grant permission to students who have degraded or who wish to degrade to become Candidates for University Scholarships or for any other academical Honours during their undergraduateship, or for Honours in any Tripos, on receiving application from the Tutors of such students accompanied by Certificates of ill-health, or such other certificates as may appear to the Tutors to be necessary.

Without such permission no person who has degraded shall be permitted to become a candidate for University Scholarships or for any University Honours.

By Grace of October 31, 1914, subsequently amended by Grace of June 9, 1916, they are also temporarily empowered to deal in the same way with the case of graduates:

That, until the completion of one year after the end of the present war, the Council of the Senate be empowered, in cases where they may think fit, to grant permission to graduates of the University to be candidates for Prizes or other academical honours later than the times open to them under the present Ordinances.

*Whewell Professorship of International Law*

[Grace of June 19, 1915]

On the recommendation of the Council of the Senate a Grace was passed on June 19, 1915, authorising the necessary steps under the Universities and Colleges (Emergency Powers) Act 1915 for altering the Statutes by the addition of a new Statute for the Whewell Professorship of International Law. The text of this Statute is given on p. 65 above.

*Whewell Scholarships*

[Report of the Council of the Senate, dated February 7, 1916, confirmed by Grace of March 10, 1916]

The Council of the Senate...recommend that the following temporary Regulation for Dr Whewell's Scholarships be approved :

In the case of any Scholar who, at any time during his tenure of the Scholarship and before the 29th day of September next but one after his first election to a Scholarship, shall have been engaged during the present war in the naval or military service of the Crown or in some other service of the Crown connected with the present war or in any work abroad of the British Red Cross Society, the St John Ambulance Association or any body with similar objects, or shall have been made a prisoner of war, the time during which he may submit his dissertation or other work to the Electors for re-election shall be extended to the 29th day of September next after the end of an additional period equal to the period which he spent in such service, work, or imprisonment as aforesaid or any of them. And he shall hold any Scholarship to which he may be re-elected from the first day of January next after his re-election.

## SHORT COURSES

[Report of the General Board of Studies dated October 23, 1918, confirmed by Grace of November 23, 1918.]

The General Board of Studies beg leave to present the following report to the Vice-Chancellor for publication to the Senate:

At the request of the Council of the Senate, the General Board of Studies have had under their consideration the Memorandum on "the University after the War," published in the *Reporter* of 12 December 1916, so far as it relates to the providing of short courses of study<sup>1</sup>.

They believe that such courses may be of considerable value to certain classes of students, and they are of opinion that there should be *temporary* provisions for students who have been engaged in the present war, and also *permanent* provisions for other students. The Board are of opinion that the question of temporary provisions is urgent and now make certain proposals; they intend to present before long a separate report on permanent provisions.

*Temporary Provisions*

While the war continues, soldiers belonging both to the Home, Overseas, and Allied Forces are being discharged or sent to the University; and when the war is ended, many soldiers from Overseas will be unable to return home for some time. It may be expected that not a few will wish to spend some terms as members of the University, and to engage in a particular course of study. Some may desire to enter for a Special Examination or for the first or second Part of a Tripos or for some portion of a Tripos. What portion of a Tripos a candidate may take should, in the opinion of the Board, be determined by the Board of Studies with which the Tripos is connected. If the candidate satisfies the Examiners, he should be granted a formal certificate.

The Board however consider that it will not be possible for all such students to take a University Examination, but that for many of them the most profitable course will be that they should attend lectures or laboratory

<sup>1</sup> See the 1918-19 edition of the *University Calendar*, p. 426.

courses on the subject of study selected. If they give satisfactory evidence of proficiency to their teachers they should receive certificates of study.

The Board are of opinion that the Council of the Senate can best determine what students have been engaged in the present war under such conditions as to come under these temporary provisions.

The Board accordingly recommend:

1. That a matriculated student who has been engaged in Military Service or who has, in the opinion of the Council of the Senate, been engaged in service connected with the present war, and has diligently attended lectures or laboratory-courses, and has given satisfactory evidence of proficiency shall be entitled to receive a certificate of study signed by his teacher (provided that the teacher be a Professor, Reader, University Lecturer or Teacher, or a Lecturer recognized under any Ordinance of the University), and countersigned by the Registry and the Vice-Chancellor.

2. That a matriculated student who has been engaged in Military Service or who has, in the opinion of the Council of the Senate, been engaged in service connected with the present war and passes a University examination or a portion thereof, shall be entitled to receive a certificate stating what examinations he has passed, signed by the Registry and countersigned by the Vice-Chancellor, and in the case of a Tripos signed also by the Chairman of the Examiners.

3. That Boards of Studies be empowered to determine what portion of a Tripos a candidate under these regulations may take, but a candidate may make application at the beginning of his first term of residence through the Chairman of the Board of Studies for the approval of a variation of the portion proposed.

4. That the names of candidates who satisfy the Examiners in the whole or a portion of a Part of a Tripos under these regulations shall be published in a separate list.

5. That these Regulations shall not apply to students who begin residence later than one year after the end of the "Emergency Period."

# Tripos Lists, 1911-20

\*.\* Selections from the earlier order of seniority from 1498 to 1747 and the Tripos Lists in full from 1748 to 1910 will be found in the *Historical Register*.

An asterisk is placed before the names of those who subsequently became Fellows of Colleges.

## Mathematical Tripos

The lists of candidates who obtain Honours in Part I are arranged in three classes, the names in each class being placed in alphabetical order.

The lists of candidates who obtain Honours in Part II are arranged in three classes of Wranglers, Senior Optimes and Junior Optimes, the names in each class being placed in alphabetical order. The mark (b) is attached to the names of those candidates who have satisfied the Moderators and Examiners in subjects of Schedule B. The mark (b\*) is attached to the names of those candidates who in the opinion of the Moderators and Examiners deserve special credit in subjects of Schedule B.

The letters *a, b, c, d, e* appended to the name of a candidate denote the Section for which the candidate is placed in the first class (*a* Literature and Criticism, *b* Philosophy, *c* History, *d* Archaeology, *e* Language). An asterisk after the letter denotes special distinction.

In Part I the names in each Division are arranged in alphabetical order.

The following Lists contain those names only which were upon the Boards of the Colleges on the last day of the Easter Term (June 24), 1920.

The plan upon which these names are arranged is, as far as possible, uniform, although as the traditional practice of the different Colleges varies, it has not been thought desirable to press for a rigid uniformity in every case. It is, however, generally true to say that the names of Fellows, Honorary Fellows, and former Fellows are arranged in separate groups in the order of their election; that Scholars and Exhibitioners appear as a rule in separate lists; and that names not in these categories are arranged in groups under the date of the highest Degree, the names in each group being in alphabetical order. The footnotes are supplied by the Colleges concerned.

Titular Degrees are printed in italics.

An alphabetical index to all names and Degrees is given on p. 942 and a separate list of members of the Senate whose names are not on the Boards of any College or Hostel will be found on p. 936.

ARMS: gold four (or three) pales gules with a border of the bishoprick of Ely (gules with eight or ten gold crowns). Since its incorporation in 1284 the College has used four different shields. The one at present borne was granted by Robert Cooke, Clarencieux King of Arms, in 1572. The arms are intended for those of the Founder.

New,—No. 7046, p. 132 (Printed in "Documents relating to the University and Colleges of Cambridge," Vol. II. pp. 6—116). The Statutes as approved by the Queen in Council 29th June, 1882, are printed in the London Gazette.*

THIS most ancient College or House was founded by HUGH OF BALSHAM, BISHOP OF ELY, for a Master and fourteen Fellows.

According to the Statutes of 1882, the Foundation consists of a Master, eleven Fellows, and twenty-three Scholars.

The Master, who is elected by the Fellows, must be a Master of Arts, or of some equal or superior degree, in the University of Cambridge or Oxford.

The Fellows are to be elected from among the Graduates of the College, or, if the Society think fit, from among the other Graduates of Cambridge or Oxford. One of the Fellowships is entitled a Professorial Fellowship, and can be held only by a Professor of the University. Fellowships are tenable for six years, unless in the following cases: any Fellow who becomes either the Head or a Fellow of another College immediately vacates his Fellowship in this College; any Fellow who has been presented by the College to any Benefice of the clear annual value of £400 or upwards shall vacate his Fellowship one year after presentation; any Fellow who serves the College, in one of

the privileged offices of Tutor, Assistant Tutor, Senior Bursar, or Dean, and has been a privileged Officer for at least two years, retains his Fellowship for six years independently of the time he has been a privileged Officer, and, if he holds such an office for twenty years, retains the Fellowship for life; any Fellow who holds a Professorship in the University or who holds the office of Public Orator, or Registrar, or University Librarian, retains his Fellowship notwithstanding the expiration of six years, while he holds such University office. A Fellow may, with consent of the College, resign the pecuniary emoluments of his Fellowship, and, retaining all its other privileges, become a Supernumerary Fellow: in this case the College proceeds to the election of a new Fellow. The College has power to elect to one Fellowship a person eminent for Science or Learning, whether a Graduate of Cambridge or Oxford, or not. The Master and Fellows may also elect any member of the College whom they think it desirable so to distinguish, to be an Honorary Fellow.

It is directed in the Statutes of 1882 that the Scholarships and Bye-Fellowships of the College shall be consolidated and form a common fund to be called the Open Scholarship Fund, out of which there shall be founded:—

|                                                         | £  |       |       |

Scholars are elected from among residents and non-residents. Foundation Scholarships are adjudged to residents (irrespective of age) according to the results of the various Annual College and University Examinations, for proficiency in Mathematics, Classics, Natural Science, Moral Science, Theology, Law, History, &c., and are tenable until the holder is of standing to take the Degree of B.A. Entrance Scholarships are adjudged after competition among candidates who have not commenced residence in the

University, and are not more than 19 years of age at the time of the Examination, of which due notice is given. Exhibitions may also be adjudged to candidates at the same competition, without limit of age.

In case of special merit the Master and Fellows have power to prolong the tenure of Scholarships; also to promote from one to another, or to confer upon a Scholar a second Scholarship in consideration of distinguished merit.

The Master and Fellows have also power to apply a certain part of the Open Scholarship Fund in donations to deserving students, whether Scholars or not. The income of the 'Hugo de Balsham Fund' is applied in aid of students engaged in advanced study or research.

There is an Exhibition from the Company of Clothworkers, and one from the Company of Ironmongers. To the Miller Exhibition the Master and Fellows elect some person educated at Huntingdon Free Grammar School, if any such duly qualified person presents himself; if not, some otherwise duly qualified person.

Prizes are awarded to those who are most successful in the various subjects of the Annual Examinations.

The Tait Prize is awarded periodically for an Essay on a subject in Mathematical or Experimental Physics.
